

## **WHO ARE THE HIRED CORPORATE AND POLITICAL PARTY ATTACK SERVICES AND THEIR GOONS?**

These are the people and companies that except cash, revolving door jobs, political appointments, insider trading stock in Silicon Valley tech companies, prostitutes and real estate in exchange for destroying the lives of others.

They deserve to be punished for the rest of their lives. Any company who is corrupt enough to hire anyone on the list, below, should be put out of business. These parties are responsible for 90% of the "Fake News" problem in the world.

They offer hit-jobs, character assassinations and economic reprisal programs to famous billionaires and corrupt politicians who are seeking revenge, retribution and vendetta executions:
