

ELON MUSK DECIDED WHO TO FIRE FROM TESLA BY SPYING ON THEIR EMAILS, SOCIAL MEDIA AND CREDIT CARDS

By Dawson Lindner

Elon Musk is a close political, investment and operational partner with the boys from Google. Google is a CIA-funded spy operation. Musk has regularly been caught spying on his employees. Now the employees are fighting back.

Musk has admitted he can spy on his cars:

Elon Musk 
@elonmusk

When you want your car to return, tap Summon on your phone. It will eventually find you even if you are on the other side of the country
