In the Federal Laws it states that Tesla had to have a certain rating to have gotten its federal funds:

BB-RATING

The facts now PROVE that TESLA did NOT qualify and had a horrible credit rating and the worst debt-ratio per U.S. Treasury staff. This means that Tesla could have only gotten it's taxpayer give-away cash if the White House had ordered Steven Chu to give them the cash "NO MATTER WHAT" in order to conduit cash to campaign financiers! That is a FELONY!
