Is Panasonic The Most Unethical Company in Tech?

Why did so many California, Nevada (ie: Harry Reid) and federal officials get money from Panasonic and it's front facades?

Elon Musk will do anything for dirty tech deal's to increase his wealth and self-promotion via taxpayer pig troughs. He loves to partner with the dirtiest name in electronics: **Panasonic**.

Apparently, twisted minds think alike. When will the FBI finally shut both of these bad actors down?

Panasonic kills workers, lies, runs corruption operations, dumps goods, builds toxic factories (Just like Elon Musk) and well, just take a look:
