

1 **THE LIES OF THE DEPT OF ENERGY - PART TWO**

2  
3 ***“ELON MUSK AND THE U.S. DEPT OF ENERGY ARE THE LARGEST PRODUCERS OF***  
4 ***BLACK SLAVERY AND CHILD LABOR IN THE WORLD”***  
5

6  
7 A shocking statement, to be sure, but today, on the Joe Rogan show over 11 million viewers heard  
8 the facts, looked it up for themselves, online, and found out it was TRUE!

9  
10 The lithium, cobalt, copper and Rare Earth ‘BLOOD MINERAL’ fields **TODAY** produce 100 times  
11 more rape, genocide, child labor, and toxic worker poisoning than all the cotton fields in the  
12 American Civil War.  
13

14  
15 Bernard Tse and over 40 of Elon Musk’s staff have told him this since 2007. Over 1000 Department  
16 of Energy staff and consultants have told Secretaries of Energy Chu, Moniz and Granholm this.

17 This horrific human rights abuse fact has been well known at the Department of Energy for over  
18 100 years but The Department of Energy is controlled by Silicon Valley Venture Capital  
19 Companies on Sand Hill Road in Palo Alto and California Senators who own Blood Mineral mining  
20 investments.  
21

22  
23 Today on the Rogan show, over 11 Million people heard these facts exposed, again, to the public.  
24

25 Elon Musk and the Department of Energy owe Black people reparation cash for these crimes.  
26  
27  
28

1 The United States Government and the Department of Energy owe Plaintiff reparation cash for  
2 sending White House “Plumbers” after him for reporting these crimes to authorities.

3  
4 Elon Musk and the United States Department of Energy lie, delay, defer and obfuscate this horror  
5 for one reason and one reason only: PROFITEERING!

6  
7 The proceeds of these dirty Blood Mineral mines are owned by the families of Harry Reid, Barack  
8 Obama, Joe Biden, Dianne Feinstein, Gavin Newsom and other notorious politicians. Their stock  
9 portfolio and FINCEN investigations prove it. These also happen to be the same the same people  
10 that tell the United States Department of Energy what to do and who are also invested in Elon  
11 Musk.  
12

13  
14 Interesting? A Coincidence? NO!

15  
16 They lie and cover-up these facts to make dirty profits! They make TRILLIONS OF DOLLARS IN  
17 PROFITS BECAUSE OF THEIR LIES.  
18

19  
20 They kill these workers for profits! There are a thousand other vehicle energy system solutions  
21 besides lithium ion but California Senator’s families don’t own any of those other, safer, domestic,  
22 non-national security risk, non-slave-produced options.

9

10 About 70% controlled by Chinese Companies.  
11

12 So you have TRILLIONS OF DOLLARS of PROFITS being protected by billions of dollars of PR  
13 lies, financed by the American taxpayers so that billionaires can buy private jets and ‘baby ovens’  
14 while putting black people in slave camps.  
15

16  
17 Elon Musk is well known to have anti-black roots and to be under a vast number of lawsuits from  
18 his own workers for horrific racism. The Department of Energy has never helped a black-owned  
19 electric car company and has always supported car companies with white male board’s of directors.  
20

21 The Department of Energy refuses to make a law or a hard rule that: A.) No battery minerals that  
22 enter the USA can come from any fields not certified and inspected by the United Nations as fair  
23 labor produced, B.) That no politicians or Dept of Energy staff can own energy and mining stocks  
24 which are actually quid pro quo bribes, C.) That the ULTIUM \$2.5B battery deal cannot proceed if  
25 it uses Blood Minerals.  
26  
27  
28

1 Department of Energy staff will not regulate these blood minerals slavery crimes because  
2 Department of Energy staff own these companies and are paid bribes in stock market perks, as quid  
3 pro quo.
