AN OPEN-SOURCE INTELLIGENCE AND WHITE COLLAR CRIME FORENSICS WIKI

Every Time We Shave Billions Of Dollars Off Of The Bad Guys Stock Market Valuations: We All Win!

Our Single Most Deadly Weapon Is: **THE TRUTH!**

What Does This Evidence, & The Filed Law Enforcement Data, Prove?

- That a business cartel of men operate a racketeering operation, as a criminal "*enterprise*", between Silicon Valley & Washington – DC, that manipulates elections, news & taxpayer funding policies via organized collusion in violation of RICO, anti-trust & other laws and regulations.

- That this cartel is comprised of warped, megalomaniac, sexually addicted & abusive people, many of whom met and conspired at Stanford University, who protect each other with billions of dollars of cover-ups involving the bribery of Senators with insider trading stock & covert, 'Dark Money' campaign financing.

- That this cartel receives hundreds of billions of dollars of profits from their crimes, much of it re-routed from the US. Treasury. Their lust for power & money causes them to stoop to extortion, black-lists, government funding blockades & other crimes, in order to gather their ill-gotten gains at the expense of the public.

- That FINCEN, Interpol, The SEC, ICIJ.org, and our investigators, have tracked all of the stock market payola accounts, bribes and payola between all of the public officials, which any court may ask to see.

- That these suspects, who are mostly White House officials, federal agency bosses & members of Congress, defrauded the victims out of tens of millions of dollars via their crony-corruption, insider-trading, stock market scams. They then ordered attacks on the victims when the victims told the FBI, Congress & FTC about the crimes.

- That the Suspects refuse to allow a jury trial, they have blockaded their victims legal rights, they run reprisal attacks using government agencies & taxpayer resources & refuse to pay earned benefits & compensation in vendetta for getting their corruption exposed. Victims have worked in related government programs & known perpetrators intimately for decades. The victims, and expert witnesses can swear, warrant and certify to the veracity of these assertions in front of a Jury and/or Congress.

- That the investors of Google, Facebook, Twitter, Amazon, Ebay, Netflix & a related set of Silicon Valley monopolies conspire in these efforts to manipulate the stock market, lie to advertisers & bias all digital news & information, globally, to push their selfish ideologies.
- That Senators Pelosi, Feinstein, Boxer, Harris, Reid have an active criminal participation in, & benefit from, these efforts & that they, in fact, along with Steven Chu had illicit dealings with offshore financiers & they are paid with insider trading stock, revolving door jobs, & other covert payola.
- That Google, Facebook & Twitter have rigged & manipulated U.S. elections since Barack Obama was elected.
- That the U.S. Department of Energy & the U.S. Department of Justice were used as an illicit slush-fund by the Obama Administration to pay campaign financiers & to sabotage their competitors.
- That government officials hired &/or financed &/or directed deadly economic & character assassination hit jobs against those who reported these crimes using attack services from IN-Q-Tel, Gawker Media, Jalopnik, Gizmodo Media, K2 Intelligence, WikiStrat, Podesta Group, Fusion GPS, Google, YouTube, Alphabet, Facebook, Twitter, Think Progress, Media Matters, Black Cube, Mossad, Correct The Record, Stratfor, ShareBlue, Wikileaks, Cambridge Analytica; the owners of whom have been proven to have accepted compensation for such hatchet job services.
- That the "*The PayPal Mafia*" is an actual Cosa Nostra-like operation that exploits sex cults, prostitutes, gay rent boys & market rigging as illicitly as the old Chicago "Mob".
- That Tesla Motors is a criminal Dark Money front that "cooks the books", lies about safety issues & runs sabotage campaigns through Musk's massive use of Russian bots, trolls, stock shells & his covert manipulations with Google's Larry Page, Sergey Brin, Kent Walker, David Drummond & Eric Schmidt.
- That the evidence proves that agency officials play a game of "pass-around" to other agencies when this matter is reported to them in order to stall, delay, stone-wall, obfuscate, cover-up & hide the political embarrassment of these crimes.
- That the evidence proves that Department of Energy & White House officials lied through their teeth, hundreds of times, in order to benefit their crony friends & campaign financiers & sabotage their competitors. It was proven in thousands of news reports, documentaries, FBI reports, Congressional investigations, leaked documents, insider reports & our own eye-witness testimony.
- That the evidence proves the assertions of corruption, stock-market manipulation, monopoly, industry gate-keeping, character assassination, revolving-door job payola at Silicon Valley tech companies, tax evasion & more.
- The evidence proves that the government reviewers and government officials involved with victims applications were insider trading in the stock market against the victims. They were getting paid to destroy the victims financial future with stock market perks and payola from victims competitors.
- That it is proved, via investigators & law enforcement peers, that no investigator can find any past reviewers of this case who were not hand-picked by the "Cartel". Victims, and news media, have asked Congress to provide any evidence that this case has been fairly reviewed in the past, without bias.
- FBI-class associates have not found a single entity in these case reviews or determinations who was not either: financed by, friends, with, sleeping with, dating the staff of, holding stock market assets in, promised a revolving door job or government service contracts from, partying with, personal friends with, photographed at private events with, exchanging emails with, business associates of or directed by; one of those business adversaries, or the Senators & Department of Energy politicians that those business adversaries pay campaign finances to, or supply political digital services to.
- That, from 2008 forward, The White House & The Department Of Energy were controlled by the Silicon Valley tech oligarchs! That is a violation of the law, the Constitution & the American Way & we have proved that.
- That Elon Musk is a "mobster" that rigs politics, & the stock market, & lies about everything. He is protected by hundreds of lawyers, investment bankers, PR hypsters & lobbyist/operatives & hundreds of public officials who get paid in stock market perk-bribes & other payola.
- That rare earth mining is a six trillion dollar political corruption scandal that California politicians cover-up because they own the stock in them. That lithium batteries are deadly, explosive, toxic fume causing, genocide causing, child labor causing, devices owned, in part, by California politicians!
- That the main way political bribes are paid, these days, is with hidden stock market assets!
- That tech oligarchs & California senators hire character assassins & hit job attackers to harm citizens who speak out!
- That Solyndra was raided by the FBI and the numbers and facts uncovered were tracked back to White Presidential campaign financiers. U.S. taxpayers lost over \$500M, on Solyndra alone. After receiving a massive amount of federal dollars, the company mysteriously disappeared. Solyndra was using indium mined from Afghanistan. Tesla & Solyndra sit on the same plot of land which Senator Feinstein's family owns interests in. Tesla was using lithium mined from Afghanistan. Ener1 was using lithium mined from Afghanistan. After receiving a massive amount of federal dollars, the company mysteriously disappeared. U.S. taxpayers have, to date, lost over \$6 Trillion dollars on Afghan war mismanagement. Senator Dianne Feinstein lobbied for government funds to be given to Tesla & Solyndra. Her family held HR, land contract, construction, stock & other upside assets in both of those companies. Fisker was using lithium mined from Afghanistan. After receiving a massive amount of federal dollars, the company mysteriously disappeared. Abound Solar was using indium mined from Afghanistan. After receiving a massive amount of federal dollars, the company mysteriously disappeared. The U.S. Secretary of Energy had personal, financial & political relationships with each of the companies who were given federal cash that he controlled. He sabotaged every single other applicant, who, coincidentally, were the competitors to his friends who he awarded the taxpayer cash to.
- That this evidence, & the associated hard drives & witness testimony, will stand up as sworn, certified, warranted testimony in any federal jury trial, grand jury hearing, RICO Racketeering corruption trial &/or live televised Congressional hearing.
- That, given equally resourced, & financed, legal support & proper security protection, many hundreds of person's are willing to swear & warrant to the veracity of these assertions.
- That New York State, California State & Washington, DC elected officials, in particular U.S. Senators, did criminalize the domestic public policy system in order to acquire personal profits & monopolize industry markets for themselves & their friends.
- That the investment firms of Goldman Sachs; Kliener Perkins; Draper Fisher Jurvetson; GreyLock Capital; & other venture firms participated in these schemes in violation of organized crime laws.
- That U.S. Senators Reid, Feinstein, Harris, Boxer, Pelosi, & other Senators, participated in these schemes in violation of organized crime laws.
- That U.S. Attorney Generals Holder, Harris, Schniederman, & other Attorney Generals, participated in these schemes in violation of organized crime laws.
- That certain senior law enforcement officials received full & complete crime reports & law violations disclosures about these crimes & stalled investigations, covered-up the crimes & tampered with evidence in order to protect their political friends & profit monetarily.
- That the members of this technology cartel "Mafia" group are selected for their social, physical & family similarities which include the tendency to engage in sociopath behavior, rape, sex abuse & sex-extortion, misogyny, tax evasion, money laundering, real estate fraud, racism, bribery, patent theft & other deviant behavior.
- That Google's VC's & executives, who are part of this cartel, plan & manually run election manipulation programs, privacy abuse, search engine rigging & militaristic information manipulation for personal profiteering at the expense of the public.
- That the Obama Administration used the U.S. Department of Energy as a campaign financier payola slush fund.
- That U.S. elected political officials hire & manage third party services to run reprisal campaigns against taxpayers & that those character assassination providers include: IN-Q-Tel, Think Progress, Black Cube, Podesta Group, EDS, Stratfor, Fusion GPS, IN-Q-Tel, Media Matters, Gawker Media, Gizmodo Media, Syd Blumenthal, & other attack services which are illicitly compensated with laundered taxpayer resources.
- That the bribes & profiteering conduits for this scam are ignored by compromised FEC bosses & include: Dark Money fronts; family trust floats; shell corporation layering; insider trading in tech companies; revolving door jobs at Netflix, Google, etc; prostitutes; sports suites; political campaign search engine rigging, bot attacks & other illicit payola. fund by the Obama Administration to pay campaign financiers & to sabotage their competitors.
- That the AI forensics of the FBI, Clearview, Yandex, NSA & thousands of other robotic investigation tools have been chugging away for years accruing all of the key connections, bank

accounts, financial records, phone calls, payments to hookers & more. The journalists have produced thousands of hours of proof videos & tens of millions of pages of news reports. We have acquired vast amounts of eye-witness proof. Congress has published a huge number of reports proving our charges. The FBI, SEC & FTC have huge numbers of reports proving our charges. Millions of pages of leaked documents prove the charges. Your own staff whistle-blowers prove the charges!

- Victims demand Government-provided legal counsel, a jury trial & compensation for damages, expenses, back-salaries & monies owed. To be paid by the Defendants.

- Victims demand an end to the use of SSA, HUD, DOE, IRS & other government agencies for political reprisal vendettas & demand full retroactive payments of all stalled benefits, rights & resources that were with-held to punish victims for whistle-blowing.

- Victims demand the arrest & prosecution of the attackers. The attackers have been identified, by name, to the FBI, DOJ, (Because the crimes cross state lines) FTC, SEC, & other enforcement entities. We have also provided their names (Including Denton, Covert, George, Darbyshire, Podesta, In-Q-Tel, etc.) to the CIA, NSA, Interpol, DIA & related international agencies because the crimes involve international trafficking, money-laundering, tax evasion, bribery & related criminality. We have demanded that those agencies investigate, place under surveillance, interview & forensically trace each attacker back to the command-&-control top-level financier of their attacks. The evidence in the identification of the attackers compensation providers contains absolute proof of the RICO & Anti-Trust law violating Cartel operations. Nobody else in the world suffered these attacks, by these attackers, who were all financed by, & in partnership with, the same entity. Those forensic connections, from attackers-to-their bosses, expose all of the criminals in the Cartel!... **READ MORE**

TO KILL A GIANT (LINK AND SHARE)

OUR OPENING STATEMENT TO THE JURY:

We witnessed over 40 members of Congress take bribes via stock market shenanigans in order to monopolize and profiteer off of Department of Energy, HUD and other agency cronny payola. We have the **impossible-to-refute, incontrovertible evidence but they are blocking us from having a hearing because they know we have the goods on them!**

Does a crime that rakes in a trillion dollars a day seem like a pretty big thing?

Every few hours someone is murdered for less than fifty dollars. What do you think people would do, even the most famous people, to get their hands on a trillion dollars of cash per day.

Where can you even find a bank or a store or...anything, that runs through trillions of dollars per day?

It's called THE STOCK MARKET! Yes! Did you know that trillions of dollars, per day, flow through the financial system known as "the stock market"?

Do you actually know how this "**Stock Market**" works? Can you run it? Can you operate the "Stock Market"? You can sign up for a trading account with some service and coat-tail onto the financial residue of the .05% that do run the stock market but no normal person can do anything but watch and hope to catch a few scraps.

To put this in perspective, there are only 8 billion people on Earth. With a trillion dollars per day you could give each and every person on the planet enough money, every day, to change their lives.

With that kind of money, the bad guys in this case buy Hollywood and sports super stars to have sex with that they shop for on Instagram, they buy private jets, they fly to super parties to get more sex and drugs, they have Cocaine Uber'd to their homes, they buy private sex islands, they have 4 star dinners made for them nightly, they spent \$100,000.00 per month to have the mainstream media glorify their facades, and most of all, they buy America's democracy.

The bad guys in this case are chemically and clinically addicted to their sex, drugs and *Game of Thrones* greed for power.

We, and various news and law enforcement entities, have used AI to track the money from bribe-to-benefit, from politician-to-family-member and from quid-pro-quo to policy-promotion. The numbers don't lie: only the politicians do!

This group of people operate a crime syndicate enterprise, known as a "**Cartel**" to control this stock market for their own personal benefit using the money from private taxpayer citizens. That is known as a "**Scam**".

This group of people are White House executives, government agency bosses, U.S. Senators and the Big Tech oligarchs who finance and engage in covert quid pro quo with them. We met, worked with, lived with and witnessed their crimes and schemes. We saw them solicit and take bribes. We saw them use government offices to control digital media, lie to voters, run censorship and rig government process to only help themselves and to destroy their competitors. They defrauded us. They defrauded the nation and they will never, ever, get away with it!

By comparing records and files from FINCEN, FBI, FTC, SEC, Congressional Investigators, ICIJ, FEC, Interpol, CIA, DOJ, ProPublica, and other sources, one can easily see that political officials own Google, Tesla, Facebook, YouTube, Instagram, et al, (AKA "The Tech Cartel" or, in legal terms: "The Enterprise"). This explains why those companies have been exempt from regulation and prosecution. Those public officials and tech company oligarchs have exchanged millions, and millions, of dollars between themselves and their families for unjust gain via political profiteering.

They were all either financed by, friends with, sleeping with, dating the staff of, holding stock market assets in, promised a revolving door job or government service contracts from, partying with, personal friends with, photographed at private events with, exchanging emails with, business associates of or directed by; our business adversaries, or the Senators and politicians that those business adversaries pay campaign finances to, or supply political digital search manipulation services to. Criminal U.S. Senators coordinated and profited in these schemes. Their own family members have now supplied evidence against them. You don't hear about this, much, in the "main-stream news" because nearly half of Congress, White House staff and government agency bosses own the stock in the news broadcasters and receive billions of dollars of financing from them.

Many witnesses, including us, have now sworn, warranted and certified to federal law enforcement about the details of these crimes. Many of those whistle-blowers were former executives in "The Tech Cartel".

This is not about politics. It is about felony crimes! Our government representatives are business partners with our biggest, and most corrupt, enemies and make decisions based on greed, not duty!

YOUR POLITICIANS ARE TAKING STOCK MARKET INSIDER TRADING BRIBES THROUGH THE DEPARTMENT OF ENERGY, AND OTHER GOVERNMENT AGENCIES.

HERE IS THE PROOF OF THEIR CRIMES, CORRUPTION AND PAYOLA!

Here are over 100,000 reports, by over 10,000 investigators, proving that they are lying political mobsters and that we are telling the truth about their crimes!

HERE IS THE HARD EVIDENCE PROVING THE POLITICAL CORRUPTION CLAIMS BETWEEN SILICON VALLEY OLIGARCHS AND CALIFORNIA SENATORS AND OTHER TOP POLITICIANS

Prepared For Jury Trials And Congressional Hearings - This Is Not About GOP Vs. DNC, This Is About ORGANIZED CRIME In Public Office

Have you noticed that **none** of the current decisions in politics help you and your family? The current Washington DC and Sacramento policy decisions only help the politicians, and their insider Big Tech financiers, with their insider stock market profits!

Your Senators and public officials own the insider companies that they give government money, tax breaks, exclusive government contracts and other perks to. They make government decisions based on influence peddling, revolving door jobs and stock market quid pro quo from those insider companies. Google, Twitter, Tesla, Facebook, LinkedIn, Netflix and the tech Cartel are all of the same guys, in the same Northern California counties, with the same little group of dirty bankers, CPA's, lobbyists, hookers, rent-boys and payola deals with Senators. It is an organized crime Cartel using our government like a civil garage sale of greed and corruption. They sabotage outsiders and those who compete with their company investments. They order the government agencies, who are supposed to prosecute them, to 'take-no-action'. They are political mobsters.

Ever since 2008, The United States Department of Energy has been used as a scam crony insider slush-fund to give quid pro quo payola to political financiers. All of the Dept of Energy people own the stock of Elon Musk's companies and his Silicon Valley Big Tech insiders. On this site you can see a list of over 1000 illicit and fraud charges against Musk but Musk's **Payola Politicians** (ie: Feinstein, Harris, Pelosi, Newsom) protect him from prosecution. The Dept of Energy blockades competitors to Musk because DOE staff have engaged in the largest insider trading scam in history.

[TO KILL A GIANT](#)

PAYBACK IS A BITCH... WE HAVE BROUGHT A CROWD-SOURCED FORENSICS TEAM OF MILLIONS OF WEB CITIZENS TOGETHER TO BANKRUPT THE SILICON VALLEY CARTEL:

Our Team has hunted down almost every single person, company and organization that financed, ordered, operated and participated in the RICO-violating, Antitrust law violating attacks on us. Using Federal law enforcement and intelligence community techniques, technologies and officials we have systematically brought each, and every, one of them to one form of justice, or another. Our survivors, now part of a crowd-sourced worldwide public anti-corruption campaign, will continue our very effective effort for as long as the internet lasts. All those Big Tech layoffs and financial failures are the first wave!

THE SILICON VALLEY CARTEL CORRUPTION CASE – REMOVE THESE CRIMINAL SCUM-BAGS FROM PUBLIC OFFICE!

The "**Silicon Valley Cartel**" is what happens when criminally corrupt politicians in the White House, Congress and public agencies are allowed to do crimes without being prosecuted by law enforcement.

The politicians, mostly from California, formed a dynastic "enterprise", which is illegal under the RICO Racketeering laws. The dirty Senators and Congress people arranged for personal stock market profits, jobs and other perks to only go to themselves and their families.

The **families** of the Silicon Valley Cartel include: **A.)** The corrupt insider Senators, governors, mayors and government agency staff; **B.)** The Big Tech propaganda and stock manipulators: Google, LinkedIn, Netflix, Tesla, YouTube, Twitter, Facebook, Elon Musk, Steve Jurvetson, John Doerr, Tim Draper, etc. that they own stocks with; **C.)** Their media assassin operatives: Google, Fusion GPS, Black Cube, Gawker, Gizmodo, Media Matters, Adrian Covert, Nick Denton, etc.; **D.)** Their corrupt 'soldiers': Wilson Sonsini, MoFo, Lobbyists, Panama Papers-type CPA's, et al.

Per one federal witness:

"The U.S. Government hired us to fix America's energy infrastructure. The mission was accomplished and we were one of the few teams to not go bankrupt or embezzle the funds in the Cleantech Crash. Then the U.S. Government asked us to invest our life savings and years of our time, in a follow-on project. We did and we were defrauded out of our life savings and years of our time because the government had secretly hard wired the money and market access to our competitors, who almost every official involved, on the government's side, covertly owned the stock of, and partied with. After we helped law enforcement and regulatory agencies investigate this corruption, White House and Congressional executives paid for a multi-million dollar vendetta/revenge series of attacks on us in reprisal. We sued in Washington, DC, for corruption, and were the first people to win a case, of this kind, against federal corruption, per a Supreme Court judge.

From 2005, forward, we, and other whistle-blowers, told the Department of Energy and The White House that: 1.) Lithium ion batteries become deadly explosive as they age; 2.) That special interest public officials covertly owned the lithium ion industry stocks and covered up the dangers to protect their profits; 3.) That making the chemicals for lithium ion relied on child labor, rape, genocide and 'blood minerals'; 4.) That most of the minerals to mine for lithium ion were inside of nation's that hated the USA; 5.) That there were not enough mineral deposits on Earth to service the car market with lithium ion without causing wars and massive corruption; 6.) That fumes from lithium ion batteries on fire are deadly and cancer-causing to people and unborn babies; 7.) That water makes lithium ion batteries explode and fireman can't put them out when they set your car on fire; and 40+ other dangers. Those warnings were intentionally and maliciously covered up because famous Senators and government agency heads covertly own stock market interests in Tesla, Fisker and their suppliers. Every single one of our warnings has turned out to be 100% accurate, as history has proven.

In reprisal, government officials cut off the whistle-blowers social security income; hacked their computers and phones; hired Google, Black Cube and Gawker Media to run global media attacks; ran finance black-lists and engaged in other classic political dirty tricks operations as revenge for reporting the crimes. The attackers used the same exact tactics and suppliers that they use against Presidential candidates, in each election cycle, because full revelation of the reported crimes would have forced a change of Administration at The White House. The crooked politicians and their operatives make their profits in corruption schemes based on trillions of dollars of stock market insider trading and quid pro quo.

Now we want our damages paid and every single one of the crooks put out of business, fired and/or indicted. Investigators have prepared FBI-grade dossiers on every single perpetrator, politician, operative and political financier oligarch involved."

Per Zap Automotive:

"...We didn't think that such organized crime crony insider BS still happened in America... but it does..."

Per one former FBI agent:

"...when we (The FBI) raided Solyndra in Fremont, California we did not realize that the investigations would lead all the way back to the White House..."

Per a top aide to Rahm Emanuel:

"...this whole thing was a House Of Cards...I regret ever working with these corrupt White House people..."

YOU CAN SHUT DOWN POLITICAL CORRUPTION AND THE BRIBERY OF POLITICIANS VIA BIG TECH INSIDER TRADING!

Unmitigated Snark, Metaphor, Analogy, Parody, Black-Listed Facts, Stuff That Google Shadow-Bans, Hard Evidence You Can Verify For Yourself And Anti-Corruption Details Freely Deployed.

Much of this news Wiki is from folks blogging about their eye-witness experience with political corruption, cronyism, insider trading bribes and Silicon Valley's sex trafficking.

Our best-practices process for trolls, shills, media assassins, stalkers, honey-traps, moles, attackers and competitors who chose to CHEAT-RATHER-THAN-COMPETE:

Without breaking a single law, and WITH the help of the largest law enforcement and investigative resources on the planet, we have had every single attacker, including some of the largest entities in the world, hunted down, prosecuted and punished!

We use lawsuits, federal investigations, news reports, whistle-blowers, new public regulations, anti-trust filings, FBI criminal referrals, stock-devaluations, tens of millions of crowd-sourced citizen sleuths, AI-based forensics and other tools. We file complaints, case files, background dossiers and reports with: The FBI, The DOJ, FINCEN, Interpol, The SEC, The FTC, The OSC, The OGE, The FEC, The Attorney General's, The Inspector General's, The EU investigation agencies, The New York Times, ProPublica, ICIU.org, The IRS, and a vast number of other news, regulatory and law enforcement entities. We follow-up with them and make sure they are moving on the targets we designate.

When contracted opposition research groups and hired cyber-thugs attack us, our investigators will find every person and organization on the globe that hates them and assist them. An attack on us will cost the attackers billions of dollars in stock market losses. If they bring a knife to the fight, we will bring a bazooka with unlimited forensic and media ammo.

YOUR POLITICIANS ARE TAKING STOCK MARKET INSIDER TRADING BRIBES AND HERE IS HOW YOU CAN CATCH THEM AND STOP THEM!

Have you noticed that none of the current decisions in politics help you? The current Washington DC and Sacramento policy decisions only help the politicians with their insider stock market profits!

Corrupt political California dynasty families conspire to give government funds, contracts, tax waivers, buildings, stock market profits and other insider perks to themselves and their friends. They also conspire to blockade, harm, sabotage and black-list those who compete with them and their friends. These corrupt politicians are never prosecuted for their crimes, and can laugh in the face of those who point out their crimes, because they control the prosecution system. Their Quid Pro Quo criminal corruption is the single largest cause of the taxpayer hatred of Congress.

Are you sick of the dirty corporations, Silicon Valley Oligarchs And YOUR OWN Senators [engaging in these crimes using YOUR tax dollars?](#)

All of these assertions have been proven in court records, federal investigations, Congressional charges, 60 Minutes segments, news documentaries, document and email leaks, and thousands of other sources. The facts are undeniable and can be proven, AGAIN, in live televised Congressional hearings!

YOU CAN WIPE THEM OUT USING 100% LEGAL PUBLIC FORENSICS!

In all of recorded history, there has never been so much taxpayer cash given to so few people, where each, and every, one of the recipients was a friend of the politician giving away the taxpayer cash and everyone who got the cash immediately skimmed "unjust profits" and shut down the business.

Want to help end the tech oligarch's rape of society? Never, EVER: use, read, quote, link to, paste from, or refer to; anything on corrupt and contrived: T-Mobile - Twitter, Google - Alphabet - Facebook - Meta - Instagram - Netflix or YouTube! Don't expand their reach! Don't be their digital bitch! Stop being an addict to Silicon Valley's social media scam! Keep the battery out of your phone so Big Tech can't continue to spy on you. Did you know you CAN'T turn an iPhone off. Apple iPhone's pretend to be "off" but still monitor you with reserve power. The government should shut these companies down but they don't because these companies pay the largest bribes on Earth to politicians!

Demand that Congress shut down these big tech abusers that cause child suicides, bullying, sex trafficking, money laundering, tax evasion, political bribery, election manipulation and other social crimes. Twitter, Facebook, Google, Netflix, YouTube spy on you and rape your mind by serving manipulated content choices requires by automatically creating covert user dossiers made by spying on users' content consumption preferences and continually changing them based on psychological analysis of the users. Spy agency-type profiles created by Twitter, Facebook, Google, etc. use abstract content-specific features of the consumed content, such as categories, topic models, and entities, which they automatically extract using NLP methods. They are aggregating these features per user at scale based on what rich white Democrat ideology Google programmers want. In particular, it is impractical to store the entire dynamic history of a user's interaction features, requiring the companies to use biased algorithms that selectively decay information in favor of a more liberal political representation. The more it scales, the more racist, sexist, classist, misogynistic and politically biased it gets.

The history books teach that San Francisco was founded by **Prostitutes, Pirates And Gangsters**. That crowd still runs San Francisco, even in modern times. These criminals expanded south of San Francisco to Silicon Valley based on Stanford University institutionalizing and teaching business corruption to sociopath frat boys. They then took their circus of bribery and insider trading to Washington, DC and the rest is history.

For example: All of the money that the U.S. Department of Energy gave out during the Obama and Biden Administrations only went to the friends and financiers of the Obama and Biden Administrations. Nobody that applied for the money, that competed with the friends and financiers of the Obama and Biden Administrations were cut-off and de-funded. The staff and politicians in the Obama and Biden Administrations owned the stocks of those few who got funded and went to work for them after they left Washington. It was as blatant a quid-pro-quo revolving door scam as anyone had ever seen. (ie: Solyndra, Tesla, Abound, Abengoa, etc)

In another example: Feinstein's family owned and controlled A.) Government trained attack 'spies' formerly with the CIA, NSA, etc., B.) The leasing contracts for Tesla and Solyndra, C.) Their office staff that threatened competitors in writing and in-person, D.) the financing for Tesla and Solyndra, E.) The construction services for Tesla and Solyndra, F.) The staffing company for Tesla and Solyndra, G.) The adjacent railroad services for Tesla and Solyndra, H.) Key suppliers for Tesla and Solyndra, I.) Goldman Sachs cooperative relationships for Tesla and Solyndra, J.) Transitions from their own Senate Office staff to revolving door jobs at Tesla and Solyndra, K.) Government decisions for Tesla and Solyndra, L.) The relationship incentives between Google, Tesla and Solyndra and that Senator's campaign financing to that Senator; and other illicit conflicts of interest. Her husband: Dick and her daughter: Kathy, even confessed to these schemes to a whistle-blower, while being recorded. Competitors owned the competing electric car companies and technology that would have obsoleted Tesla, Google and Solyndra and was the first to begin negotiations with the factory that Tesla later took over at the insistence of that Senator, even though Elon Musk appears in news reports, previously stating that he saw no use for the building for Tesla. Feinstein put a hit job on them to protect her own stock market shares.

Silicon Valley has had the largest number of Congressional hearings against it, BUT the least number of regulations imposed on it. Why? You can look no further than the covert ownership of Silicon Valley by elected officials. Our politicians get paid bribes, by Silicon Valley, to keep the political corruption alive and well while they operate, with impunity, as the biggest threats to society ever manifested.

While the FBI, FTC, DOJ and FEC are supposed to objectively prosecute this case, it is impossible for them to be objective when their raises, promotions, house payments and stock market profits are entirely determined by the individuals we are charging with these crimes.

SUE THE PERPS IN SMALL CLAIMS COURT IN YOUR TOWN! IT IS EASY AND IS WAY FASTER THAN WAITING FOR THE FEDS TO TO SOMETHING ABOUT CORRUPTION!

THE CORE OF THE POLITICAL CORRUPTION WE ARE FIGHTING

Federal investigators and the nation's top investigative journalists revealed that **your** politicians, and government officials at various agencies, particularly the Department of Energy, Congress and the White House, were either: **financed by; friends with; sleeping with; dating the staff of; holding stock market assets in; promised a revolving door job or government service contracts from; partying with; personal friends with, photographed at private events with; exchanging emails with; business associates of, or directed by; applicant's business adversaries; or the Senators and agency politicians that those business adversaries pay campaign finances to, or supply political digital search manipulation (ie: Google & Facebook supply web manipulation rigging) services to. For example, in one of our biggest cases, every person involved in reviewing, or managing the Department of Energy program worked for, or owned, the competitor, in total violation of RICO and anti-trust laws.**

Over 100 government employees and contractors (ie: <https://www.dailywire.com/news/read-it-fbis-brutal-draft-letter-firing-disgraced-agent-peter-strzok-revealed>) have been fired for corruption but it has barely made a dent in the criminal stock market schemes of the politicians.

Every main member of the Department of Energy is an investor in Tesla Motors or lithium batteries owned by Silicon Valley. Steven Chu went to work at a lithium battery company. Dating Game actress Jennifer Granholm owns Proterra lithium. They only allow White House political financiers to get funds and Dept of Energy insiders sabotage their competitors. This is proven by their voting records, family stock ownerships, campaign funding and other financial records. The Department of Energy is used as a political payola SLUSH FUND to pay off oligarchs in exchange for political campaign support because it is easy to conduit cash from the DOE to Russian, Chinese and Silicon Valley Oligarchs.

As if that was not bad enough, the investigators also detailed the bribes that these politicians took in order to harm the taxpayers and competitors who were competing with the companies that these politicians covertly owned.

These bribes include: A.) Billions of dollars of Google, Twitter, Facebook, Tesla, Netflix and Sony Pictures stock and stock warrants which is never reported to the FEC; B.) Billions of dollars of Google, Twitter, Facebook, Tesla, Netflix and Sony Pictures search engine rigging and shadow-banning which is never reported to the FEC; C.) Free office, airfield and condo rent; D.) Male and female prostitutes; E.) Cars; F.) Dinners; G.) Party Financing; H.) Sports Event Tickets; I.) Political campaign printing and mailing services "Donations"; J.) Secret PAC Financing; K.) Jobs in Corporations in Silicon Valley For The Family Members of Those Who Take Bribes; L.) "Consulting" contracts from McKinsey as fronted pay-off gigs; M.) Overpriced "Speaking Engagements" which are really just pay-offs conducted for donors; N.) Private jet rides and use of Government fuel depots (ie: Google handed out NASA jet fuel to staff); O.) Real Estate; P.) Fake mortgages; Q.) The use of Cayman, Bona Des Tores, Swiss and related money-laundering accounts; R.) Bribes to Stanford officials to admit their kids to college; S.) The use of HSBC, Wells Fargo, Goldman Sachs and Deutsche Bank money laundering accounts and covert stock accounts; T.) Free spam and bulk mailing services owned by Silicon Valley corporations; U.) Use of high tech law firms such as Perkins Coie, Wilson Sonsini, MoFo, Covington & Burling, etc. to conduit bribes to officials; and other means now

documented by forensic experts, FINCEN, The FBI, the FTC, The SEC, The FEC and journalists.

By far, the biggest bribery tactic used by these people is stock market Dark Money exchanges. Every One of these financial scam tricks (https://www.sec.gov/files/Algo_Trading_Report_2020.pdf) is used daily by the suspects in this case via their insider teams at Goldman Sachs, etc. We can all only hope that the Great Stock Crash of 2022 wipes them all out as Karma for their abuses of Democracy.

Here are the stock manipulation tricks these politicians, and their families, use:

**** The Silicon Valley Stock Scam Called: "Pools"**

Agreements, often written, among a group of traders to delegate authority to a single manager to trade in a specific stock for a specific period of time and then to share in the resulting profits or losses.[5] In Australia section 1041B prohibits pooling. (https://en.wikipedia.org/wiki/Market_manipulation#cite_note-5)

**** The Silicon Valley Stock Scam Called: "Churning"**

When a trader places both buy and sell orders at about the same price. The increase in activity is intended to attract additional investors, and increase the price.

**** The Silicon Valley Stock Scam Called: "Stock bashing"**

This scheme is usually orchestrated by savvy online message board posters (a.k.a. "Bashers") who make up false and/or misleading information about the target company in an attempt to get shares for a cheaper price. This activity, in most cases, is conducted by posting libelous posts on multiple public forums. The perpetrators sometimes work directly for unscrupulous Investor Relations firms who have convertible notes that convert for more shares the lower the bid or ask price is; thus the lower these Bashers can drive a stock price down by trying to convince shareholders they have bought a worthless security, the more shares the Investor Relations firm receives as compensation. Immediately after the stock conversion is complete and shares are issued to the Investor Relations firm, consultant, attorney or similar party, the basher/s then become friends of the company and move quickly to ensure they profit on a classic Pump & Dump scheme to liquidate their ill-gotten shares. (see P&D)

**** The Silicon Valley Stock Scam Called: "Pump and dump"**

A pump and dump scheme is generally part of a more complex grand plan of market manipulation on the targeted security. The Perpetrators (Usually stock promoters) convince company affiliates and large position non-affiliates to release shares into a free trading status as "Payment" for services for promoting the security. Instead of putting out legitimate information about a company the promoter sends out bogus e-mails (the "Pump") to millions of unsophisticated investors (Sometimes called "Retail Investors") in an attempt to drive the price of the stock and volume to higher points. After they accomplish both, the promoter sells their shares (the "Dump") and the stock price falls, taking all the duped investors' money with it.

**** The Silicon Valley Stock Scam Called: "Runs"**

When a group of traders create activity or rumours in order to drive the price of a security up. An example is the Guinness share-trading fraud of the 1980s. In the US, this activity is usually referred to as painting the tape.[6] Runs may also occur when trader(s) are attempting to drive the price of a certain share down, although this is rare. (see Stock Bashing) (https://en.wikipedia.org/wiki/Guinness_share-trading_fraud)

**** The Silicon Valley Stock Scam Called: "Ramping (the market)"**

Actions designed to artificially raise the market price of listed securities and give the impression of voluminous trading in order to make a quick profit.[7] (https://en.wikipedia.org/wiki/Market_manipulation#cite_note-7)

**** The Silicon Valley Stock Scam Called: "Wash trade"**

In a wash trade the manipulator sells and repurchases the same or substantially the same security for the purpose of generating activity and increasing the price.

**** The Silicon Valley Stock Scam Called: "Bear raid"**

In a bear raid there is an attempt to push the price of a stock down by heavy selling or short selling.[8] (https://en.wikipedia.org/wiki/Market_manipulation#cite_note-8)

**** The Silicon Valley Stock Scam Called: "Lure and Squeeze"**

This works with a company that is very distressed on paper, with impossibly high debt, consistently high annual losses but very few assets, making it look as if bankruptcy must be imminent. The stock price gradually falls as people new to the stock short it on the basis of the poor outlook for the company, until the number of shorted shares greatly exceeds the total number of shares that are not held by those aware of the lure and squeeze scheme (call them "people in the know"). In the meantime, people in the know increasingly purchase the stock as it drops to lower and lower prices. When the short interest has reached a maximum, the company announces it has made a deal with its creditors to settle its loans in exchange for shares of stock (or some similar kind of arrangement that leverages the stock price to benefit the company), knowing that those who have short positions will be squeezed as the price of the stock sky-rockets. Near its peak price, people in the know start to sell, and the price gradually falls back down again for the cycle to repeat.

**** The Silicon Valley Stock Scam Called: "Quote stuffing"**

Quote stuffing is made possible by high-frequency trading programs that can execute market actions with incredible speed. However, high-frequency trading in and of itself is not illegal. The tactic involves using specialized, high-bandwidth hardware to quickly enter and withdraw large quantities of orders in an attempt to flood the market, thereby gaining an advantage over slower market participants.[9] (https://en.wikipedia.org/wiki/Market_manipulation#cite_note-9)

**** The Silicon Valley Stock Scam Called: "Cross-Product Manipulation"**

A type of manipulation possible when financial instruments are settled based on benchmarks set by the trading of physical commodities, for example in United States Natural Gas Markets. The manipulator takes a large long (short) financial position that will benefit from the benchmark settling at a higher (lower) price, then trades in the physical commodity markets at such a large volume as to influence the benchmark price in the direction that will benefit their financial position.

**** The Silicon Valley Stock Scam Called: "Spoofing (finance)"**

Spoofing is a disruptive algorithmic trading entity employed by traders to outpace other market participants and to manipulate commodity markets. Spoofers feign interest in trading futures, stocks and other products in financial markets creating an illusion of exchange pessimism in the futures market when many offers are being cancelled or withdrawn, or false optimism or demand when many offers are being placed in bad faith. Spoofers bid or offer with intent to cancel before the orders are filled. The flurry of activity around the buy or sell orders is intended to attract other high-frequency traders (HFT) to induce a particular market reaction such as manipulating the market price of a security. Spoofing can be a factor in the rise and fall of the price of shares and can be very profitable to the spoofer who can time buying and selling based on this manipulation.

**** The Silicon Valley Stock Scam Called: "Price-Fixing"**

A very simple type of fraud where the principles who publish a price or indicator conspire to set it falsely and benefit their own interests. The Libor scandal for example, involved bankers setting the Libor rate to benefit their trader's portfolios or to make certain entities appear more creditworthy than they were.

**** The Silicon Valley Stock Scam Called: "High Closing (finance)"**

High closing is an attempt to manipulate the price of a security at the end of trading day to ensure that it closes higher than it should. This is usually achieved by putting in manipulative trades close to closing.

**** The Silicon Valley Stock Scam Called: "Cornering the market"**

In cornering the market the manipulators buy sufficiently large amount of a commodity so they can control the price creating in effect a monopoly. For example, the brothers Nelson Bunker Hunt and William Herbert Hunt attempted to corner the world silver markets in the late 1970s and early 1980s, at one stage holding the rights to more than half of the world's deliverable silver.[10] (https://en.wikipedia.org/wiki/Market_manipulation#cite_note-TEXAS-10) During the Hunts' accumulation of the precious metal, silver prices rose from \$11 an ounce in September 1979 to nearly \$50 an ounce in January 1980.[11] (https://en.wikipedia.org/wiki/Market_manipulation#cite_note-NYT-11) Silver prices ultimately collapsed to below \$11 an ounce two months later,[11] much of the fall occurring on a single day now known as Silver Thursday, due to changes made to exchange rules regarding the purchase of commodities on margin.[12] (https://en.wikipedia.org/wiki/Market_manipulation#cite_note-TimeBubble-12)

**** The Silicon Valley Stock Scam Called: "The Conduit Double Blind"**

In this scam, government money is given to a Tesla, Solyndra, etc. who then money launder the cash through executive-held 501 c3 and c4 charities; and company assets and then provide DARK MONEY cash and services to political campaigns like Obama and Clinton election funds. In the case of Tesla, Google (an investor and boyfriend of Musk) supplied billions of dollars of web search rigging. Stock ownership in the companies and deals is traded for campaign funds. David Brock is a master of this kind of Dark Money money-laundering for political campaigns using PACS and pass-through spoofing. Tesla and Solyndra investors have used ALL of the above tactics and more. Goldman Sachs and JP Morgan have thousands of staff who PROVIDE these stock market manipulation tricks to people like Elon Musk, Larry Page, Eric Schmidt, et al. These kinds of financial crimes and corruption account for the manipulation of over ONE TRILLION DOLLARS of ill-gotten profits annually!

If you are a citizen: DEMAND THAT THE SEC BE GIVEN THE POWER TO ARREST THESE CROOKS!

The next biggest bribe payment tactic is the character assassination of the politicians opponents and competitors via "kill services".

THE MEDIA ASSASSINS THAT THE WHITE HOUSE AND SENATORS, LIKE PELOSI, HARRIS, REID AND FEINSTEIN HIRE:

POLITICAL KILL ORDERS AND STATE-SPONSORED CHARACTER ASSASSINATIONS

– How A Modern Character Assassination and Political “Kill Order” Is Executed By the Silicon Valley Oligarchs and their total control of propaganda media. Patrick George At Jalopnik attacks outsiders under contract with Elon Musk and the DNC. Silicon Valley campaign finance oligarchs hire him to run hatchet jobs on innocent outsiders and then Gawker-Gizmodo-Jalopnik uses their financial partnership with the DNC’s Google to push the character assassination articles to the top of Google web products and searches.

— Patrick George, Adrian Covert, John Hermann and Nick Cook are the sexually degenerate cabin boys that report to boy-loving sleaze-tabloid oligarch Nick Denton. They created the Fake News crisis in the media by flooding the internet with defamation posts and reprisal hatchet job articles designed to damage political enemies of the Socialists. They coordinate a large number of the character assassination efforts at Gawker, Gizmodo, Jalopnik, CNN, New York Times and other propaganda outlets. These Millennial boys are “Media Rapists” and should be treated as abusers.

– How and why did a Donald Trump stripper-date named “Stormy” or an Elon Musk sex party or a Kavanaugh drinking incident or the Moonves and Weinstein indiscretions suddenly hit the news at about the same time in news history?

– In addition to actual murder, Politicians and Silicon Valley Oligarchs hire operatives to end people’s lives in other creative ways.

— It is all part of the modern trend in vendetta, revenge and political payback when a Senator or a tech oligarch issues a “kill order” on an opponent. – The client does not like to get their hands dirty so the actual social hit job is performed by companies such as: IN-Q-Tel – (DNC); Gawker Media – (DNC); Jalopnik – (DNC); Gizmodo Media – (DNC); K2 Intelligence – (DNC); WikiStrat – (DNC); Podesta Group – (DNC); Fusion GPS – (DNC/GOP); Google – (DNC); YouTube – (DNC); Alphabet – (DNC); Facebook – (DNC); Twitter – (DNC); Think Progress – (DNC); Media Matters – (DNC); Black Cube – (DNC); Mossad – (DNC); Correct The Record – (DNC); Sand Line – (DNC/GOP); Blackwater – (DNC/GOP); Undercover Global Ltd (DNC/GOP) Stratfor – (DNC/GOP); ShareBlue – (DNC); Wikileaks (DNC/GOP); Cambridge Analytica – (DNC/GOP); Sid Blumenthal- (DNC); David Brock – (DNC); PR Firm Sunshine Sachs (DNC); Covington and Burling – (DNC), Buzzfeed – (DNC) Perkins Coie – (DNC); Wilson Sonsini – (DNC) and hundreds of others...These are the people and companies that except cash, revolving door jobs, political appointments, insider trading stock in Silicon Valley tech companies, prostitutes and real estate in exchange for destroying the lives of others.

– These attackers deserve to be punished for the rest of their lives for taking away the lives of others in exchange for cash. Any company who is corrupt enough to hire any of these assassins should be forced out of business.

— These attack services are responsible for 90% of the “Fake News” problem in the world because they are the authors of most fake news. Congress must act to make these kinds of companies illegal! – These digital assassination services offer hit-jobs, character assassinations and economic reprisal programs to famous billionaires and corrupt politicians who are seeking revenge, retribution and vendetta executions.

— Google, Facebook, LinkedIn, Twitter and YouTube are simply fake web sites designed to collude in the manipulation of political information. They are coordinated propaganda and stock market manipulation sites.

– In the case of reporters getting targeted for attacks, President Donald Trump has been accused by the liberal corporate media of whipping up a hateful frenzy against the press. But while CNN’s Jim Acosta grandstands against Trump, real journalists are still reeling from the draconian extrajudicial measures that Barack Obama and his administration used to target them for exposing truth.

– This secretive targeting occurred while Obama speechwriter and hate-filled ANTIFA supporter Ben Rhodes was running “Operation Echo Chamber,” which reportedly continues, in which he fed information to willing corporate media scribes. “They literally know nothing,” Rhodes said of the twentysomething journalists he easily manipulated.

— The Freedom of the Press Foundation’s Trevor Timm published documents showing how former attorney general Eric Holder changed the rules to more effectively intimidate and surveil members of the press.

– Timm writes: “Today, we are revealing—for the first time—the Justice Department’s rules for targeting journalists with secret FISA court orders. The documents were obtained as part of a Freedom of Information Act lawsuit brought by Freedom of the Press Foundation and Knight First Amendment Institute at Columbia University.”

– Obama is also clearly linked to the plot to obtain fraudulent FISA warrants on President Trump’s team, as evidenced by Peter Strzok and Lisa Page’s texts confirming that Obama was overseeing their fly-by-night operation.

– Larry Schweikart reported for Big League Politics: For months pundits and researchers have been pondering the mystery of the FISA approval that led to the illegal and historically titanic scandals to ever hit the U.S. government.

— Some have argued that Assistant Attorney General Rod Rosenstein knew the FISA was bogus when he extended it. Others have wondered if Special Counsel Robert Mueller knew about the fraudulent basis of the FISA when he used it, in part, to indict Michael Flynn. Other still, that Mueller was fooled by the FBI. This is what President Trump calls “SPYGATE”. – It may well be that the surveillance that was conducted began with UK intelligence services and then was fed back to the White House of Barack Obama. Here’s the kicker: President Barack Obama did not need a FISA warrant to authorize spying/electronic surveillance on Trump because Obama all along had legal authorization to by-pass the normal court vetting process. According to 50 U.S. Code 1802, the “Electronic Surveillance Authorization” () “Foreign intelligence in relation to a US person (Trump or his associates) is information that’s necessary for the US to protect against attack, hostile acts, sabotage, . . . as well as other clandestine activities by a foreign power . . . OR . . . information relevant to national defense/security of the US, or the conduct of foreign affairs of the U.S.” Such an authorization by Obama required certification by Attorney General Loretta Lynch that must be logged with the FISC court. (“The [AG]+ shall immediately transmit under seal to the court [FISC] a copy of his certification.”)

– In short, the DOJ has this. If we are correct, a copy of that certification is currently under seal at least with the DOJ and the FISC.

– This is what they are hiding. – However, the Act requires the AG to keep the Select Committee on Intelligence and the Senate Committee on Intelligence informed of these authorizations and unmaskings therein. See 1803 (a) (1) (C) If indeed this is what happened, did Lynch report—or only selectively report—to the committees in a way that excluded non-friendlies? Can you see why Adam Schiff, Mark Warner, and their ilk are terrified?

– These are the playbook tactics that Senators and tech oligarchs most often use to destroy the lives of their political and business enemies: – Government agency bosses sometimes solicit the target victims with false promises of future loans, contracts or grants from their agency and cause the target victims to expend millions of dollars and years of their time for projects which those government bosses had covertly promised to their friends. They use the target victims as a “smokescreen” to cover their illegal government slush-funds for the victims competitors and personal enemies.

— By using this tactic, the attackers can drain the target victims funds and force them into an economic disaster in plain view of everyone without the government bosses fearing any reprisal for their scam.- Every match.com, okcupid.com, Plenty Of Fish, Seeking Arrangements and all other IAC-owned, or similar, dating sites (IAC is managed by Hillary Clinton’s daughter) have had their profiles, texts, and inter-member communications, since those companies were started, hacked or purchased. The attack service providers use Palantir and In-Q-Tel financed data analysis software to analyze every activity in those dating services in order to find honey-trap, blackmail, sextortion and social conflict exploitation opportunities.

If you had a bad date with someone, that someone will be hunted down and convinced to help harm, #metoo or “rape charge” the intended target. All dates involve a search for sex, so the likelihood that a sexual disappointment experience will exist in each persons dating history is high. Searching every past dating email and text of a subject is quite easy with modern software and hacking techniques. A synthetically amplified, PR-agency optimized sex scandal can destroy any target. Your dating experiences from the 70’s or 80’s will come back to haunt you decades later. Most dates involve drinking alcohol and taking drugs. If you were unattractive or had bad sexual skills your bad date will be called “date rape”, “drugging your date for sex” and related twisted narratives that are designed to shame you, the target.

— If you try to get a date in the future, your potential date will be contacted by a third party who will slander and libel you to make sure your potential first date gets cancelled. Your social life will, essentially, end. Every photo on every dating site is cross checked with every other photo on the internet in order to cull your Facebook, LinkedIn, Snapchat and other social media together to create a total psychological manipulation profile data file on you. A single photo on a dating site can be cross searched on every mugshot archive, photo album and corporate database in the worth within minutes using modern super-computers. Your sex life will be on public record in a flash.- Social Security, SSI, SDI, Disability and other earned benefits are stone-walled. Applications of targets are “lost”.

— Files in the application process “disappeared”. Lois Lerner hard drive “incidents” are operated in order to seek to hide information and run cover-ups.

– Government officials and tech oligarchs contact members of the National Venture Capital association (NVCA) and created national “black-lists” to blockade target victims from ever receiving investor funding. This was also confirmed in a widely published disclosure by Tesla Motors Daryl Sira and in published testimony. If Silicon Valley political campaign finance oligarchs black-list you (see the “AngelGate” Scandal and the “High Tech No Poaching Class Action Lawsuit” cases) you will never get investor funding again.

– FOIA requests are hidden, frozen, stone-walled, delayed, lied about and only partially responded to in order to seek to hide information and run cover-ups.- State and federal employees will play an endless game of Catch-22 by arbitrarily determining that deadlines had passed that they, the government officials, had stonewalled and obfuscated applications for, in order to force these deadlines that they set, to appear to be missed. This can bankrupt a target victim.- Some Victims found themselves strangely poisoned, not unlike the Alexander Litvenko

case.

--- Heavy metals and toxic materials were found right after their work with the Department of Energy weapons and energy facilities. Many wonder if these "targets" were intentionally exposed to toxins in retribution for their testimony. The federal MSDS documents clearly show that a number of these people were exposed to deadly compounds and radiations, via DOE, without being provided with proper HazMat suits which DOE officials knew were required.

- Victims employers are called, and faxed, and ordered to fire target victims from their places of employment, in the middle of the day, with no notice, as a retribution tactic. - On orders from Obama White House officials, DNC-financed Google, YouTube, Gawker Media and Gizmodo Media produce attack articles and defamation videos. Google locks this attack media on the internet on the top line, of the front page of all Google searches for a decade in front of 7.5 billion people, around the world.

--- This attack-type uses over \$40 million dollars in server farms, production costs and internet rigging. The forensic data acquired from tracking some of these attacks proves that Google rigs attacks against individuals on the internet and that all of Google's "impressions" are manually controlled by Google's executives who are also the main financiers and policy directors of the Obama Administration. This data was provided to the European Union for its ongoing prosecution of Google's political manipulation of public perceptions. - Victims HR and employment records, on recruiting and hiring databases, are embedded with negative keywords in order to prevent the victim targets from ever gaining future employment. - Gary D. Conley, Seth Rich, Rajeev Motwani and many other whistle-blowers in these matters, turned up dead under strange circumstances. It is very possible that some of these attack services, operated by former CIA operatives, even offer discrete murder-for-sale services using high-tech assassination tools that make murders look like heart attacks and brain failures.

--- Disability and VA complaint hearings and benefits are frozen, delayed, denied or subjected to lost records and "missing hard drives" as in the Lois Lerner case. - Paypal (A DNC-biased operation) and other on-line payments for on-line sales are de-platformed, delayed, hidden, or re-directed in order to terminate income potential for target victims who competed with the attackers interests and holdings. - DNS redirection, "website spoofing" sends target victims websites to dead ends where no sales orders or customer inquiries actually get back to the target. These internet revenue activity manipulations are conducted using Google and Amazon servers. All commercial storefronts and on-line sales attempts by target victims, will have had their sites hidden, or search engine de-linked by a massively resourced facility located in Virginia, Texas or Palo Alto, California in order to terminate revenue potentials for the target victims.

--- Over 50,000 trolls, shells, botnets and synth-blog deployments are deployed to place defamatory statements and disinformation about victims in front of 7.5 billion people around the world on the internet in order to seek to damage their federal testimony credibility by a massively resourced facility.

- Campaign finance dirty tricks contractors are hired by campaign financiers to attack the friends and family members of the target victim in order to create low morale for the target victims psyche and motivation. - Are you getting weird headaches and hearing a "buzzing sound" in your head? The U.S. Government has now acknowledged that the Cuban, Chinese and other embassy "sonic attacks" are from a known microwave beam weapon. Any one of the technical departments of the attack services listed at the top of this article can build such a biological harassment weapon.

--- It can be aimed at the target victims office, bedroom or vehicle and, within a week, have caused biological and emotional damage using a weapon that has no visible track of trajectory. It is designed to make the target victim think they are "going crazy" or "hearing sounds in their head".

--- In one case covert political partner: Google, transferred large sums of cash to dirty tricks contractors and then manually locked the media portion of the attacks into the top lines of the top pages of all Google searches globally, for years, with hidden embedded codes in the links and web-pages which multiplied the attacks on Victims by many magnitudes. - Covert Cartel financier: Google, placed Google's lawyer: Michelle Lee, in charge of the U.S. Patent Office and she, in turn, stacked all of the U.S. Patent Office IPR and ALICE review boards and offices with Google-supporting employees in order to rig the U.S. Patent Office to protect Google from being prosecuted for the vast patent thefts that Google engages in.

--- Google has hundreds of patent lawsuits for technology theft and a number of those lawsuits refer to Google's operations as "Racketeering", "Monopolistic Cartel" and "Government Coup-like" behaviors. Thousands of articles and investigations detail the fact that Google, "essentially" ran the Obama White House and provided over 80% of the key White House staff. A conflict-of-interest unlike any in American history. Google's investors personally told Applicant they would "kill him". Google and the Obama Administration were "the same entity". Applicant testified in the review that got Michelle Lee terminated and uncovered a tactical political and social warfare group inside Google who were financed by Federal and State funds.

--- Honeytraps and moles were employed by the attackers. In this tactic, people who covertly worked for the attackers were employed to approach the "target" in order to spy on and misdirect the subject. - Gawker Media, Gizmodo Media, Snopes, SPLC and other hired media assassins will be retained to produce "hatchet job" character assassination articles about you. Then those articles will be faxed, mailed and emailed to your employer and investors with a note saying: "You don't want to have anything to do with this person, do you.?" in order to get you fired from your job and get your loans or financing pulled. The attackers will use their round one attack media, that they authored, to create a round two second wave attack designed to end your life via economic warfare.

--- Mortgage and rental applications will have had red flags added to them in databases to prevent the targets from getting homes or apartments. - Krebs On Security, Wired, Ars Technica, The Wall Street Journal and most major IT publications have reported that hundreds of spy "back-doors" have been found on every Intel, AMD, Apple, Xfinity, Cisco, Microsoft, Juniper Networks motherboard, chip-set and hardware component set.

--- This means that any kid with the "key" code can open any computer, server, router, cloud-network or other network connected device and read every file, photo, video, your calendar and email on your devices at any time from any location on Earth. The key codes have been released to every hacker community in the world for over ten years. There is now no government, corporate or personal data that can't be hacked, even data from decades ago.

Every single one of your darkest secrets can be in the hands of your enemy within 60 minutes, or less. Important meetings you had planned with potential investors, employers, clients, dates, suppliers and others will suddenly get cancelled at the last minute. They will get cancelled because your enemies are reading your calendar remotely and covertly sending slander information to those you had hoped to engage with in order to sabotage your life.

--- Nothing you have ever typed on a computer or Smartphone is safe. it WILL be acquired and it WILL be used against you.

- McCarthy-Era "Black-lists" are created and employed against target victims who competed with Obama Administration executives and their campaign financiers to prevent them from getting funding and future employment.

- Obama Administration targets were very carefully placed in a position of not being able to get jobs, unemployment benefits, disability benefits or acquire any possible sources of income. The retribution tactics were audacious, overt, and quite illegal.

- There are thousands of additional Dirty Tricks tactics being used by these Attack Services yet Congress refuses to pass laws out-lawing such attack services.

--- The cost of an attack on a person ranges from \$150,000.00 to over \$50,000,000.00. While a Silicon Valley billionaire can afford to launch counter-measures to these attacks, any regular taxpayer will be utterly destroyed, and incapable of fighting back, against even the smallest version of one of these "kill orders".

--- A number of modern office shootings are the results of these attacks against an individual who has lost everything because of the attack and has no options left. - Federal law enforcement, the United States Congress and the highest level investigators in the U.S., and abroad, have documented (per the "FISA Memo", Congressional Reports and federal employee testimony) and proven the fact that the Obama Administration regularly engaged in the operation of retribution, vendetta and reprisal campaigns known as "hit-jobs" against domestic natural born U.S. citizen domestic taxpayers.

--- The Federal Court, in at least one previous court case, has ruled that Applicants, in this particular matter, were the victims and target of a number of these attacks designed to inflict permanent medical, emotional, character assassination, brand negation, economic and career damage. The FBI has been asked to interview John Cook, Nicholas Guido Denton, Adrian Covert, Patrick George, Ian Fette and John Hermann of Gawker/Gizmodo re: their financing, payola and hit-job attacks on third parties.

WHAT IS THE BIGGEST CORRUPTION ISSUE?

Famous politicians and their Big Tech financiers joined forces to manipulate government Dept of Energy, HUD, EPA and other funds, and stock market rigged "pumps" into their own pockets in the last two "stimulus" funds.

There has never been so much taxpayer cash given to so few people, where each, and every, one of the recipients was a friend of the politicians. Those who got the cash immediately skimmed "unjust stock market profits" with it and paid kick-backs to the politicians.

Almost every competitor to the insiders, was attacked and sabotaged using state and federal resources. The victims demand justice and restitution for the government investment fraud, loss of years of their lives under a false federal pretext, harassment and interference they suffered. The victims seek to be compensated for the malicious, proven, retribution tactics, lies, toxic exposures, vendetta cut-offs of all earned government funds and benefits, tort-based interference, "missing hard drives" and interdiction efforts conducted, with applicants own tax dollars, against the applicants.

This is a felony-class slush-fund crime that has cost taxpayers trillions of dollars in losses and has cost Plaintiffs many tens of millions of dollars in damages and losses.

Big investment banks like J.P. Morgan, Goldman Sachs, et al. coordinated these schemes with money laundering, tax evasion, offshore covert funds and other financial trickery. FinCEN, Interpol, FBI, GAO, and most other investigators, have proof of these assertions but they have been stalled from making arrests. The money-tracks go right back to the politicians families from the bank accounts of Google, Facebook, Tesla, Netflix, Sony Pictures, etc; forensic accounting records. Government agencies were in charge of making sure these crimes did not happen but they chose to 'steal instead of serve'! They chose to help these crooks 'cheat instead of compete'!

The politicians that the taxpayers EMPLOY do not get to make hundreds of millions of dollars in crooked profits off of government funds that are supposed to help citizens under duress. They won't let us have a jury trial or a live Senate hearing because they know they will lose and they will be shamed!

They dug their own graves and now it is up to the voters to bury them in the next election!

The Truth About Cars That Nancy Pelosi And Dianne Feinstein Never Want You To See

There is only enough lithium and cobalt in the world for only the top richest people in the world to EVER afford electric cars. There are 1.5 billion cars in the world. There is only enough lithium ion battery raw material for a tiny percentage of those cars at affordable prices.

Almost all of the lithium and cobalt exists in foreign countries that hate the U.S.

To mine it, child slave labor is used and massive genocide-class corruption exists around those mines.

It will eventually run out totally and the previous materials will no longer be able to be recycled.

Silicon Valley, Goldman Sachs and California politicians push for lithium ion batteries because they own the stock of all the lithium mines. The last heads of the U.S. Department of Energy secret owned lithium battery companies.

The lithium/Cobalt chemicals in the world will only last another 30 years at the current rate of use.

Even the biggest companies in the world: GM and LG, won't build stupid lithium ion batteries unless the Dept of Energy bribes them to build those worthless batteries.

You can make fuel cell hydrogen from any ocean or lake water, natural gas or any organic waste garbage. Those raw materials will last another 1000 years.

Silicon Valley, Goldman Sachs, Panasonic and California politicians spend thirty billion dollars a year blockading hydrogen fuel cells and running blogger campaigns against them.

A lithium ion car and/or battery blows up every minutes. A fuel cell car never blows up.

The U.S. Department of Energy has known these facts for decades but would rather lie to the public so it's political buddies can profiteer today, rather than prepare for tomorrow!

Hydrogen fuel cells hold the true promise. A great deal of energy can be stored in a relatively small amount of hydrogen. Plus, refueling can be done relatively quickly. Pumping more hydrogen simply takes a bit longer. It doesn't scale as badly as recharging a large battery, where higher power delivery is required, along with large uprated cables and connectors. While storage and refueling of hydrogen was once a difficult proposition, the last decade has seen companies like Toyota and Hyundai invest in maturing the technology.

The fast refueling time is really the key to hydrogen's potential in the trucking world. There isn't an electric vehicle on Earth that can add 727 kilometers of range in under an hour. Even if there was, it would likely require cabling and connectors rated for a megawatt or more. However, with hydrogen, Hyundai can offer quick refueling and long range while keeping emissions clean and green.

The other issue is weight. Semis can carry whatever they want up to the aforementioned gross 37,200 kg for Class 8 trucks. Weight carried in batteries directly competes with cargo, and while Tesla still hasn't released any weight data, it's likely that battery weight alone is in the 10,000 kg – 15,000 kg range. Compared with a fuel load of 67 kg of hydrogen, even if there is significant weight reduction in the cab and the motors, Hydrogen makes the most economic sense.

Hydrogen may yet be the ideal solution for cleaning up the heavy truck fleets of the world. That may be via fuel cell trucks, or perhaps via hydrogen-burning combustion engines which aren't quite as clean. Challenges remain around the production of hydrogen from clean sources, though they're not insurmountable. As for the lack of refuelling stations, it's not as big a deal for commercial operators, which are often in the habit of refuelling from specific depots already.

THE SILICON VALLEY CARTEL

Silicon Valley is a closed-loop echo-chamber run by insane tech oligarchs who are so rich, from their government sponsored monopolies, that they can't be stopped from doing the bad things that they do to society and culture.

They can't be stopped because they pay bribes, via covert PAC's and stock market scams, to every member of Congress and government agency bosses and all of the government officials protect them in order to keep their payola coming. They don't know the meaning of "NO" because they always do what they want and they have thousands of tech law firms to delay, defer and obfuscate any attempt to stop them.

The only hope of slowing them down is for consumers to stop using their products but most consumers are too dumb to research that. Additionally, Google; Musk; Netflix; Twitter; Kleiner Perkins; Greylock; Draper; Facebook; etc., hide their products under thousands of other brand names, shell companies, subsidiaries and other facades to keep you from knowing who the source of those spying, lying, unsafe, manipulative, socially abusive products really come from.

Unless each citizen takes on each board member at each of these companies: Nothing Will Change!

Together we can all join forces to bring our nation to the best possible tomorrow!

HERE ARE OTHER ORGANIZATIONS IN THE ALLIANCE THAT YOU CAN PARTNER WITH, JOIN AND/OR FUND TO HELP SUPPORT OUR EFFORTS TO END POLITICAL CORRUPTION ACROSS THE NATION:
