

NANCY PELOSI SAYS IT'S 'UNJUST AND CRUEL' TO ARREST ILLEGAL ALIEN SEXUAL PREDATORS

BY BRIAN ANDERSON

ICE agents rounded up a bunch of illegal aliens in California over the weekend, including sexual predators and violent assaulters. Nancy Pelosi went on record calling the normal enforcement of our laws “unjust and cruel.” I can’t say I’m surprised that the top House democrat sides firmly with rapists and violent criminals over Americans. These illegals, after all, are future Democratic Party voters and Pelosi certainly loves playing to her base.

[Fox News](#) reports:

The four-day raid in the San Francisco Bay Area led to the arrest of 232 illegal immigrants, 180 of whom Immigration and Customs Enforcement said “were either convicted criminals, had been issued a final order of removal and failed to depart the United States, or had been previously removed” from the country and had come back illegally.

The arrests included 115 who “had prior felony convictions for serious or violent offenses, such as child sex crimes, weapons charges and assault, or had past convictions for significant or multiple misdemeanors.”

You’d think that even a whacked-out liberal who believes illegal aliens have a right to be in this country would welcome getting these violent offenders off the streets, but that’s underestimating how truly brain-dead the left is. Here’s how Pelosi saw things:

“Just last week, President Trump decided to terrorize innocent immigrant families in the Bay Area with his unjust and cruel raids,” said Pelosi.

Unjust means something that isn’t based on fairness or rightness. Illegal aliens are in the country, well, illegally so enforcing our existing immigration laws is definitely just. But these weren’t run-of-the-mill illegal aliens, they were violent criminals who assaulted and raped people. How does Pelosi figure these criminal scumbags are innocent families? As for cruelty, they were arrested for breaking the law, and that makes a trifecta of words that Nutty Nancy doesn’t understand.

Pelosi actually had more insanity to spew. In regards to the Justice Department’s lawsuit against California’s “sanctuary state” policies that harbor illegal aliens and interfere with federal enforcement of immigration laws, she had this to say:

Pelosi said it marked "a new low" from the Trump administration and said the president was abusing the legal system "to push his mass deportation agenda."

"The people of California will not be bowed by the Trump administration's brazen aggression and intimidation tactics. Californians will continue to proudly keep our doors open to the immigrants who make America more American. We will fight this sham lawsuit and will fight all cowardly attacks on our immigrant communities," said Pelosi.

I'm a California resident and I don't want this state flooded with illegal aliens. In fact, I want every last one of them sent packing. I can't be alone in wishing that we don't harbor millions of law-breaking scumbags, even in the liberal hellhole of California.

And while we are dissecting the insanity of Pelosi, what's up with that line about illegal aliens making America more American? These people are not Americans, don't respect our laws or culture, and can't even speak English. I don't doubt that's the America Pelosi wants, but that's not one anyone else in the country is keen on. Also, she should know that if these illegals take over the country like she wants, the first thing they are going to do is rape all the rich white women.

Like illegal aliens, leftists too are a direct threat to sovereign ar Republics.

Illegal alien rapists and murderers are defended and supported leftist politicians. And it is the leftist politicians like lunatic SanF who MUST be prosecuted and jailed for the felonious behavior criminality committed by them.

And those politicians harboring illegal aliens in sanctuary cities be prosecuted and jailed, too.

The lame-brain pelosi is the proverbial nothing burger....it has i nothing but harm on this country.

whitman asked in his final writing that his brain be autopsied.
whitman knew he was sick. A brain tumor was found.

WE know that the pelosi is sick. Before that wretched beast cr
even more harm, its brain should be dissected.

Btw, it is NO fun after breakfast opening an article wherein a hi
photo of the pelosi is displayed in all its horror.
It is, I would imagine, like looking outside of the tent and seeing
wolf.
