13 Things People Say Are Bad About Twitter

1. It is always losing money

2. Only kids use it and get bored with it after 5 months

3. Anybody over 35 doesn't see the point of it

4. Too many spam tweets

5. It puts you on the radar of every spy agency on Earth

6. It makes you report yourself to the spy agencies

7. It makes you report yourself to marketing companies

8. It makes you report yourself to data harvesters

9. It shows you off to potential stalkers and hackers

10. It rapes your privacy with your own keyboard, 140 letters at a time

11. The staff are always quitting or getting fired

12. Political parties use it to manipulate votes

13. At first you think people are finally listening to you but, later, you find it is like your vacation snapshots: Absolutely nobody cares about your Tweets.
