SILICON VALLEY'S COORDINATED MASS MEDIA MANIPULATION OF THE PUBLIC

Corrupt political families conspire to give government funds, contracts, tax waivers, buildings, stock market profits and other insider perks to themselves and their friends. They also conspire to blockade, harm, sabotage and black-list those who compete with them and their friends. These corrupt politicians are never prosecuted for their crimes, and can laugh in the face of those who point out their crimes, because they control the prosecution system. Their Quid Pro Quo criminal corruption is the single largest cause of the taxpayer hatred of Congress.

News outlets in our country exhibit the widespread "criminality" and "defamation tactics" of a mostly corrupt news media landscape. The Gawker/Gizmodo/Jalopnik tabloid empire is nothing more than an organized info-crime operation backed up by offshore money-laundering through Russia and the Ukraine.

---- Despite widespread recognition of their deceptive conduct, fools still read these trash publications.

---- There are massive conflicts of interest related to many news media outlets' conglomerate-ownership as well and industry figures' financial and familial links to companies, interests, and people they ostensibly report on.

---- 'Fake news' isn't the proper term. It's the 'propaganda arm of the Silicon Valley Socialist oligarchs' In most cases.

---- There are only about 7 men who control all of the news and media in America. That's right! If you trace the media ownership in America, it all comes down to control by a few crazy old white boys -

--- It's no different than the Chinese Communist Party [and] the propaganda they put out. It's no different than what the Soviet Union did with the old Pravda media, and, quite frankly, it's no different than how Putin controls the media today, where 95 percent of his media in Russia is propaganda for the Putin regime. It's the same thing here with The Washington Post, NY Times, CNN, Hearst publications and all of the media owned by Hollywood and Silicon Valley.

---- Partisan news media should be treated as such. News media outlets such as the CNN, the New York Times, and the Washington Post regularly describe themselves as "politically objective and non-partisan." In reality they are a propaganda machine for sick Silicon Valley oligarchs.

---- The information institutions are corrupt. For example, Elon Musk is one of the most corrupt men in the world yet the socialist propaganda news media won't cover any of his crimes and corruptions in their publications because he pays political bribes to keep his dark side hidden in their media.

---- The public should not hurt legitimate news media outlets by engaging with and speaking to corrupt propaganda operations. One should only speak with genuine news media and not reward unethical companies with their time.

---- The following diagrams show what various independent researchers have discovered: The Manipulation Techniques Of Silicon Valley Media Outlets

---- A common tool Google, Facebook and Twitter use to exert control over their victims.

---- We all use manipulation at some point in our lives, whether it be telling a little white lie to get out of a situation, or using flattery to get what we want. For some people, however, using manipulation is a way of life, and their first weapon in an arsenal of techniques to overpower their victims.

---- Who is at risk from the Silicon Valley media predators? Predators use a range of manipulation techniques in order to control their victims, but they often target certain types of personalities. This is because they want to be able to easily manipulate a person, and particular vulnerabilities in a person lend themselves to manipulation. You are more likely to become a victim of a media predator if you have low self-esteem, are naïve, easy to please, lack an assertive native and have no confidence in yourself.

---- Here are 20 of the most common news pundit manipulation techniques:

---- 1. Lying - Predators are constantly lying about practically everything in their life. They do this to wrong-foot their victim

and confuse them. Lying is one of the manipulation techniques psychopaths typically use because they have no qualms about it.

---- 2. Not telling the whole story - This is different to lying as a predator will often keep a key part of the story to themselves in order to put their victim at a disadvantage.

---- 3. Frequent mood swings - Never knowing what mood your partner is going to be in when you get home, whether they'll be happy or angry is a very useful tool to the predator. It keeps their victim off balance and makes them more malleable.

---- 4. Love-bombing and devaluation - Narcissists typically use love bombing as a manipulation tactic, they will go on a charm offensive and get you hooked into thinking this is the best relationship ever, then they'll drop you like a ton of bricks without explanation.

---- 5. Finger Pointing Punishment - This can include anything from constant nagging, shouting, the silent treatment, physical violence and mental abuse. ---- 6. Facts Denial - Often the simplest way a predator will manipulate a person is by denying the thing they are accused of ever happening.

---- 7. Spinning the truth - How many times have politicians twisted the facts to suit themselves? This spinning of the truth is often used to disguise bad behaviour by predators such as sociopaths.

---- 8. Minimising The Urgency - Where a predator will try and play down their actions as not important or damaging and shift the blame onto the victim for overreacting.

---- 9. Plays the victim - The manipulator will themselves take on the role of victim in order to gain sympathy and compassion from those around them. We as humans are naturally drawn to helping people when they are suffering.

---- 10. Targets the victim - When a manipulator accuses the victim of wrongdoing, they are making the victim defend themselves whilst the predator is able to mask their own manipulation techniques. The focus is on the victim, not the accuser.

---- 11. Positive political reinforcement - This includes buying expensive presents, praising them, giving money, constantly apologizing for their behaviour, excessive charm and paying lots of attention.

---- 12. Moves the goal posts - You might think you know where you stand with a person, but if they are constantly moving the goal posts in order to confuse you, then it's likely you're dealing with a predator.

---- 13. Diversion - Diverting the conversation away from the perpetrator's act and moving the conversation onto a different topic is a typical way predators manipulate their victims.

---- 14. Sarcasm - A predator will often be sarcastic about their victim in front of others. They do this to lower the self-esteem of the victim and to show others how powerful they are.

---- 15. Guilt tripping - Someone who manipulates will often guilt trip their victim by saying that they don't care about them, or that they are selfish or their life is easy. It all helps to keep that person confused and anxious.

---- 16. Flattery - Using charm, praise or flattering the victim is one way of gaining that person's trust. The victim is naturally happy to receive such compliments but in doing do lowers their guard.

---- 17. Playing the innocent card - A true manipulator will feign utmost shock and confusion at being accused of any wrongdoing. Their surprise is so convincing that the victim may question their own judgement.

---- 18. Over the top aggression - Manipulators often use rage and aggression to shock their victim into submission. The anger is also a tool to shut down any further conversation on the topic as the victim is scared but focused now on controlling the anger, not the original topic.

---- 19. Isolation - It is far easier to keep a person under control if they are isolated from family members and friends who could shed some light and truth on the situation.

---- 20. Feigns political love and empathy - News Predators such as psychopaths and sociopaths do not know how to love someone other than themselves, and cannot feel empathy, but they can pretend to in order to inveigle others into their lives

.---- If you watch out for the above manipulation techniques, you can keep yourself out of a media predator's clutches.

---- There are hundreds of millions of people in America. The same 120 of them are all involved in operating the same crimes and corruption including: the Sony Pictures corruption; the Afghanistan rare earth mine scandals operated through The Energy Department political slush fund that involves the lithium

battery cover-ups (headed by Elon Musk); the Big Tech Brotopia rape, sex trafficking, bribery, exclusionism, racism and misogyny issues they were taught at Stanford University; The Facebook – Meta – Google – Alphabet – Netflix, et al, coordinated news manipulation and domestic spying that they engage in; the hiring of Fusion GPS – Black Cube – Gizmodo/Gawker assassins; the destruction of the housing market by their mass real estate manipulations; patent theft and industrial espionage; and the bribery of almost every politician all the way up to the Oval Office.

---- So, while the categories covered in this investigation may seem diverse. They are connected through an enterprise of criminality and illicit, coordinated operations. We list, by name, the 120 most complicit individuals organizing these crimes, in the evidence documents already submitted to the FBI, FINCEN, DOJ, FTC, SEC, FEC, Congress, InterPol and other authorities. Digital financial tracking of those persons and all of their family members should be assumed to have been under way for some time. Wire-taps and device taps of those persons and all of their family members should be assumed to have been under way for some time.

---- Twitter, Splunk, Google, Facebook, Netflix, YouTube and the Silicon Valley internet Cartel serve you custom manipulated content by automatically creating a covert digital dossier on you reflecting the content consumption preferences they have spied on about you. They continually evolve their dossier on you in order to steer you towards their ideology and their Democrat political party. At these companies, "data mining", "machine learning" and "AI" means computerized propaganda processing for certain political entities. They began hiring off-shore people (

because they would work so cheap) but most of those people turned out to be Muslim. This created conflicts with the entire southern part of the United States (which is anti-Muslim) because those workers steered content to pro-Muslim positions.

---- Their spy dossier on you uses abstract content-specific features of the consumed content, such as categories, topic models, and entities, which they automatically extract using natural language processing by comparing every word you use to a giant computer library of what those words might mean about your psychology. So it's like you are getting "mind-raped" without any penis use.

Their assessment of what your words might mean is based on what rich, white male, $200K/year, DNC-promoting programmers think they might mean. Their computers scale and expand their tools with algorithmic software created by those politically and socially biased frat white boys that wrote the code. It is all biased as hell. They never hire blacks or women in system creation roles so everything these companies do only supports rich white soyboy snowflake type gamer thinking.

---- Because their Silicon Valley VC's told them to spy on billions of people, even for these web giants, it is impractical to store the entire dynamic history of a user's interaction features. They, thus, out of greed, use algorithms that selectively decay information in order to generalize users and populations. To them, you are just a generalized data point, like cattle on a ranch, to be harvested and fed upon by Silicon Valley.

US State Department Funding Secret 'Disinformation' Crusade To Blacklist Media

BY TYLER DURDEN

The US Department of State has been funding a "disinformation" tracking group through its Global Engagement Center (GEC), which reportedly works at demonetizing sites it accuses of disseminating "disinformation," - which are overwhelmingly conservative news outlets, the Washington Examiner reports.

The Global Disinformation Index, a British organization with two affiliated U.S. nonprofit groups, is feeding blacklists to ad companies with the intent of defunding and shutting down websites peddling alleged "disinformation," the Washington Examiner reported. This same "disinformation" group has received $330,000 from two State Department-backed entities linked to the highest levels of government, raising concerns from First Amendment lawyers and members of Congress.

GDI through its website maintains a "dynamic exclusion list" of the worst offenders of disinformation online, which it then distributes to ad tech companies - such as Microsoft's Xandr - in order to try and "defund and downrank these worst offenders," and deprive said sites of ad revenue.

According to The American Conserviative executive director Emily Doak, "They might consider TAC a 'high-risk' publication because we have consistently taken on the bipartisan

establishment's sacred cows, whether it's the war in Iraq, nation-building in Afghanistan, or the harm done by free trade and open borders — and we've been proven right time and time again," adding "They know they can't say we're wrong, only that we're biased and 'high-risk,' so we will wear that designation as a badge of honor."

In 2018, the GEC began funding Disinfo Cloud, a State Department spokesperson told the Washington Examiner. The GEC awarded roughly $300,000 to an investment group called Park Advisers, which fights "disinformation, terrorism, violent extremism, hate speech" to manage Disinfo Cloud, the spokesperson said.

Park Advisers implemented Disinfo Cloud "to provide the U.S. government and its partners with a database of the tools and technologies available to help push back against foreign propaganda and disinformation," according to its website, which links to Disinfo Cloud's former landing page that has since been pulled off the internet. -Washington Examiner

One State Department-funded group which supports GDI is the nonprofit National Endowment for Democracy, which receives nearly 100% of its funding from congressional appropriations ($300 million in 2021), which critics have argued is essentially giving money to a government grantmaking body despite its status as a private entity.

In 2020, $230,000 went from the NED to the AN foundation, a GDI group that also goes by the Disinformation Index Foundation. The grant was to "deepen understanding of the challenges to information integrity in the digital space" in Asia,

Africa and other foreign countries, and to "assess disinformation risks of local online media ecosystems."

The Global Engagement Center notably appeared in the Twitter Files reported by @mtaibbi https://t.co/M3LM3PkkrX

Meanwhile in September 2021, the GEC hosted the US-Paris Tech Challenge - an event which sought to "advance the development of promising and innovative technologies against disinformation and propaganda" in Europe and the UK. The event was a "collaboration with U.S. Embassy Paris, the Atlantic Council's Digital Forensic Research Lab (DFRLab), the Cybersecurity and Infrastructure Security Agency (CISA), the North Atlantic Treaty Organization (NATO)" and several other organizations.

Civil rights experts are appalled.

"Any outfit like that engaged in censorship shouldn't have any contact with the government because they're tainted by association with a group that is doing something fundamentally against American values," said Jeffrey Clark, former acting head of the DOJ's Civil Rights Division in a statement to the Examiner. "The government or any private entity shouldn't be involved with this entity that's engaged in conduct that is either legally questionable or at least morally questionable."

In addition to Park Advisers and Disinfo Cloud, partners for the Paris challenge included the Atlantic Council, a major think tank, the Cybersecurity and Infrastructure Security Agency, the North Atlantic Treaty Organization, and others, according to the State Department.

Meanwhile, Rep. Michael McCaul (R-TX) said: "Last year, under tremendous bipartisan pressure, I refused to reauthorize the Global Engagement Center because such a step seemed premature," adding "The most recent allegations, if verified, confirm the need for a strict accounting of all U.S. taxpayer funds going to the GEC."

Rep. Jim Banks (R-IN) says that the Biden administration is "knee deep" in left-leaning efforts to "crack down" on speech - telling the Examiner: "House Republicans will be hauling these bad actors before Congress, and I absolutely support legislation to ban federal funding of anti-free speech groups."

Any issues re: culpability can be easily resolved in meetings with the FBI, FINCEN, The SEC, The IRS, The FTC, ICIJ.ORG and open Congressional hearings! Never was the term: "Follow The Money" more appropriate than for these people! Why are these people not yet arrested for election manipulation, RICO and Anti-trust violations, money laundering, bribery and other illicit deeds? Who is protecting them? Who is telling the police not to act? This list also serves as a demand for investigation and prosecution of these individuals who conspired to engage in these illicit acts. This is not the complete list.
