NXIVM Victim Sues Clinton Global Initiative Member of Pedo Sex Cult Sara Bronfman

The deviant and dangerous NXIVM pedophile sex cult can be tied to multiple Hollywood elites who are currently on trial in the Eastern District of New York. Now it seems that one of the victims is filing lawsuit prior to the conclusion of the criminal trial, which is underway and all of the media is ignoring it.

The new lawsuit claims that Clare Bronfman, who is on trial herself for “identity theft, extortion, forced labor, sex trafficking, money laundering, wire fraud and obstruction of Justice, was announced today.

According to those suing her, Sara Bronfman engaged in the act of “uniformly misled Plaintiffs and the Class that they would participate in classes that were equivalent to a ‘practical MBA’ to achieve success in business and in life,” the court documents stated.

This comes amidst the ongoing scandals and trials of those who were former Clinton Global Initiative members, as we lay out further, and inclusive of Hollywood's Allison Mack, on trial for her role in the sex trafficking pedophilia operation.- Credit: 8ch.net/qresearch/

Sara Bronfman, who now goes by Sara Bronfman-Igtet, is who was chosen to be a victim of the lawsuit brought in the Brooklyn Supreme Court as a class-action suit, NY two defendants who argue they were “ensnared.”

Both Isabella Martinez, Gabrielle Leal, and several others claim to be victims in “a fraudulent scheme nationwide” as part of the grotesque Keith Raniere led pedophile sex cult’s NXIVM front entity.

The NXIVM group that was supposed to give people life advice and a roadmap to success, ended up turning their world upside down.

“Part of the fraud committed to induce the purchase from ESP was the claim that the program was developed by the ‘one of the World’s Smartest Men’ – Keith Raniere,” the lawsuit argued.

“ESP” is a service that stands for “Executive Success Program,” which is what the NXIVM pedophile sex cult did as a front entity, pretending to be a “self-help group” all whilst molesting children, and raping women in upstate New York.

Some, such as Allison Mack, were taking it a step further, even . Quite literally.

The two students who filed the lawsuit say that Sara Bronfman proposed several outrageous claims about the “powers” of Keith Raniere, and they feel as if they were defrauded of their investment.

The language used to describe Raniere is highly suspicious, which Bronfman's wording seems as if this man was granted a unique set of supernatural capabilities.

The problem isn't just that he wasn't a “God,” or that was he incapable of evil; *but rather that the evil itself was accepted by the Democrats in NXIVM.*

We're just happy to see NXIVM in the news again, as it tells a much more serious tale of deception, pedophilia, rape, and everything that makes the Democratic Party what it is today; a dangerous threat to liberty.

Meanwhile, the media attacks the 45th President of the United States of America, Donald J. Trump, who is up to his wits end with the fictitious and "rigged witch hunt," which is the spectacle for those in the primetime news to get ratings.

The media seemingly hasn't prevented the crimes from Special Counsel Robert Mueller of occurring; all while, at least publicly, ignoring the horrific crimes or the liberal Democrats in America.

The news today brings more spotlight to the case, which is apparent that the media doesn't want to report on.

For what reason, is beyond our comprehension.

It could be in order to protect Hillary Rodham and William Jefferson Clinton, two of the world's most crooked and disgusting individuals to ever have breathed oxygen.

Disinformation about the trial, despite [Department of Justice Press Release](#) reporting directly on their website that the "superseding indictment was unsealed today [July 24th] in federal court in Brooklyn charging Keith Raniere, Clare Bronfman, Allison Mack, Kathy Russell, Lauren Salzman and Nancy Salzman with racketeering conspiracy involving an array of crimes, including identity theft, extortion, forced labor, sex trafficking, money laundering, wire fraud and obstruction of justice."

Those are the facts, directly from the DOJ, and cannot be denied.

Keith Raniere, aka "The Vanguard," who was the NXIVM pedophile sex cult leader. Credit: [The Daily Mail](#).

The press release stated this clearly, outside of the first [DOJ press release on NXIVM in March](#), which left room for additional charges.

It went on to state that, "Bronfman, Russell, Lauren Salzman, and Nancy Salzman were arrested this morning," which is, at best, questionable.

We know that the high-ranking aficionado of the Bronfman family, heir to the Seagram's Liquor fortune, somehow is granted a form of protection herself by those who control the narrative of television "news" channels.

To date, *there hasn't been ten seconds of airtime given to the detailed number of Democrats who are on trial as part of NXIVM.*

Albeit, those same media outlets have no problem posting tiny articles or clips discussing the atrocities of Raniere as if it were a solo operation, carefully leaving out the "Clinton" aspect of those involved.

"Founder Of "Nxivm," a Purported Self-Help Organization, and Five Others Charged in Superseding Indictment with Racketeering Conspiracy"-Credit: [The Department of Justice](#).

The shocking part isn't just the lack of coverage; it's that the truth is easily accessible for anyone concerned enough to make an effort to find it.

One quick Google Search for “DOJ NXIVM” and you'd come across the DOJ release.

It seems as if even social media is trying to censor the truth, by surrounding those who are close to Hillary Rodham Clinton, and her delightful pedophile and rapist husband, with a blanket of protection.

Again, if you look back in the year 2007, an article by Charles Hunt of The New York Post titled, “[HILLARY’S \\$30,000 FANS ARE HER ‘CULT’ FOLLOWING,](#)” reported on the very Clinton connection that the media pretends doesn't exist.

It wasn't one, but both William Jefferson Clinton, also known as former President Bill Clinton, and Hillary Rodham Clinton, a two-time failed Presidential candidate.

Each has connections to the cult through their top membership, and their heavy donations over the years to the Clintons and Democratic Party are simply indisputable.

Credit: [The New York Post](#).

Hillary isn't the only Clinton NXIVM officials are attracted to.

At least three of the – group President Nancy Salzman and the Bronfman sisters – are members of Bill's charitable organization, the Clinton Global Initiative. Membership is by invitation only and requires at least a \$15,000 donation per person for one year.

That final sentence in the New York Post article mentions Nancy Salzman and the Bronfman family, in a way that is clear as day, they're all not just affiliated but practicing members of the Clinton Global Initiative.

This is something to remember this as we progress.

The Goldwater reported on the details of Clare Bronfman's fortune in an extremely descriptive piece titled, “[Seagram's Heiress Clare Bronfman Used Fortune to Finance Democrats Pedo Sex Cult Island.](#)”

In that article, we learned that Clare Bronfman, heir to the Seagram's Liquor fortune, is one of several members of the NXIVM pedophile sex cult, had enough cash on hand to purchase an entire Island.

As one of the NXIVM cult's elite “financial support tools,” she purchased the private island, with a plane to take her and others, including her “slaves,” to her dungeon of captivity on the island.

Yes, Clare Bronfman was the financial aid of the NXIVM cult and has no problem putting up the cash for such a lavish series of crimes.

The island, adorned with makeshift dragons, artificial lava pits, and tunnels that led to only God knows where, was covered in a story by [The Daily Mail](#), which boasted a \$47 million dollar price tag.

The Fijian island paradise was a wonder to behold, a dream vacation for most Americans, not for Clare Bronfman, Keith Raniere, and Allison Mack; along with the rest of NXIVM, it was a zone of punishment and judgment.

Their “slaves,” who they say “belonged” to the NXIVM cult were bound and chained, beaten and slapped for not obeying. A perfect world for the NXIVM leaders, it would turn out to be a nightmare island for those in bondage.

Clare Bronfman, in her free time away from assisting the cult with its perverse child rapes, or the enslavement of women, as well as its “branding” of women with hot irons, seemed to be content.

In a place where Raniere, their leader, would burn his initials into the flesh of the women who “served” him and the other Hollywood elites in the cult, it was known not to disobey, and for those who did, they're lucky to be alive.

This fact was not only announced by US Attorney's Office in the Eastern District of New York, which says “Keith Raniere, Clare Bronfman, Allison Mack, Kathy Russell, Lauren Salzman and Nancy Salzman with racketeering conspiracy involving an array of crimes, including identity theft, extortion, forced labor, sex trafficking, money laundering, wire fraud and obstruction of justice,” as reported via the Department of Justice website.

The 45th President of the United States of America, Donald J. Trump, has aimed his targets at the “Big Tech” giants of the ultra-globalist policy-endorsing company Google, for their skewering of results in a search for “Trump News,” and their suppression of Conservative-leaning news, and independent media outlets, of which are scarce to be seen via Google's search results.

Google search results for “Trump News” shows only the viewing/reporting of Fake News Media. In other words, they have it RIGGED, for me & others, so that almost all stories & news is BAD. Fake CNN is prominent. Republican/Conservative & Fair Media is shut out. Illegal? 96% of....

There is the answer to the question of, “So, why doesn't the media cover this story?”

The Clintons are being protected.

Make no mistake. You can see for yourself, a decade prior to NXIVM ever becoming a headline, the irrational New York Police Department was being corrupted from within its leadership to avoid noticing the crimes.

We would later have these confirmations with the allegations against Attorney General Schneiderman, who himself had a habit of abiding by the ways of ignorance towards criminal behavior committed by Democratic Party elites.

Now, *only because the media has shined a spotlight on victims who came forward*, they're discussing the horrific atrocities which have occurred at the hands of the NXIVM pedophile sex cult.

Both the Federal Bureau of Investigation, and the Department of Justice would inevitably be brought into the case, bringing down four of the nation's most prominent Democratic Party Luciferian evils when the cult was arrested.

As the FBI arrested those four for their roles in the upstate New York pedophile sex cult NXIVM – including the head financier, Seagram's liquor heiress Clare Bronfman?

There was a shockwave inevitably heading towards the minds of the masses when the public soon would learn the truth of what had been happening in upstate New York.

And then the television signals went dark.

Lights out on NXIVM. Airwaves ignored it, pundits found a distraction, and they ran with that narrative without ever dedicating an hour-long show to discuss the crimes.

President Trump warned us about this.

The definition of "fake news," as per the "Mockingbird Media." Credit: [The Great Awakening](#).

The "[Mockingbird Media](#)" in full effect.

Clare Bronfman purchased a private island for the NXIVM pedophile sex cult to take their "slave" victims to.

This Island was a nightmare, where they were sexually abused, and that's an undeniable fact, reported by Federal Prosecutors themselves, to which the DOJ even made an announcement via a press release.

Where was the media?

This story is being buried, most told themselves, and they're correct. It has been buried.

Remember that the next time a liberal pawn, another distasteful branding of the "Clowns In America," such as that of the failed "comic" Bill Maher, goes on television to attack the President, all whilst holding allegiance to another nation.

Keep in mind the irony of it all.

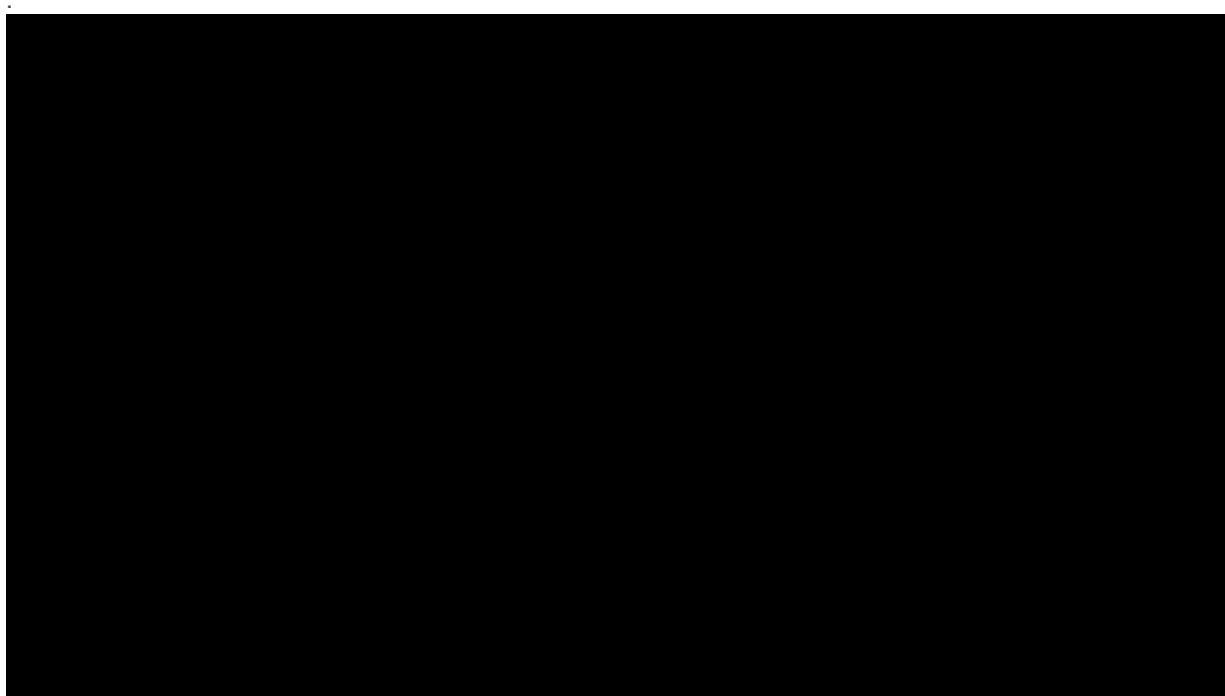

Maher tried to attack Trump supporters who follow the phenomenon of imageboard culture, in reference to "QAnon."

He suggested that they are somehow "attendees" of what he called a, "[QAnon Trump Cult and their Nuremberg Hillbilly Rallies](#)."

That's both a distasteful choice of terminology, as well as a hateful means of slandering the base of President Trump.

"Did you see this week? He held two of his Hillbilly Nuremberg rallies," the disgraceful mockery of a comedian added.

I'll post his unfunny rant below just in case you haven't seen it.

“I mean uh, it's scary to people in this profession,” Maher said. “He calls the media the enemy of the people. Except, of course, for Fox News. They're so far up his ass they're the 'enemy of the people,’” Maher adds, with the first actual joke of his monologue.

Personally, I don't mind if they attack Fox News.

Fox News donates more to Democrats than it does to Republicans as is, which if you let that sink in, explains a lot.

The reality is that the people of this country, not just the supporters of the 45th President of the United States of America, simply do not trust the media.

Bill Maher doesn't understand this, and for the most part, that includes Fox News or any other mainstream news outlet.

This rhetoric is exactly what we view as causing the majority of Americans to vote Republican in the first place, alongside the success of President Trump.

That's because they refuse to cover important stories, such as the fact that several members of the Clinton Global Initiative are on trial for sex crimes against women and children.

Yes, the Clinton Global Initiative posing as a “charity,” which is ran by Bill and Hillary Clinton, currently have some of their members on trial in the Eastern District of New York as part of the NXIVM pedophile sex cult.

Combined with the liberal elitists of California, who we all despise, both right and left, the Democratic Party truly has no platform.

The DOJ says that the NXIVM pedophile cult purchased a private island in order to engage in the sex trafficking of children for the NXIVM cult, and even branded women with hot irons, who were kept as “slaves.”

That's a keynote story, which no mainstream media outlet refuses to report on television, despite the Department of Justice issuing a press release, and that includes Fox News, Mr. Maher.

So when you want to discuss a "cult" or similar behavior? Look no further than your own party member, Bill Maher.

The Daily Mail.

Several members of the Democratic Party are the leadership in a cult for pedophiles and rapists to abuse women and children via sexual assault.

The cult's co-founder is Nancy Salzman, who along with her daughter, Lauren, were both arrested in New York. The Salzman family is incredibly close to the Clintons.

As was Kathy Russell, who was employed as the bookkeeper for the secretive of not well-hidden in plain sight pedophile cult; one that bills itself as a self-help group versus what it is, a cult comprised of rapists and pedophiles, or in other terms, *the Democratic Party's elite*.

All four of those women are currently on trial as part of the racketeering conspiracy, where I they'll appear again this year in both the Albany and Brooklyn federal courts.

The arrests are part of an ongoing federal investigation into the group, with its leader Keith Raniere and his right-hand woman, former "Smallville" star Allison Mack being charged for sex trafficking.

Then, there's the conspiracy for allegedly coercing women into joining their perverse and demented cult, as "slaves," who obeyed the elites within NXIVM — literally, the "slaves" were forced to give traditional, oral, and anal sex to Raniere.

Outside of the sexual abuse, they were forced into adding his initials, the now-infamous logo of NXIVM, into their flesh.

This was done through a process of being burned, or "branded" onto their skin, the trademark of the "Vanguard," as well as perform whatever he commanded in terms of hard labor.

All of this was happening in New York, with Hollywood Democrats being connected to it, and nobody knew or said anything to authorities?

Why isn't the press demanding answers?

Oh, wait. The press isn't really free in America, and journalism is dead entirely in the mainstream.

Independent media wants to know, but we're censored on social media Deon reaching the masses.

Coincidence? Seems to me there are a lot of those as of late.

Somewhere, someone has his fists clenched, worried and anticipating an uprising if they continue to deceive the public, all why commencing to run an extortion operation against the United States of America.

That's who controls the media. The hidden hand. The proper way of dealing with it is to fight and to strategize as to how we can reclaim our nation from this evil.

How does this even happen?

It doesn't, normally.

It's allowed to take place.

How many more of these NXIVM-like cults are Democrats connected to the Clinton crime family involved in?

We know that [one of Hillary Rodham Clinton's campaign workers was arrested earlier this year for the rape of children](#), which also didn't receive the proper media coverage.

Imagine that.

Credit: [Turning Point USA](#).

We know that the crimes of Clintons, as well as the Democrats around the nation, who have been brought from darkness into the light, are facing similar charges.

Those individuals, such as [Georgia Democrat Kent Igleheart](#), arrested for Child Rape and Child Porn; as well as [Pennsylvania Democrat Philip Ahr](#), arrested for graphic bestiality Child Porn Possession depicting infants raped by animals; just to name a few.

That shouldn't be a surprise, since Hillary Clinton is connected to a series of unsolved murders, with the blood trail leading from the coast of Florida, all the way into Little Rock, Arkansas, and then into the impoverished island of Haiti.

Haiti, infamously enough, is the place where the people have tried to protest the Clinton crimes, and the media still refused to cover it.

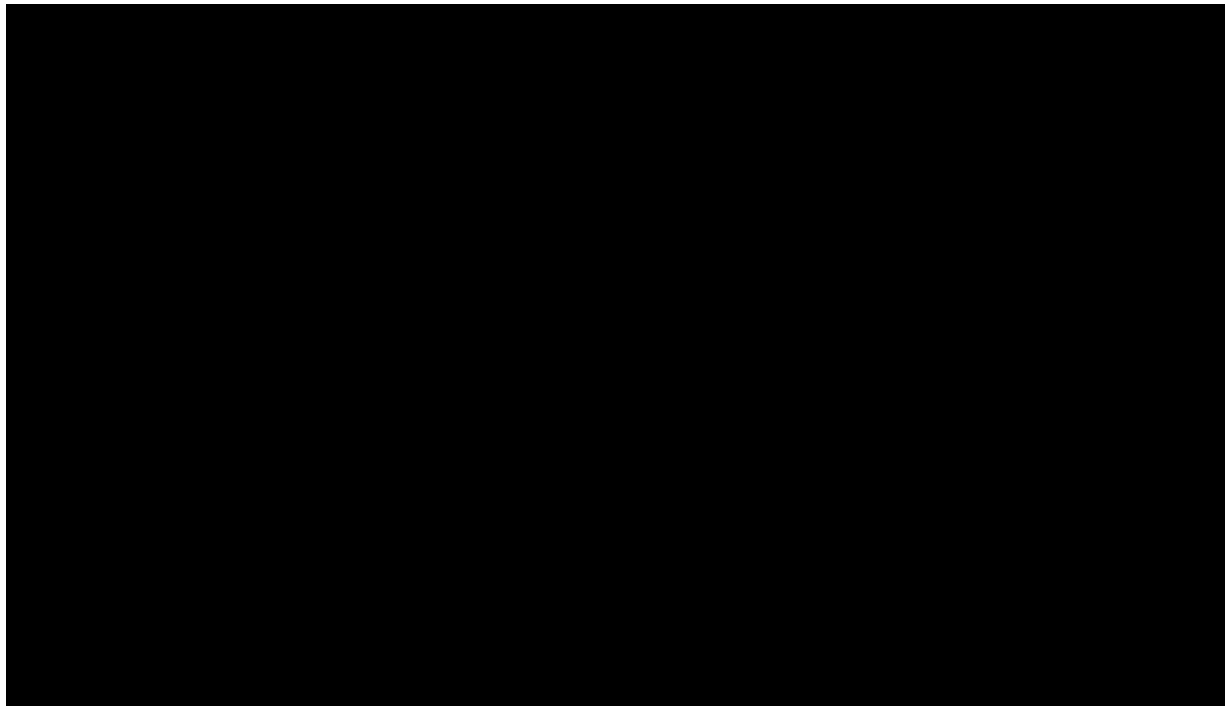

During the aftermath of the Haitian earthquake, in which the Clinton foundation robbed blind the island nation, the media didn't make a sound.

Haitians protesting Hillary Clinton's disastrous ambitions. Credit: [San Francisco Bay View](#).

All while a Clinton-connected Laura Silsby was caught trying to kidnap 30 children as she left Haiti.

Yes, that really happened.

Take note of the obvious efforts today to silence media outlets such as RT, *because they report the truth*.

This is an ongoing reality and a problem that seems to only face those who criticize the Democratic Party's elite, especially their favorite *criminal Hillary Clinton*.

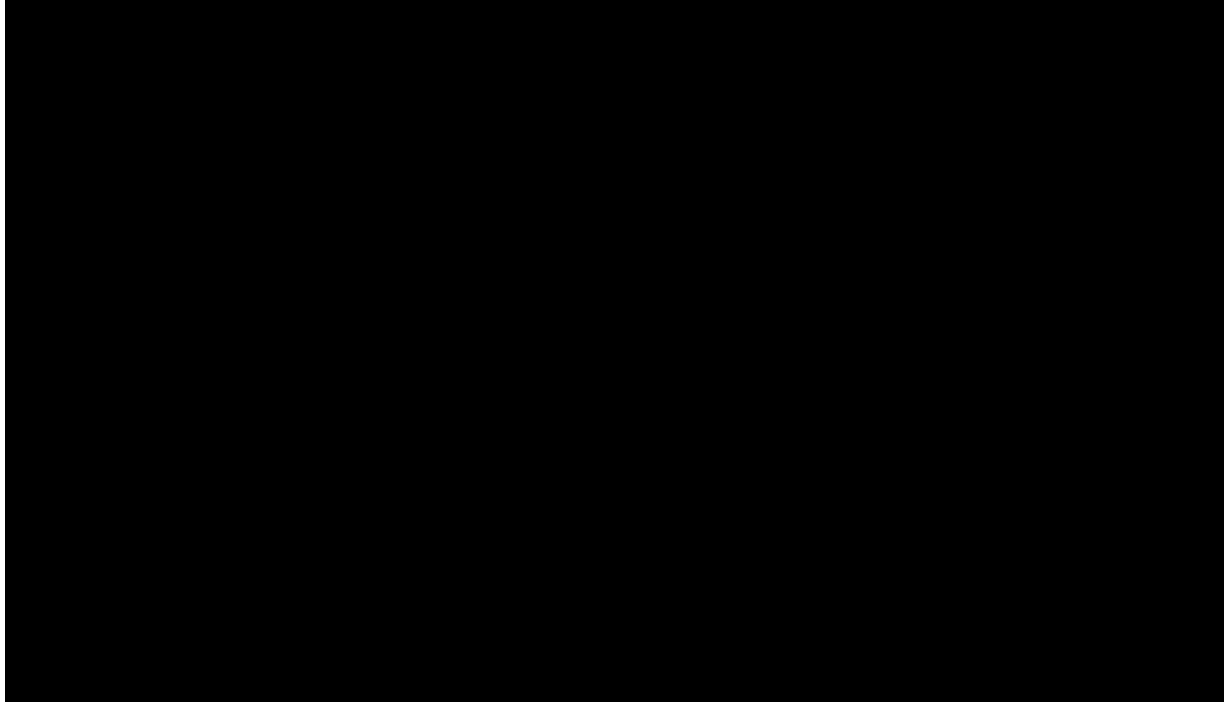

Haitians protesting Hillary Clinton's disastrous ambitions. Credit: [San Francisco Bay View](#).

Even saying something along those lines publicly will have the “Mockingbird Media” labeling you as a “conspiracy theorist.”

For what?

For questioning the [corruption of Hillary Clinton and those closest to her?](#)

Seems to be a biased double standard, to suggest that you can't question authority while she continues to tweet desperately for attention.

These [Soros-funded](#) lunatic globalists?

That's what we're up against, *lunatic globalists*.

They would literally love nothing more than to see us wiped off the face of the Earth, which is why they're sowing seeds of dissent across the nation.

Then, the other perverts, such as that of Clare Bronfman, who gained her fortune after the first Seagrams CEO, Edgar Bronfman?

They have no desire to “good” or beneficial things with that kind of financial prowess.

Her father, Edgar Bronfman, passed away; and that's when she inherited more money than most Americans could possibly dream of having, only to use that cash to finance a pedophile ring.

You can't make this kind of insanity up. This is who runs the Democratic Party.

Not in terms of a sole person, but this mentality of greed, pain, and deception.

Another fascinating discovering is the fact that the Seagram's founder himself, the father of the Bronfman cultists, was once a member of NXIVM.

Back in 2007, [The New York Post](#) reported in a now ten-years-old news article that, “Their father, Edgar Bronfman Sr., once took NXIVM classes but soon severed ties, telling Forbes, ‘It's a cult’.”

This in reference to Clare and Sara Bronfman's father, saying he too was an NXIVM member. The plot thickens.

As per the lawsuit today, that's essentially what is being said of the front business used to avoid detection

Bronfman advertised that Raniere was "1) was one of the World's Smartest Men; 2) began talking in complete sentences by age one; 3) was an East Coast Judo Champion at age twelve; 4) tied the New York State record for the 100-yard dash in High School; and 5) had a very rare problem-solving ability that allowed him to create a curriculum to assist others with their business projects," according to the lawsuit.

The suit goes on to claim that the financier of the private island used to rape children, Clare Bronfman, "Failed to tell us the New York State Attorney General's Office sued Raniere for a prior business venture, which was deemed an illegal multilevel marketing business and for which he was fined," saying they were scammed out of cash.

"He is not one of the world's smartest men, he is not a judo champion," said the plaintiffs' lawyer, Omar Rosales. "It's all a lie, it's all a scam."

A scam it may be, but it was designed as a front organization to allow high ranking Democrats and powerful people to enjoy the rape and torture of many.

The U.S. State Attorney's Office in New York has said when they took Raniere, also known as the "Vanguard" by the cult, into their custody it was only after he was officially deported by Mexican authorities.

The problem is, after the date of the deportation?

Keith Raniere wasn't caught in the United States of America. He was found outside Puerto Vallarta, Mexico.

Clearly, someone, somewhere, was financing a bribe to the Mexican authorities or paid to shuttle Raniere back quickly after his deportation.

Both options seem plausible.

Raniere was living in that luxury villa, just a few months ago, thinking that the world was carefree and he would escape justice for his crimes against women and children.

He would have if a Democrat were in office.

Fortunately for the victims, the Attorney General Jeff Sessions, at the guidance of the White House, is dedicated to bringing down those who hurt innocent children.

he and the other Democratic elites have appeared before a series of judges, who will control their fate for their horrific crimes.

To make matters more interesting, the same 2007 article from [The New York Post](#) says that there were allegations of the cult's indoctrination:

At NXIVM – according to court papers, cult watchdogs and relatives of members – Raniere has defrauded devotees, shattered families and drove at least one person to suicide.

After four months attending NXIVM's expensive, "intensive" studies, Alaska resident Kristin Marie Snyder grew angry, depressed and irrational.

In winter 2003, she disappeared. Her family believes she drowned herself. Her body was not recovered. Snyder was last seen leaving an NXIVM course, and police released a note she left behind.

"I was brainwashed and my emotional center of the brain was killed/turned off," Snyder scrawled in a spiral notebook.

That's one hell of a family business, Seagram's.

Allison Mack remains on trial for her role in the child and adult sex trafficking of NXIVM.

While we await the conclusion, she has already appeared before United States Magistrate Judge Cheryl L. Pollak, already arraigned on vile and disgusting charges.

["18 U.S. Code § 1591 - Sex Trafficking of Children or by Force, Fraud, or Coercion.](#)

Credit: [Cornell Law](#)

This should be punishable by death.

"Moreover, the student-victims' tuition was used to fund a criminal enterprise run by Defendant and her indicted co-conspirators," the new lawsuit says.

Both Martinez and Leal said they separately shelled out \$2,400 for a five-day intensive set of Nxivm classes in San Francisco in 2016 — but never would have done so had Bronfman-Igtet not lied to them.

That tiny sum should be nothing, since a pedophile financier like the 39-year-old Clare Bronfman can fork out a whopping [enough cash to buy an island, or even the \\$100 million dollar bond](#) she paid to free herself from jail, whereas she should never be allowed to see the light of day again.

Three other top-ranking members of the NXIVM pedophile sex cult are also on trial, in which many of the Democratic Party's bastion of elite politicians have been connected to, either through direct contributions to their political campaigns, or in the case of Senator Kirsten Gillibrand, her father has been directly on the payroll of the NXIVM pedophile sex cult, as reported by [Page Six, New York Post](#) , and even [Slate](#).

For those unaware, Nancy Salzman is a sitting member of the Clinton Global Initiative, which connects the Clinton family directly to a woman whose house is being raided by the Federal Bureau of Investigation, a huge story, and the mainstream media hasn't processed this yet. Whether that's intentional or not is yet to be determined, although alternative media and investigative journalists are always ahead of the curve since we're doing our own research.

She's also listed as a donor to Hillary Clinton's campaign for President in 2007, 2008, and 2016, according to the Federal Elections Commission, and if you input her name into the search results you'll see the data below.

Credit: [Federal Elections Commission](#)

Knowing this, among the other connections, it would seem to me if this case, as per the investigation aspect, is far from over.
