## THE SILICON PERVERSIONS AND THE BIG TECH PERVERTS THAT RUN THE SILICON VALLEY SEX CULTS

EXECUTIVES FROM GOOGLE, FACEBOOK, NETFLIX AND THE SANDHILL ROAD VENTURE CAPITALIST OFFICES USE SILICON VALLEY AND OTHER REGIONS AS THEIR PERSONAL HUNTING GROUNDS FOR SEX ABUSE, SEX TRAFFICKING, SEX CULTS AND DATE RAPE!

THE PUBLIC IS NOW JOINING TOGETHER TO EXPOSE THEM AND SEEK THEIR ARREST!

Corrupt political families conspire to give government funds, contracts, tax waivers, buildings, stock market profits and other insider perks to themselves and their friends. They also conspire to blockade, harm, sabotage and black-list those who compete with them and their friends. These corrupt politicians are never prosecuted for their crimes, and can laugh in the face of those who point out their crimes, because they control the prosecution system. Their Quid Pro Quo criminal corruption is the single largest cause of the taxpayer hatred of Congress.

Their stories came out slowly, even hesitantly, at first. Then in a rush.

One female entrepreneur recounted how she had been propositioned by a Silicon Valley venture capitalist while seeking a job with him, which she did not land after rebuffing him. Another showed the increasingly suggestive messages she had received from a start-up investor. And one chief executive described how she had faced numerous sexist comments from an investor while raising money for her online community website.

What happened afterward was often just as disturbing, the women told The New York Times. Many times, the investors' firms and colleagues ignored or played down what had happened when the situations were brought to their attention. Saying anything, the women were warned, might lead to ostracism.

Now some of these female entrepreneurs have decided to take that risk. More than two dozen women in the technology start-up industry spoke to The Times in recent days about being sexually harassed. Ten of them named the investors involved, often providing corroborating messages and emails, and pointed to high-profile venture capitalists such as Chris Sacca of Lowercase Capital and Dave McClure of 500 Startups.

The disclosures came after the tech news site The Information reported that female entrepreneurs had been preyed upon by a venture capitalist, Justin Caldbeck of Binary Capital. The new accounts underscore how sexual harassment in the tech start-up ecosystem goes beyond one firm and is pervasive and ingrained. Now their speaking out suggests a cultural shift in Silicon Valley, where such predatory behavior had often been murmured about but rarely exposed.

The tech industry has long suffered a gender imbalance, with companies such as Google and Facebook acknowledging how few women were in their ranks. Some female engineers have started to speak out on the issue, including a former Uber engineer who detailed a pattern of sexual harassment at the company, setting off internal investigations that spurred the resignation in June of Uber's chief executive, Travis Kalanick.

Most recently, the revelations about Mr. Caldbeck of Binary Capital have triggered an outcry. The investor has been accused of sexually harassing entrepreneurs while he worked at three different venture firms in the past seven years, often in meetings in which the women were presenting their companies to him.

Several of Silicon Valley's top venture capitalists and technologists, including Reid Hoffman, a founder of LinkedIn, condemned Mr. Caldbeck's behavior last week and called for investors to sign a "decency pledge." Binary has since collapsed, with Mr. Caldbeck leaving the firm and investors pulling money out of its funds.

The chain of events has emboldened more women to talk publicly about the treatment they said they had endured from tech investors.

"Female entrepreneurs are a critical part of the fabric of Silicon Valley," said Katrina Lake, founder and chief executive of the online clothing start-up Stitch Fix, who was one of the women targeted by Mr. Caldbeck. "It's important to expose the type of behavior that's been reported in the last few weeks, so the community can recognize and address these problems."

The women's experiences help explain why the venture capital and start-up ecosystem — which underpins the tech industry and has spawned companies such as Google, Facebook and Amazon — has been so lopsided in terms of gender.

Most venture capitalists and entrepreneurs are men, with female entrepreneurs receiving \$1.5 billion in funding last year versus \$58.2 billion for men, according to the data firm PitchBook. Many of the investors hold outside power, since entrepreneurs need their money to turn ideas and innovations into a business. And because the venture industry operates with few

disclosure requirements, people have kept silent about investors who cross the lines with entrepreneurs.

Some venture capitalists' abuse of power has come to light in recent years. In 2015, Ellen Pao took her former employer, the prestigious venture firm Kleiner Perkins Caufield & Byers, to trial for allegations of gender discrimination, leveling accusations of professional retaliation after spurned sexual advances. Ms. Pao lost the case, but it sparked a debate about whether women in tech should publicly call out unequal treatment.

"Having had several women come out earlier, including Ellen Pao and me, most likely paved the way and primed the industry that these things indeed happen," said Gesche Haas, an entrepreneur who said she was propositioned for sex by an investor, Pavel Curda, in 2014. Mr. Curda has since apologized.

Some of the entrepreneurs who spoke with The Times said they were often touched without permission by investors or advisers.

At a mostly male tech gathering in Las Vegas in 2009, Susan Wu, an entrepreneur and investor, said that Mr. Sacca, an investor and former Google executive, touched her face without her consent in a way that made her uncomfortable. Ms. Wu said she was also propositioned by Mr. Caldbeck while fund-raising in 2010 and worked hard to avoid him later when they crossed paths.

"There is such a massive imbalance of power that women in the industry often end up in distressing situations," Ms. Wu said.

After being contacted by The Times, Mr. Sacca wrote in a blog post on Thursday: "I now understand I personally contributed to the problem. I am sorry." In a statement to The Times, he added that he was "grateful to Susan and the other brave women sharing their stories. I'm confident the result of their courage will be long-overdue, lasting change."

After the publication of this article, Mr. Sacca contacted The Times again to amend his original statement, adding: "I dispute Susan's account from 2009."

Many of the women also said they believed they had limited ability to push back against inappropriate behavior, often because they needed funding, a job or other help.

In 2014, Sarah Kunst, 31, an entrepreneur, said she discussed a potential job at 500 Startups, a start-up incubator in San Francisco. During the recruiting process, Mr. McClure, a founder of 500 Startups and an investor, sent her a Facebook message that read in part, "I was getting confused figuring out whether to hire you or hit on you."

Ms. Kunst, who now runs a fitness start-up, said she declined Mr. McClure's advance. When she later discussed the message with one of Mr. McClure's colleagues, she said 500 Startups ended its conversations with her.

500 Startups said Mr. McClure, who did not respond to a request for comment, was no longer in charge of day-to-day operations after an internal investigation.

"After being made aware of instances of Dave having inappropriate behavior with women in the tech community, we have been making changes internally," 500 Startups said. "He recognizes he has made mistakes and has been going through counseling to work on addressing changes in his previous unacceptable behavior."

Rachel Renock, the chief executive of Wethos, described a similar situation in which she faced sexist comments while seeking financing for her online community site. While she and her female partners were fund-raising in March, one investor told them that they should marry for money, that he liked it when women fought back because he would always win, and that they needed more attractive photos of themselves in their presentation.

They put up with the comments, Ms. Renock said, because they "couldn't imagine a world in which that \$500,000 wasn't on the table anymore." Ms. Renock declined to name the investor. Wethos raised the \$500,000 from someone else and is still fund-raising.

Wendy Dent, 43, whose company Cinemmerse makes an app for smart watches, said she was sent increasingly flirtatious messages by a start-up adviser, Marc Canter, as she was trying to start her company in 2014. Mr. Canter, who had founded a software company in the 1980s that became known as Macromedia, initially agreed to help her find a co-founder. But over time, his messages became sexual in nature.

In one message, reviewed by The Times, he wrote that she was a "sorceress casting a spell." In another, he commented on how she looked in a blue dress and added, "Know what I'm thinking? Why am I sending you this — in private?"

Mr. Canter, in an interview, said that Ms. Dent "came on strong to me, asking for help" and that she had used her sexuality publicly. He said he disliked her ideas so he behaved the way he did to make her go away.

Some entrepreneurs were asked to not speak about the behavior they experienced.

At a start-up competition in 2014 in San Francisco, Lisa Curtis, an entrepreneur, pitched her food start-up, Kuli Kuli, and was told her idea had won the most plaudits from the audience, opening the door to possible investment. As she stepped off the stage, an investor named Jose De Dios, said, "Of course you won. You're a total babe."

Ms. Curtis later posted on Facebook about the exchange and got a call from a different investor. He said "that if I didn't take down the post, no one in Silicon Valley would give me money again," she said. Ms. Curtis deleted the post.

In a statement, Mr. De Dios said he "unequivocally did not make a defamatory remark."

Often, change happens only when there is a public revelation, some of the women said. In the case of Mr. Caldbeck and Binary, the investor and the firm have apologized, as has Mr. Caldbeck's previous employer, the venture capital firm Lightspeed Venture Partners, which had received complaints about him.

"We regret we did not take stronger action," Lightspeed said on Twitter on Tuesday. "It is clear now that we should have done more."

Lindsay Meyer, an entrepreneur in San Francisco, said Mr. Caldbeck put \$25,000 of his own money into her fitness start-up in 2015. That gave Mr. Caldbeck reason to constantly text her; in those messages, reviewed by The Times, he asked if she was attracted to him and why she would rather be with her boyfriend than him. At times, he groped and kissed her, she said.

"I felt like I had to tolerate it because this is the cost of being a nonwhite female founder," said Ms. Meyer, who is Asian-American.

But even after she reached out to a mentor, who alerted one of Binary's investors, Legacy Venture, to Mr. Caldbeck's actions, little changed. Legacy went on to invest in Binary's new fund. Binary and Mr. Caldbeck declined to comment.

"We failed to follow up on information about Mr. Caldbeck's personal behavior," Legacy said in a statement. "We regret this oversight and are determined to do better."

A Silicon Valley venture capitalist has been sued for \$40 million by a woman who claims he used her as a virtual sex slave for 13 years.

Michael Goguen, who had worked for a firm that funded Google and Paypal, "sexually and physically" abused Amber Laurel Baptiste over more than 13 years after picking her up at a Texas strip club, her lawsuit alleges.

Baptiste, who claims she was brought to the United States from Canada by human traffickers at 15, said she endured "countless hours of forced sodomy" from the tech titan. The former stripper said Goguen made her endure demeaning sexual acts, sodomized her for "six hours at a time," and forced her to call him "king" and "emperor."

Filed in San Mateo County, Calif., on March 8, her suit details a life of torture and servitude as she was jetting around the globe to serve as the millionaire's plaything. She claims Goguen had promised to save her from human trafficking but instead became an even worse predator himself.

Goguen, who was forced to step down from his position at Sequoia Capital, did not deny that the two had a sexual relationship but insisted the sex was consensual. He filed a countersuit against Baptiste claiming she is an "exotic dancer . . . looking for a payday."

The venture capitalist said Baptiste was obsessed with him and sought to extort him because she was jealous of his wife. In his countersuit, Goguen provides pages of texts and emails in which she apparently refers to him as "Prince Charming," "My Beautiful Love" and "the sweetest man in the world."

The suit includes Baptiste's descriptions of the "amazing sex" the two had together and photos that she allegedly sent him in which she is seen playfully posing in her underwear.

Baptiste is demanding \$40 million, saying the two agreed on the amount to compensate her for the horrors she had suffered. Goguen, who has already paid her \$10 million, said she is "a woman scorned" and a victim "of her own delusions."

He claims that when he tried to end their relationship, Baptiste became bent on vengeance, threatening to ruin his life and reputation. He said that he had no choice but to pay her the \$10

million, but that she refused to relent and demanded more money.

Sequoia Capital released a statement that called Goguen's departure from the firm the "appropriate course of action." A philanthropist, Goguen was lauded for donating \$2 million to fight online child pornography and sex trafficking where he lives in Montana.

Goguen is not the only business leader who's faced backlash over sexually inappropriate behavior.

#### FACEBOOK BOSS IN UNDER-AGE SEX SCANDAL

Dov Katz, head of the computer vision and machine learning group at Facebook-owned Oculus, has been charged in King County for attempted commercial sexual abuse of a minor. The 38-year-old tech exec allegedly attempted to contact what he believed to be a 15-year-old girl for sex. The fictitious 15-year-old was actually an undercover police officer with the Tukwila Police Department, a city just south of Seattle.

The news was first reported by KING 5, which said that Katz was arrested by Tukwila Police on Wednesday. Katz is to be arraigned on January 5th, and bail was set at \$125,000. An Israeli citizen who resides in California, Katz is forbidden to have contact with any minors, except in the presence of a responsible adult, according to charging documents. Katz allegedly **responded to an online advertisement that offered sex in exchange for money, an ad which was posted by undercover police officer posing as a 15-year-old girl.**

Horrific Google Anal Sex Slave Case Uncovers Twisted Perversions Of Google Executives

By Samantha Connors - APT

Michael Goguen, Google's married senior investor, "sexually and physically" abused Amber Laurel Baptiste with constant anal sex over more than 13 years after picking her up at a Texas strip club. His company, Sequoia Capital, has had other run-ins with cheating married executives, escorts and tax evasion schemes, per legal filings.

Eric Schmidt, the head of Google, proclaimed that he would have a "open marriage" where he could have sex any time, with anybody, and is documented in a ream of news articles and video regarding his fifteen million dollar "sex penthouse" in New York.

Sergey Brin, another head of Google, is featured in numerous news articles for his "three way sex romp" with multiple Google employees forcing one employee to move to China to escape him. A married Google senior executive named Hayes, who helped rig Google's searches for political clients, was murdered on his "sex yacht" by his prostitute, which other Google executives had used.

Ravi Kumar, another VC associated with Google Executives, was also murdered by a pack of hookers and pimps that frequented his Silicon Valley home.

Valley Girls was a private escort service that used Stanford Co-eds to service the sexual kinks of Google executives.

Ellen Pao famously sued Google founding investor John Doerr, and his company Kleiner Perkins, for sexual abuse.

Google employee divorce filings hold the Silicon Valley record for use of the word "abuse" as one of the reasons given in the legal papers filed to initiate the divorce.

The list of kinky, twisted, bizarre sexual antics of Google executives, and their investors, goes on for pages and pages...

Google seems to attract the most twisted, perverted, morally decrepit men in the world. One has to wonder why, of all the large companies on Earth, only Google got to place the majority of it's people in the White House? That's right, Nike doesn't have it's people in the White House. Macy's doesn't either. Neither does Chevron, or John Deere tractor or any other company on Earth.

Only Google, exclusively and uniquely, had all of their people placed in the White House and top federal agency lead positions. What's up with that? Were they selected because of their technical skills or their ability to make people bend over?

An addiction to dirty sexual perversions are not the only illicit trends that Google folks display. The Google investors are members of a financing cartel called the National Venture Capital Association

(NVCA). This group of frat boy elitists got busted for running the "Angelgate" scandal in which they were documented rigging, colluding, black-listing and contriving the whole Silicon Valley start-up industry.

Then they were caught again when Eric Schmidt, Mr. "Sex Penthouse" and the head of Google, wrote emails ordering a conspiracy against Silicon Valley engineers. This "No Poaching" conspiracy got the Silicon Valley VC's sued in a class-action lawsuit, which the VC's lost. The Google founder's best friend: Jacques Littlefield, kept the world's largest private fully functional military tank squadron, in fully operational status, hidden in vast warehouses in his Silicon Valley estate in Woodside, California.

He said he had this arsenal: "just in case". Does Google make white frat house men insane or does it draw the crazy ones to it?

The FBI is finally crunching down on these people. After so many years of the White House ordering the FBI to leave the Google VC's and Silicon Valley perverts alone, it was just getting plain embarrassing for the FBI. The audacious impunity with which Google, and it's friends, engaged in tax evasion, importing hookers, bribery, stock market rigging, anti-trust schemes and other crimes has become so overt, in the media, that it was created a spotlight on federal law enforcements avoidance of prosecution of the shenanigans of the Google crowd.

Brotopia is the elite arrogant asshole dynasties send their kids to Stanford University. Stanford puts the kids in asshole frat houses to train them to get away with rape and run monopolies.

--- When they graduate they either go up the hill to Sandhill Road and start a venture capital clone operation or they get their frat friends on Sandhill Road to racketeer-fund their start-up or political campaign using money scammed from your parents pension funds. They only work with their frat buddies and insiders in a tribal 'old boys club' manner.

--- They steal all the technology and markets they want because they control all of the tech lawyers and politicians via bribes and revolving doors.

--- Most of the money in Stanford University bank accounts is from Foreign and Hollywood oligarchs delivered as bribes meant to get their snot-nosed brats into Stanford. Stanford bosses keep all of this covered-up and covertly fund political campaigns to grease the wheels of political corruption.

--- They then sexually extort some Stanford interns in Rosewood Hotel rooms, get the most 'trophy wife' ones pregnant, and start the cycle all over again. Alas, Stanford is the training ground for abuse, corruption and 'Bro-Crime'.

--- The issues, that the public and the news media have complained about include: producing child suicides, racism, misogyny, child mental health threats, domestic spying, data harvesting, sex trafficking, election manipulation, tax evasion, Fusion GPS/Media Matters/ Black Cube hit jobs on competitors, censorship, contrived market monopolization, intellectual property theft, political bribery and many other social crimes! An unusually large number of their staff have been arrested for, or charged with, sex crimes, including under-age trafficking.

--- The Silicon Valley Tech Cartel is one of the largest operators of bribes to public officials. Some of those bribes include billions of dollars of, non-FEC reported, search engine rigging for the political campaigns of the very politicians who are supposed to regulate them.

--- There are hundreds of millions of people in America. The same 120 of them are all involved in operating the same crimes and corruption including: the Sony Pictures corruption; the Afghanistan rare earth mine scandals operated through The Energy Department political slush fund that involves the lithium battery cover-ups (headed by Elon Musk); the Big Tech Brotopia rape, sex trafficking, bribery, exclusionism, racism and misogyny issues they were taught at Stanford University; The Facebook - Meta - Google - Alphabet - Netflix, et al, coordinated news manipulation and domestic spying that they engage in; the hiring of Fusion GPS - Black Cube - Gizmodo/Gawker assassins; the destruction of the housing market by their mass real estate manipulations; patent theft and industrial espionage; and the bribery of almost every politician all the way up to the Oval Office.

---So, while the categories covered in this investigation may seem diverse. They are connected through an enterprise of criminality and illicit, coordinated operations. We list, by name, the 120 most complicit individuals organizing these crimes, in the evidence documents already submitted to the FBI, FINCEN, DOJ, FTC, SEC, FEC, Congress, InterPol and other authorities. Digital financial tracking of those persons and all of their family members should be assumed to have been under way for some time. Wire-taps and device taps of those persons and all of their family members should be assumed to have been under way for some time.

--- Why don't you see much about this corruption in the "news"? A handful of companies in Silicon Valley, all controlled by the same investors, control almost all of the news and information in the world. They only hire and publish writers that agree with their fake news ideology. That ideology is whatever lie they can sell to the emotions of those shill writers to get them to "believe". In reality the only ideology the owners of those companies actually have is to pump their personal stock market holdings. They control elections in order to manipulate people into office that will do things that benefit the stocks of those media owners.

They will lie to beat the band because their hookers, rent boys, private jets, drugs, private islands and other sins are expensive as hell and they are addicted to those deviancy's. They are all invested with Elon Musk's, Larry Page's and Mark Zuckerberg's companies so they never allow any negative news about those tech mobsters in the world news that they control. This is the worst kind of illegal media monopoly but these owners control the agency heads who are supposed to indict them. So everybody in America is screwed until some non-fake law enforcement comes along.

--- A horrific phenomenon of cultural depravity and white-collar crime is going unchecked in Silicon Valley because Silicon Valley controls the media and the politicians that are usually supposed to check these kinds of things. Millions of pages of news reports, documentaries, interviews and legal transcripts prove the following to be true:

--- Elitist Cult. Silicon Valley elitists believe they are better than everyone else. Silicon Valley's Kleiner Perkins founder: VC Tom Perkins, said that poor people must be "Nazi's" for not accepting the "superior intellect" of VC's. Silicon Valley's Kleiner Perkins VC Vinod Khosla, took over California's favorite public beach, bribed the White House for "green cash" and got sued for arrogance by a horde of public interest lawsuits. Silicon Valley's Kleiner Perkins founder Ray Lane was indicted for tax evasion. Silicon Valley's Kleiner Perkins boss John Doerr was sued for sexual office abuse and running a "frat house". Most of the VC's and tech CEO's in Silicon Valley are charged with ethics breaches.

--- Prostitutes. Silicon Valley males hire more hookers and "rent-boys" and fly more sex workers into the Bay Area than any other city in America. Google's and Tesla Investments executives were killed in sex and drug romps with hookers. Google's Eric Schmidt ran a huge "sex penthouse" and promotes infidelity and "anti-marriage". Google's search engine rigging boss died at the hands of one of his hookers. The Silicon Valley VC's had the Rosewood Hotel built at the end of Sandhill Road as a place to take interns and hookers to for sex. Rigging sex efforts operated by these VC's and Tech CEO's have created the "Pizzagate" phenomenon.

--- Rapists and Sexual Coercion of Employees. Young interns are "sent up the hill" by Stanford to the VC's Sandhill Road offices to become sexual playthings for the VC's at the Rosewood Hotel. Ellen Pao sued Kleiner Perkins over the sexual "rape culture" that they promoted. Thousands of women have written books and articles about the sexual intimidation they are subjected to by Silicon Valley VC's and their tech CEO's. VC's Joe Lonsdale, Micheal Goguen and hundreds of others have been charged with rape and sex trafficking. Stanford University gets "endowments" and "gifts" for hushing rape culture and intern-fluffing up.

--- Assholes. Fraternity House Take-What-You-Want culture is re-percussively promoted in the bars, clubs, meetings, conferences and emails of the VC's and CEO's. The TV Show: Silicon Valley, underscores the point of the dangers of infectious asshole-ism in Silicon Valley.

--- Clones. They assemble those around them that have the same stereotypical facial structure. In a room full of ordinary people and Tech VC's, the VC's faces stand out as Hollywood-type character-cartoon duplicates of each other.

--- Sexual deviance and extremism. Google's founders have all had extreme sex scandals involving cheating, 3-way sex, divorces over abuse, forced anal sex and other outrages. Their teachers at Stanford have had to quite over their sex scandals. Their willingness and infatuation with sexual extremes defines them as moral degenerates who care little about laws and ethics.

--- Insider Dysfunctional Parents. The majority of the VC's and Tech CEO's come from rich dynastic families who are cultism-like devoted to "the family bloodline" and run by male oligarchs who believe in a rape culture/oligarch ethos. This belief system is passed on to their children. The oligarch parents threaten to cut endowments to Stanford University if Stanford punishes their son's Frat Houses for date rapes.

--- Tone Deaf. Silicon Valley Tech people exist in a conceptual ideology reinforcement bubble by never interacting with, or reading information or news from, anyone outside of their group. VC Tim Draper spent vast amounts of money trying to make Silicon Valley it's own country in order to systemize the Silicon Valley tunnel-vision bubble. They want to secede from America because they are offended by normal people who they consider to be low-class and unworthy.

--- Murders. Rajeev Motwani taught the Google founders how to build Google and was found, mysteriously, floating, dead, in his Silicon Valley swimming pool. Silicon Valley's Gary D. Conley reported John Doerr and Elon Musk for corruption and was found with a bullet in his head behind Beale Air Force base. Three top Tesla engineers reported corruption at Tesla Motors and then suddenly died in a plane crash next to Tesla's factory in San Carlos. There are over 100 mysterious deaths associated with people who had conflicts with Google, Kleiner Perkins and other Silicon Valley oligarchs.

--- Arrogant. Self-Centered Narcissists. Elon Musk has spent over a billion dollars buying exclusive Google, Twitter, MSM and Facebook hype about himself. Every Tech CEO has a multi-million dollar PR agent assigned to make them look like "Gods of Industry". They regularly hold "Babes and Ball's" parties and sex parties in Woodside that require women to beg for their money. They were trained to be "assholes" and "abusive dominants" via the Stanford Rape/Frat Culture.

--- Misogynists. All White-Male-Controlled with frat house pasts. Women are used As Sex Objects and Window Dressing. The largest number of anti-women news stories, jock/bro blog reports and charges for abuse come from Silicon Valley. VC Steve Westly's CEO friend is notorious for kicking his girlfriend hundreds of times because she "sasssed" him. Almost of of their Divorce filings include abuse charges against the man.

--- Manipulation of Employees. Silicon Valley cartel companies practice Scientology-like indoctrination and "cultural programming" of employees. These highly impressionable naive young employees are kept in "controlled environments", sent to "mindfulness programming workshops" and told what kind of political opinions they should have. Tight-knit groups of females experience synchronized menstrual periods ( <http://www.nature.com/nature/journal/v229/n5282/abs/229244a0.html> ) over time, cohesive Google and Facebook employee groups engaged in decision-making discount dissenting viewpoints in the interests of consensus, and that couples who stay together long enough begin to look alike. A new study has captured another group phenomenon in Silicon Valley and chronicled in humans' natural habitat: "group brain synchrony". This is a CIA-like brainwashing technique exploited to get all Google/Facebook/Twitter employees to rapidly adopt the same political views.

--- Racists. Silicon Valley companies have the lowest rates of hiring, or promoting blacks, in America even though they have a high population of blacks at the edge of their community.

--- Male insecurity issues. They use TED-Talks, SXSW and Synchronicity Events as self-promoting hype in which to act like an apostle of a tech religion. They buy Tesla cars as a badge of arrogance and mock any male who does not own what they own or who who did not go to Stanford or Yale. These pretentious and ostentatious boys are more inclined to brag about penis-size than family.

--- Blacklisting. In the AngelGate Investigation and Silicon Valley No Poaching Class Action Lawsuit, Silicon Valley was exposed as an insider club that black-lists those who look different or are not part of the boys club.

--- Politically corrupt. Silicon Valley has bribed more politicians than any other domestic region in history. They promote more immigration in order to get cheap labor for their tech companies. They steal their technology and bribe politicians to eliminate patent protections for small inventors that they steal from. Political Corruption and Bribery Is The Norm for these boys. Silicon Valley created a CIA knock-off called "In-Q-Tel" in order to use CIA technology to manipulate elections at Google, Facebook and Twitter. The 60 Minutes Episode called: "The Cleantech Crash" is about their multi-billion dollar scam using the Dept. of Energy as a slush-fund. They refuse to allow their MSM to report on their corruption and crony kickbacks, ie: Tesla Motors Funding, Off-shore tax evasion, Hooker networks, etc.

--- Collusion. In the AngelGate Investigation, the Silicon Valley No Poaching Class Action Lawsuit, and hundreds of other cases, Silicon Valley was exposed as an insider club that colludes to rig valuations, stock markets and employee poaching. They operate in herds within their peer group. They are not inclined to independent thinking. Kleiner Perkins has been caught placing moles and saboteurs inside competitors start-ups. They operate in herds within their peer group. They are not inclined to independent thinking.

--- Stock Market Criminals. Stock Market Pump-and-Dump, Flash Boy Algorithm Manipulation, Insider Trading, Market Rigging. The Securities and Exchange law violations and FTC monopoly law violations are vast in number.

--- Burning Man Sex-and-Drugs Devotees. Silicon Valley frat boys have a huge participation in the date-rape goings-on at Burning Man and buy extensive pheromone and skin contact delivery animal-tranquilizer drugs to use on young Burning Man girls.

--- Minimal Regard For Consequences. Although their PR agents promote them as "green" and "socially positive", it is all hype to get tax waivers and government hand-outs. Mark Zuckerberg's take-over of San Francisco General Hospital's brand was entirely a scam to get him a \$1 billion dollar tax evasion deployment. The Silicon Frat Boys act on impulse and try to buy off the collateral damage later.

--- Closeted homosexuals. Using the tremendous funds they have at hand from their exclusive monopolies in public media, they push their trans-gender agendas through their bought-and-paid for politicians. This has resulted in a generation of sexually confused children who believe that they should cut their penises off. The top bosses at Facebook, Google, Twitter, Tesla and other companies are lying to the public about their sexuality and using hired wives, known as "beards". If they lie about something so basic, one has to wonder what else they lie about.

--- Thieves. They steal most of their technology from small inventors who can't defend themselves. They get inventions from Indian engineers and then ship them back to India before the employees can get any stock or IP rights. The tech CEO's send their VC friends to competing start-ups to spy on competing technologies and steal it. The VC's say they are just doing "due diligence" but they are actually sucking the competing start-up dry of IP and staff and making a clone of it under another name.

--- There are so many other awful things about the people of Silicon Valley. You get the picture. Silicon Valley is a swamp and a cesspool.

Corrupt political families conspire to give government funds, contracts, tax waivers, buildings, stock market profits and other insider perks to themselves and their friends. They also conspire to blockade, harm, sabotage and black-list those who compete with them and their friends. These corrupt politicians are never prosecuted for their crimes, and can laugh in the face of those who point out their crimes, because they control the prosecution system. Their Quid Pro Quo criminal corruption is the single largest cause of the taxpayer hatred of Congress.

Trillions of dollars of stock trades and direct payola bribes were exchanged using the White House as a broker and agencies like the United States Department of Energy and the U.S. Patent Office, as a stock market manipulation platform. Politicians turned the government into a cheap garage sale of cronyism! -

--- This case affects who runs the United States Government and who profits from government decisions, a matter of many trillions of dollars.

--- THE EVIDENCE ITEMS ARE AT THE BOTTOM OF THIS PAGE.

--- The following folders provide evidence of the corruption in categories. The illicit acts described therein all involve the same perpetrators. The evidence items specific to this folder category are at the bottom of this page: A.) AFGHANISTAN RARE EARTH CORRUPTION; B.) CASE DIAGRAMS; C.) DEPT OF ENERGY CRONY SLUSH FUNDS; D.) FACEBOOK META CORRUPTION; E.) GOOGLE ALPHABET CORRUPTION; F.) MASS MEDIA MANIPULATION; G.) NETFLIX NEGLIGENCE; H.) PATENT THEFT; I.) REPAIRING SILICON VALLEY; J.) SICKO TECH FRATBOYS; K.) SONY PICTURES CORRUPTION; L.) STANFORD UNIVERSITY INVESTIGATIONS; M.) THE CORRUPT SENATORS; N.) THE ELON MUSK REPORTS; O.) THE HOUSING CRISIS; P.) THE LITHIUM BATTERY LIE; Q.) THE MEDIA ASSASSINS; R.) THE POLITICAL BRIBES; S.) THE SAN FRANCISCO CORRUPTION; T.) USING SOCIAL MEDIA SITES TO SPY ON CITIZENS; V.) THE SILICON VALLEY DEATHWATCH

--- The United States Department Of Energy, Since November 2008, has been almost entirely used as a scam crony payola slush-fund to pay off political campaign financiers of White House insiders. In addition, the Dept of Energy is used as a gate-keeper to sabotage and stall the competitors to those political campaign financiers of White House insiders. It is political racketeering operating in plain sight! The cover-ups by the IG, AJ and DOJ are ENDLESS!

--- At a high level: Trillions of dollars of stock trades and direct payola bribes were exchanged using the White House as a broker and government agencies as a stock market manipulation platform. Politicians turned the government into a cheap garage sale of cronyism! This kind of crime illicitly and illegally manipulates the power over who runs the United States Government and who profits from government decisions which are a matter of many trillions of dollars. The act and veracity of this crime enterprise will be proven to the Jury. --- Based on that assertion it will then be proven that:

--- 1.) Plaintiff exposed and reported the crime to proper authorities through proper channels.

--- 2.) Some of those authorities used government resources to operate reprisal attacks against Plaintiff, using government resources to operate the attacks, as revenge for reporting the crimes.

--- 3.) The state-sponsored attacks were supported by the political campaign financiers of the government authorities in order to protect their payola conduits and stock market manipulations.

--- 4.) Over 40 harms, each to be detailed and examined in Court, were documented against Plaintiff by the actions of corrupt government authorities.

--- 5.) In a vast number of previous lawsuits, including one won by Plaintiff and his peers, it was proven that government offices infected with corruption regularly attack and harm citizens in reprisal. -

--- 6.) The government, having been caught in these illicit actions, must now pay Plaintiff for his losses, damages, harms, back-pay fees and other compensation.

--- Plaintiff founded and owned a United States government-financed electric vehicle manufacturing company. His technology and metrics surpassed every: A.) price metric, B.) safety metric, C.) driving range metric, D.) national security metric, E.) debt Ratio metric, F.) non-bribery assertion metric, G.) 100% domestic worker hiring proof and EVERY other issue, which burdened Tesla and Fisker. Plaintiff worked as an employee and contractor for the USA. Tesla And Fisker were financed by the family and investors of Presidents Obama and Biden, as proven by Congressional investigators and email leaks. Government officials ordered attacks on Plaintiff, de-funding and reprisal because Plaintiff reported corruption at the White House, Department of Energy, and other government offices, and because Plaintiff's technology could obsolete the technologies that government officials were illicitly receiving bribes from via insider trading. The attacks and harms against Plaintiff used government resources paid for by taxpayers.

--- There are hundreds of millions of people in America. The same 120 of them are all involved in operating the same crimes and corruption including: the Sony Pictures corruption; the Afghanistan rare earth mine scandals operated through The Energy Department political slush fund that involves the lithium battery cover-ups (headed by Elon Musk); the Big Tech Brotopia rape, sex trafficking, bribery, exclusionism, racism and misogyny issues they were taught at Stanford University; The Facebook - Meta - Google - Alphabet - Netflix, et al, coordinated news manipulation and domestic spying that they engage in; the hiring of Fusion GPS - Black Cube - Gizmodo/Gawker assassins; the destruction of the housing market by their mass real estate manipulations; patent theft and industrial espionage; and the bribery of almost every politician all the way up to the Oval Office.

--- So, while the categories covered in this investigation may seem diverse. They are connected through an enterprise of criminality and illicit, coordinated operations. We list, by name, the 120 most complicit individuals organizing these crimes, in the evidence documents already submitted to the FBI, FINCEN, DOJ, FTC, SEC, FEC, Congress, InterPol and other authorities. Digital financial tracking of those persons and all of their family members should be assumed to have been under way for some time. Wire-taps and device taps of those persons and all of their family members should be assumed to have been under way for some time.

--- That's right! Your public officials use federal agencies as dark-money laundering operations for their friends.

--- If you are a taxpayer: You suffered damages! --- If you are an American business: You suffered damages! -

--- If you are Democracy: You were broken! --- If you were a tech mobster: You made out like a bandit!

--- This is how it worked. No public official wants these crimes to end because most of those officials profit from these crimes!

--- Forget about any allegiance you might have to one political party over another. This is not about parties, this is about racketeering crimes! The Solyndra taxpayer, technology, financial and political disasters that began during the corrupt reign of Steven Chu and Jennifer Granholm at the Department of Energy typified the overt, organized crime, corruption and crony malfeasance of the public funds.

--- This trend was created via the back-door deals between 1.) the U.S. Department of Energy and audacious kick-back schemes created by 2.) Silicon Valley campaign financiers and the 3.) White House. This is the story of the racketeering schemes and scams that set out to steal trillions of dollars of taxpayer cash, in plain sight, under the cover of a national "economic" or "health" emergency "stimulus" scam.

--- IF YOU SEE CORRUPTION, REPORT CORRUPTION: Post a public web page with all of the details and evidence of the political corruption. Then invite all of the press, public, Inspector General's, FBI, SEC, FTC and law enforcement to that web page. This will prevent cover-ups and stone-walling and protect you from getting ignored! Never assume that the agencies that are supposed to help you, will help you!

- The perpetrators operate a **massive and abusive sex cult**. The Sandhill Road Venture Capital offices, located between Highway 280 to Santa Cruz Avenue in Menlo Park, California, house the main perpetrators of this global cartel. Their executives at Google, Facebook, Netflix, LinkedIn, Twitter, and their related holdings, comprise the rest. Their sex cult actions have been widely covered in the news individually in the [Joe Lonsdale rape case](#), [The Kleiner Perkins Ellen Pao sex abuse lawsuit](#), [The Eric Schmidt sex penthouse stories](#), [The Jeffrey Epstein case](#), [The Google Forrest Hayes hooker murder case](#), [The Andy Rubin sex slave case](#), [The Sergey Brin 3-way sex romp scandal](#), [The British Hydrant investigation](#), [The Elon Musk Steve Jurvetson billionaire sex parties scandals](#), [The NXIVM sexual slave cases](#), [The Michael Goguen anal sex slave trial](#), **and thousands of other cases and federal divorce court filings**. This group of people have proven themselves, over and over, to be sociopath control freaks not fit for participation in public commerce, public policy or media control. The Four Seasons Hotel and Rosewood Hotels in Silicon Valley are estimated to engage in over \$30,000.00 of high-end escort sex trafficking per day, a portion of it managed by Eastern Bloc Mafia operators. At least 10 Ukrainian escorts fly in and out of SFO and SJO airports every week for these Cartel members.

- An inordinate number of the members are closeted homosexuals who seek to use their media monopolies and massive lobbyist ownership's to promote child sex and child sex change consideration. Hence the massive, sudden, promotion of those issues in all of their media since they took power in 2008. The press has widely reported on underage boy sex clubs and the payment to [parents for the blood of young boys by these oligarchs](#). A large number of tech VC's and senior executives are covert gay activists who hire women to act as their "beards". Their elitist Yale and Stanford fraternity house upbringings promoted "bromances", "rape culture" and a *don't-worry-daddy-will-fix-it* mentality.

- The AngelGate Conspiracy ( <https://venturecapitalcorruption.weebly.com/the-angelgate-conspiracy.html> ); The Job Collusion Case ( [https://en.wikipedia.org/wiki/High-Tech\\_Employee\\_Antitrust\\_Litigation](https://en.wikipedia.org/wiki/High-Tech_Employee_Antitrust_Litigation) ) and hundreds of other cases, prove that the perpetrators regularly meet, conspire, collude and racketeer, in full view of law enforcement, without ever getting arrested by the FBI because they bribe public officials in order to avoid prosecution. The perpetrators operate in extreme violation of federal RICO laws yet no DOJ or SEC RICO case has been filed against them by federal officials.

- The perpetrators have used their exclusive monopolized cash flow of taxpayer financed grants, contracts and internet infrastructure to purchase the majority of the political lobby firms and technology law firms in America. This gives them an illegal, illicit and unfair ability to control: 1.) which laws are made or stalled, 2.) who gets government funded or blocked, 3.) Who gets tax breaks, tax credits and tax waivers and who does not, 4.) Who gets state-sponsored reprisal targeting or benefits blockades, 5.) Who gets revolving door payola jobs at their companies, 6.) Who gets PAC money bribes, 7.) and many other effects that are legally defined as "racketeering".

- The perpetrators conspire, coordinate and manually manipulate their digital media mass broadcasts in order to collude in a manner that injects coordinated subliminal messages, that no regular voting citizen can detect, into their media in order to manipulate co-aligned political and ideological messages that will promote their ideological beliefs and promote public and policy actions which will provide profits to their stock market holdings which they co-own. Many of those stock market holders, (ie: in Tesla, Google, Abound, Solyndra, rare earth metals, Disney, etc) were coordinated between all of the perpetrators by their partners at JP Morgan, Bear Stearns, Goldman Sachs in such a manner as to collude to rig markets via insider trading ownership's that U.S. Senators, and their families, shared.

- The perpetrators have used their subliminal media control technologies to manipulate every national election since 2008.

- The perpetrators use a contrived Scientology-like hiring and HR management system which seeks out the most vulnerable, naive, easily influenced, and damaged people to fill their employee coffers with, in order to do their bidding. Their employees are nothing less than tools, sheep and fodder for their media manipulations, sexual abuses and ego-mania.

- These people are absolutely evil, sick and sociopath-like individuals who operate with impunity because they are never arrested. They thumb their noses at the law and anyone who does not agree with them. They create fake political issues to milk the emotions of the public in order to gain power.

## **The documents in these files were provided by the witnesses, investigators and crowd-sourced peer-to-peer public law enforcement investigators who uncovered materials that were relevant.**

This case documents and reveals the evidence that a Cartel comprised of public officials, many of them elected and located at the highest levels of government, and their Silicon Valley financiers, engaged in crimes against the public (essentially creating a coup against the U.S. Government) in order to steal taxpayer money and resources.

In a key part of the crime, the Obama Administration used the U.S. Department of Energy, under Secretary of Energy Steven Chu, who was protected by USAG Eric Holder, to payoff campaign financiers via crony kickbacks and stock market "pumps". The same agency staff sabotaged those campaign financier's competitors by defrauding them of tens of millions of dollars by telling them to invest their funds in order to get loans and grants that DOE executives never intended to issue. Government staff also engaged in stone-walling, character assassination and other "dirty tricks" schemes against applicants and competitors. This portion of the corruption crime was implemented and planned from 2007 through 2016. This was a felony abuse of taxpayer monies. Russian billionaires, Goldman Sachs, and other investment banks, and U.S. Senators illicitly profited off of this scheme.

Law enforcement and Congressional evidence now prove the fact that only those who payed campaign finance bribes received the funding from State and Federal agencies and they received it in amounts equal to the size of the bribes they paid. Every single other applicant (hundreds of them) who did not pay campaign bribes, and who did not give stock market warrants to Senators, was stone-walled, de-funded, sabotaged and lost tens of millions of dollars by being defrauded by Energy Department officials who covertly knew that the funding had been hard-wired for their friends, in advance.

The criminal participants sought to manipulate elections and public opinion in order to place their insiders in government offices. They did this in order to steer government treasury cash, contracts, intelligence resources, government benefits and stock market advantages to their private profiteering accounts, at the expense of the public. Historical records and evidence has proven that they, indeed, did engage in these criminal activities.

They abused the operation of the DOJ, FBI, DOE, CIA, SEC, FCC, FTC, DOT and other agencies, in order to operate their scheme.

Via their leaked communications, non-compromised officials, news coverage and public testimony, their crimes and illicit actions are hereby exposed in order to curtail their corruptions.

These Senators, lobbyists, Silicon Valley billionaire oligarchs and investment-bankers used "party ideology" to seek to whip up a zealot-like frenzy to try to get voters to overlook their sins. In the end, the public has finally begun to realize that the issue is not about party politics. It is simply about organized crime and the abuse of public office for out-right theft and stock market fraud by these politicians.

150 criminally corrupt politicians and their Silicon Valley financiers abused hundreds of millions of American voters and the public policy system in order to line their private bank accounts and fulfill their personal needs for power. They operated Congress like an organized crime syndicate. They did this in violation of the law and in violation of public ethics.

These assertions are proven, via hard facts and evidence, in the files contained in this repository. Additional confirming evidence from law enforcement, Congressional and insider sources is also available upon request.

Why does any of this matter?

Because many of us were lied to by our elected officials who then took our life savings and decades of work and put our money in their own pockets. Because many of us were in the offices of Nancy Pelosi, Debbie Wasserman and Dianne Feinstein and personally saw them engage in crimes to pad their own bank accounts at the expense of their co-workers and the public. Because many of us knew Seth Rich, Gary D. Conley, Rajeev Motwani and the 45+ other people who had intimate knowledge of these crimes and then suddenly and mysteriously turned up dead. Because many of us saw these crimes committed, first-hand, and know these assertions to be fact. Because the rest of us are American voters and citizens who will never tolerate this kind of corruption and will never allow it to disappear from public memory or the history books! Because the arms of the law and public justice are ever lengthening and will eventually bring every criminal involved to justice!

## How Elon Musk, Larry Page and Mark Zuckerberg Use Scam Nonprofits to Hide Dark Money

ALL OF THESE CORRUPTION CRIMES ARE ABOUT CRONY KICK-BACK PROFIT PAYOLA

It is of the utmost importance that researchers, investigators and observers understand that these matters have nothing to do with issues of politics or ideologies.

Politics or ideologies were used, by the criminals involved, as mass marketing manipulation tools in a secondary manner in order to manipulate voter trending pressures and increase the crooks government cash windfalls.

The core goal of these corruption crimes was to conduit trillions of government treasury dollars and stock market valuation manipulation profits into the pockets of certain politicians and their crony financiers.

In the ensuing exposure and cover-up, now underway, the criminal elements constantly seek to steer circumspection away from themselves by drawing on emotional political ideology triggers, ie: "...don't believe that we politicians did any crimes, we are part of your political party. It must be the bad OTHER political party making up stories because they are jealous.."

In fact, for a free scoop into the pig trough full of trillions of taxpayer dollars these criminals have proven that they will lie, murder, extort and operate more like a crime syndicate than a pool of elected representatives. This is not about politics, this is about crime.

Politicians are increasingly using nonprofits capable of accepting unlimited dark money funds to advance their agendas and oligarchs use those non-profits to bribe those politicians.

- [Chisun Lee reports:](#)

Since Watergate, it's been illegal for anyone to secretly donate millions to a federal candidate's election campaign. Congress decided at the time that capping contributions was a price worth paying to deter corruption. For the same reason, campaign finance law requires candidates to publicly disclose donations above a certain amount. Sunlight, as the Supreme Court likes to say, is the best disinfectant.

But such rules — designed to prevent would-be officeholders from being "bought" by wealthy donors — don't apply to a burgeoning new mode of self-promotion that politicians are embracing once they actually take office.

Like so-called "buddy PACs" — unlimited spending groups that support a single candidate *during* campaign season — the new must-have accessory for successful politicians is the officeholder-controlled nonprofit. These entities, launched *after* the campaigning is over, can raise unlimited amounts in secret donations to spend on promoting officeholders and their agendas. And they are gaining popularity among elected officials at every level of government.

The time has come to enact common-sense regulations to stop these nonprofits from corrupting our politics.

Among the most prominent examples: America First Policies, a 501(c)(4) social welfare nonprofit that President Trump's top advisors founded a week after his inauguration. Earlier this year, CNBC reported the group has [conducted polling](#) worth as much as seven figures — work that typically fuels political ad campaigns. Among other promotions of Trump administration positions, the nonprofit produced a [TV ad](#) last fall that featured flattering footage of the president and called on viewers to "stand with President Trump to cut taxes, now." The donors to America First Policies remain secret.

In a recent [report](#), we at the Brennan Center for Justice found that at least two presidents, seven governors, and several prominent mayors — from both major parties — have established nonprofits that allow them to raise unlimited, anonymous funds for political spending after election day.

Since 2010, these elected officials — including Republicans like embattled Missouri [Governor Eric Greitens](#) and progressives like campaign finance warrior [Bernie Sanders](#) — have altogether raised as much as \$150 million for nonprofits that they are able to control and use to promote their respective agendas.

Allowing elected officials to take unlimited cash from usually secret donors through these nonprofits opens the door to conflicted loyalties and corruption. Occasional [exposés](#) reveal some of these donors have specific business interests before the elected officials whose nonprofits they support — and likely see their donation as a means to win government decisions that will benefit them.

In New York State, for example, gambling companies donated \$2 million to a nonprofit affiliated with Governor Andrew Cuomo just before the he [declared his support](#) for increasing gambling in his 2012 State of the State address. And in Los Angeles, a pipe manufacturing executive made it clear that his million-dollar pledge to the mayor's nonprofit was meant to gain influence in a city that forbids campaign contributions by companies seeking government business. He [told the Los Angeles Times](#), "We want to influence the government leaders to make the right decisions so that we can be more competitive."

Some of these nonprofits have taken steps at self-regulation. President Obama's Organizing for Action wrote the playbook on turning these types of nonprofits into publicity juggernauts. In the spirit of being "open and transparent," OFA decided early on to [voluntarily disclose](#) its donors. But hoping that officeholder-controlled nonprofits will voluntarily disclose funders is

hardly a plan to ensure ethical governance.

Americans deserve to have confidence that decisions about who builds bridges or treats drinking water are based on the most qualified, competitive bid – not who gives the most to an elected official's nonprofit. For this reason, we recommend a straightforward set of laws to bring transparency to these nonprofits and limit the influence of those with specific business interests before government, and we're urging legislators across the country to adopt it.

First, we should identify those nonprofits that pose a major risk of corruption – determining whether an elected official or close associates control the group and, if so, whether the group spends substantial amounts on promoting the official. Then, for the small set of entities this test would identify, we propose two key safeguards that are well-established components of anti-corruption law. One is public disclosure of who is giving money, and how much, to an officeholder-controlled nonprofit. The second is contribution limits for donors who have concrete business interests that the politician has the power to affect.

Some jurisdictions have already started following this model. In New York City, similar legislation kicked in this year following a federal investigation into Mayor Bill de Blasio's [nonprofit](#) and allegations of ethical transgressions. And in early 2017, the Missouri legislature considered a [measure](#) to require certain nonprofit groups to report donations, though the effort fell short.

To be sure, nonprofits associated with elected officials may do work that serves the public. They may use the officeholder's high profile to attract private funding for education, economic development, antipoverty work, and more. The beauty of a legal solution that focuses on control by the elected official and spending to promote that official is that these public benefits can go on, uninterrupted.

But with officeholders' increasing reliance on private donors even outside of campaign season, requiring transparency and limiting donations by those seeking government business are crucial starting points for protecting government integrity. To ignore this growing problem of money in our politics, where a [handful of ultrarich donors](#) already wield grossly outsized influence, would ignore an unacceptable threat to representative democracy.

## A few politicians go after political 'dark money' with anti-corruption measure but it is just an act to protect Big Tech!

HR1 is designed to combat the secret political funding illustrated in the John Doe Files, leaked to the Guardian in 2016

[Ed Pilkington](#) in New York and [Sabrina Siddiqui](#) in Washington

The influence of "dark money" in American politics that allows billionaires to fund political campaigns through third-party groups without disclosing their involvement was put under the spotlight at a congressional hearing on Thursday, as [Democrats](#) use their newfound majority to crank up a sweeping new anti-corruption measure.

In the first hearing on the bill, known as HR1, the House administration committee examined how undisclosed donations from some of the country's richest individuals is distorting the way politicians are elected.

"The mechanics of our democracy - access to voting, running for office, holding government accountable - have undergone radical changes in recent years," Congresswoman Zoe Lofgren, the committee's chairwoman, said while commencing the hearing.

She added: "These changes have tended to restrict the rights of eligible voters. It has made the voices of the wealthy and powerful so loud that they can drown out the voices of ordinary people."

The committee heard from a range of election experts, as well as from civil rights activists, who illuminated the impact of such "dark money" on the lives of ordinary people.

A key example of the corrosive influence of secret political funding presented before the committee was the John Doe Files, the vast tranche of documents leaked to the Guardian in 2016 and posted in their entirety on the Guardian website. [The 1,500 pages of material](#) exposed how big corporations and some of the wealthiest rightwing donors in the US used their fortunes to prop up prominent politicians, in some cases going on to extract political favors in return.

Peter Earle, one of the panelists, was poised to appear before the committee later in the hearing to detail the revelations of [the John Doe Files](#). A civil rights trial lawyer in Milwaukee, Earle has been suing the historic manufacturers of lead paint in a long-standing case designed to secure compensation for poisoned children as well as to generate funds needed to remove still existing toxic paint from hundreds of thousands of homes across the US.

"It is indeed a sad day for our democracy when a rich and powerful corporate CEO can deprive innocent victims of lead poisoning their day in court just because he could afford to secretly donate huge amounts of money to greedy and ruthless politicians," Earle will say, according to a copy of his written testimony.

"The only reason that this story is publicly known is because years after the secret six-figure donation and subsequent sweetheart legislation, a trove of previously secret documents was leaked to the Guardian newspaper by a valiant whistleblower."

The Guardian's documents revealed that the late owner of one of the largest historic makers of lead paint, NL Industries, had donated \$750,000 to a third-party group in Wisconsin that was heavily involved in helping the state's then governor Scott Walker fight a recall election. As the money was passed through a group, the identity of the donor, NL Industries' owner Harold Simmons, remained secret until the Guardian exposed it.

That meant that nobody was able to join the dots when, soon after Walker won the election, the Republican-controlled legislature in Wisconsin changed state law. Under the rule change, it became much more difficult for victims of lead paint poisoning, most of them children, to sue NL Industries and other former lead paint manufacturers for the damage inflicted on them.

Concern about the pervasive influence of undisclosed political donations by corporations and the super-rich has become a red hot issue, particularly among the new intake of young Democratic Congress members swept in by November's mid-term elections. The "corruption game" played by Alexandria Ocasio-Cortez before the House Oversight committee in which she denounced campaign finance controls – or the lack of them – this week became the [most viewed video](#) of a politician's speech ever posted on Twitter.

In it she said: "We have a system that is fundamentally broken."

The Democratic party has chosen to mark its renewed dominance in the House of Representatives following the November elections by putting reform of America's stricken democracy at the top of its agenda. HR1, known as the [For The People Act](#), includes strong provisions designed to combat corruption by forcing all organizations involved in political activity, including so-called "social welfare" groups, to disclose large donors.

The bill is likely to be put to a House vote next month and is assured of passage through overwhelming Democratic support. It is almost certain to flounder, however, in the Republican-controlled Senate, given the [virulent opposition](#) from the party.

Mary Bottari, a researcher with the watchdog on money and politics, the Center for Media and Democracy, said Wisconsin should be seen as a cautionary tale for the nation. "Billionaires give huge amounts to aid politicians but because they gave it to a third-party group the public would never know."

Many senior figures in the current Republican party and Trump administration appear in the John Doe Files. Trump himself has a walk-on part: the leaked documents disclosed that he [made a donation of \\$15,000](#) following a personal visit from Scott Walker to Trump Tower in New York.

Another who [makes an appearance](#) in the documents is Nick Ayers, who has just stepped down as chief of staff to the vice president, Mike Pence. He has reportedly left the White House

for a senior role in a super Pac that will be channeling money from big donors to Trump's 2020 re-election campaign.

Also prominent at Thursday's hearing was the issue of voting rights and efforts to restrict access to the polls that are predominantly aimed at people of color and students.

"The promise of this country is that every person has a voice and every person out to be counted," Chiraag Bains, the director of legal strategies at the public policy organization Demos, told the panel. "Our history has been one of struggle to make that promise a reality."

## WHO IS THE PALO ALTO MAFIA? - #PaloAltoMafia

### - A demand for FBI arrests of these parties

The **Palo Alto Mafia** is an ad hoc organized crime group that violates RICO racketeering laws by engaging in dark money political corruption. These mobsters use covert dark money schemes to direct elected officials to take public tax money and put that money in their pockets and the pockets of their campaign financier associates while using government resources to sabotage competitors. They pay the bribes to the political officials with stock market warrants, prostitutes, credit cards, real estate, mortgages, loans, revolving door jobs, contracts and other dark money.

Counter-measures against these criminals are aimed at making sure they are exposed, doxed, shamed and arrested! Private/public databases have been created to track and destroy all of their stock market holdings, Silicon Valley monopolies, off-shore spider holes, covert payola trusts, hidden shell corporations, sex trafficking clubs, emails, credit cards, stock accounts, covert real estate holdings, tax write-off profit fronts and other illicit assets.

They accrued money and power by creating mass hyper-scaled monopolies, mostly in new digital markets, by exploiting exclusive government financed exploitation provided by laws, grants and contracts that the politicians, that they owned, produced exclusively for them while locking out their competitors.

Although often exposed in such cases as the "*Angel Gate Collusion Case*", "*The Silicon Valley No Poaching Class Action Lawsuit*" and hundreds of other cases, their ownership of the senior executives at FBI, SEC, FTC, FEC, OSC, DOJ and other enforcement agencies has, so far, prevented their formal interdiction.

While using billions of dollars of PR agencies to promote a "crunchy-granola", we-are-saving-the-world, "goodie-two-shoes" image for each of themselves, behind the scenes they conspire, collude, sex traffic, bribe, spy, black-list, payola, media bias control, censor, abuse and use Democracy as their play-thing for their sociopath addictions to power and money.

They bankrupted old-school print media and replaced it with digital media **which they control** to promote only their profiteering ideology. They control almost all search engines and media servers to rig them to censor public information and mass manipulate social perspectives using the automated tactics exposed in documentaries like: "**The Creepy Line**" and 60 Minutes segments about "**Information brokers**".

They pay their bribes to their politicians and operatives using dark money relayed by corrupt law firms, lobbyists, media services and character assassination services like IN-Q-Tel; Gawker Media; Jalopnik; Gizmodo Media; K2 Intelligence WikiStrat; Podesta Group; Fusion GPS; Google; YouTube; Alphabet; Facebook; Twitter; Think Progress; Media Matters; Definers; Black Cube; Roger Stone, Mossad; Correct The Record; Sand Line; Blackwater; Stratfor; ShareBlue; Wikileaks; Cambridge Analytica; Sid Blumenthal; David Brock; Covington and Burling, Perkins Coie, Wilson Sonsini and hundreds of others...

There are over 150 sudden, unexpected, suspicious deaths associated with person's who were at odds with this organized crime group ranging from "suicides", strange accidents and clear murders.

The tremendous number of sex scandals this group has been involved in are related to their need to control others, a key character trait of the sociopath psychological profile demonstrated by the majority of them.

They instruct the HR staff of the companies they own to only hire naive young employees that will appear to follow their echo-chamber-optimized, highly controlled corporate ideology culture. Any who fall out of proper "group-think" are fired until they have culled a perfect clone army of indoctrinated followers to push their political and profiteering control goals.

A large number of them are homosexual, subscribe to the Jewish cultural social training and are deeply influenced by collegiate fraternity and sorority teachings about social roles and elitism.

Carl Thorsen and Alec French, Thorsen French Advocacy (This two-man bipartisan firm often works on issues that are off the beaten path for clients such as the American Association for Justice, the Directors Guild of America and Cultural Care Au Pair.)

Stu Van Scoyoc, Van Scoyoc Associates (Van Scoyoc has cultivated a partisan firm with roots in appropriations issues, helping out clients such as SeaWorld, Airports Council International, the city of San Diego and the Cleveland Clinic.)

Stewart Verdery, Monument Policy Group LLC (It's been nothing but growth since Verdery founded his shop more than 10 years ago; they've launched a public affairs arm and reopened a Seattle office this year.)

Jack Victory and Rick Shelby, Capitol Hill Consulting Group (Victory is a CEO with a knack for developing legislative strategy; Shelby wields power in the energy space and in state politics.)

Jonathan Yarowsky, WilmerHale (Yarowsky's client sheet spans multiple industry sectors, setting the tone as co-chairman of the firm's public policy and legislative affairs practice.)

**Together they use the key political tactic of "heart-string" stock market pumping.**

They deploy a coordinated PR program that hypes a certain fabricated "issue" which will end up increasing the valuation of stock market stocks they own.

"Immigration" creates more DNC voters which allow them to control more Senators who, in return, create more policies which increase the valuation of the Mafia's stock market holdings at JPMorgan and Goldman Sachs.

"Climate Change" causes more government cash for the solar panels, wind farms, lithium ion batteries and electric cars which the Palo Alto Mafia owns the exclusive rights to. The more they can push a "crisis" perception about climate change, the more cash they can put in their pockets. Goldman Sachs is the "advisor" for Tesla, Solyndra and most "green" Mafia companies.

The private profits of this scheme involve over SIX TRILLION DOLLARS of tax money. That is why they will lie, cheat, steal and even kill to keep their plot going.

The top ways to prevent these crimes are to 1.) outlaw lobbying and 2.) create a ten year moratorium of politicians working in politics. The Palo Alto Mafia spends over 16 BILLION DOLLARS per year in lobbying efforts to prevent this from happening.

The Palo Alto Mafia self-deludes and echo-chambers their peers into a frenzy of increasingly violent thought about all those who oppose their schemes and covertly supports ANTIFA as a surrogate entity so that they can sit in their Woodside mansions and "remote-control" disruptions and political resistance.

In fact, they are sociopath criminals deserving arrest by federal police and prosecution under RICO Racketeering laws.

## AAA WHO OPERATED THESE CRIMES?

The following individuals did "Abso-F\*CKING-Lutely" nothing to stop these crimes and, in fact, ran these crimes and their cover-ups.

We reported these crimes to most of these people in written police reports and these "public officials" then ran for cover and stone-walled all of those investigations in order to run insider trading scams to profiteer on the backs of the public using the stock market.

The voters, the media and the world will now work together to make certain that the legacy of these criminal abusers of the public trust places the in every history book as a "SCUMBAG AND CORRUPT MANIPULATOR OF THE PUBLIC INTEREST" next to their names, and their families names, for all of time.

**HERE ARE THE SCUMBAGS that covered up, stalled investigations, profiteered and lied in these corruption schemes:**

## The Khaki Pants Mobsters Of Palo Alto:

--- The "Silicon Valley Mafia" is comprised of The Sand Hill Road venture-capital frat boy company bosses in Palo Alto, their National Venture Capital Association (NVCA) facade (Greylock Capital; Kleiner Perkins Caufield and Byers, Draper, Khosla Ventures, etc.) and the tech companies (Google, Tesla, Facebook, Amazon, Twitter, LinkedIn, etc.) that they control.

--- They are sometimes referred to as "The Deep State". They have purchased California, New York and Washington, DC politicians (mostly Senators) who they also control and who own stock in their operations. They hire dirty law firms like MoFo, Wilson Sonsini, Covington, Perkins, etc. and dirty lobbyists like McBee, Podesta, Blumenthal, etc. to do their dirty deeds. -

--- They hire rogue ex-intelligence agents to operate Fusion GPS, Gawker/Gizmodo, Black Cube, ShareBlue, New America Foundation, In-Q-Tel, Podesta Group, Media Matters, etc. massive media attack programs against competitors, reporters and outsiders.

--- They collude with black-lists, valuation payola, election manipulation, search engine rigging, domestic spying for political manipulation, stock rigging, insider trading, Jeffrey Epstein-like executive prostitute sex-trafficking clubs, trophy wife trades, the bribery of politicians and worse. They are felons who bribe politicians to halt investigations and interdiction efforts.

--- They have quid-pro-quo stock market bribe deals with Senators Reid, Feinstein, Harris, Boxer, Spier, etc. In the CleanTech Crash: Every single Dept of Energy executive, and related Senator, owns stock market assets in Tesla, Fisker, Solyndra, Ener1, etc. so they blockaded and sabotaged every applicant who competed with their holdings in a RICO-violating, felony organized crime, using taxpayer funds, in order to profit at the expense of taxpayers.

--- They are widely covered in news media articles as: 'sex abusers, cult enthusiasts, elitists, rapists, woman beaters, probiosis practitioners, sexual work extortion operators, extremists, arrogant clones of each other, tone deaf, echo-chamber reinforcing, misogynist, racist, manipulative, insecure, covertly gay, corrupt, thieves' and other anti-social revelations. The divorce court and lawsuit federal court records on them prove that they are sex-abusing sociopaths.

--- They use their monopolistic control of the internet to massively and exclusively scale services that only they control and use to abuse the public's privacy, human rights, invention rights and information. They run their cartel like the old Italian Mafia once did.

--- Some of the top crooks and bribe-payers include: Google's Larry Page, his boyfriend Elon Musk; Google's Eric Schmidt, Andy Rubin, David Drummond, Kent Walker, Jared Cohen and Sergy Brin; Political manipulators David Plouffe, Steve Westly, Steve Spinner and Vinod Khosla; Sociopath billionaires Reid Hoffman, Richard Blum, Jeff Epstein, Tim Draper, Steve Jurvetson, etc.

--- They order their staff and associates to: bribe politicians; operate sex trafficking for them; manipulate stock market valuations; launder money; run off-shore tax evasion schemes; black-list employees and competitors; hide, down-rank, DNS dead-hole, shadow-ban, censor and server obfuscate enemies on the entire web; rig the U.S. Patent Office; help them cheat on their wives; and engage in massive volumes of insider, illicit, RICO and anti-trust violating crimes while bribing public officials to avoid prosecution. The companies and corrupt politicians of Silicon Valley must be erased in order to, first, repair Silicon Valley.

--- The Silicon Valley tech Cartel (AKA: "Paypal Mafia", "Deep State") is evil because these racist, ageist, sex-trafficking, money-laundering, elitist, politician bribing, tax evaders: steal any technology they desire; FACEBOOK AND GOOGLE MAKE \$100M IN PROFITS OFF OF EACH CLASSROOM SHOOTING!!!

--- They manufactured the CLEANTECH CRASH as shown in the 60 MINUTES episode of the same name; they run a prostitution ring and sexually extort young women and interns in Silicon Valley; they are 'rape culture' take-what-they-want misogynists, ageists and racists as their history of abuses has proven; their Palo Alto Cartel operates AngelGate-type collusion and stock market insider trading schemes that harm independent business and the public; their Cartel ran the "no poaching" CEO ring which was class-action sued by DOJ and tech workers; 90% of their divorce court files reveal horrific abuses and sex trafficking; They have an army of lobbyists that pay cash, stock market and revolving door bribes to U.S. Senators; They can even evade FBI and SEC investigations; They hire women to act as 'trophy wives' and 'beards'; they have lobbyists rig the U.S. Patent Office in order to block inventor patent rights because they are using stolen technologies; they have been caught on video and recordings beating, kicking and harming women hundreds of times.

--- They have bought up all of the Tier-One tech law firms and order them to black-list, and never help, those who seek equal tech rights; they collude to abuse your privacy and make databases on the public for political control; they have to cheat to compete because they are only good with spread sheets instead of innovation; They run black-lists, character assassination attacks, collusion and other anti-trust violating acts in violation of RICO laws. Silicon Valley has become the largest assemblage of douche-bags and yuppie frat boy criminals in human history.

Theranos is not the exception, it is the standard. Tesla, Google, Theranos, Wework, Facebook are lies backed by famous political insiders to protect their insider trading and covered-up by fake news operators. They are also fronts to fund political campaigns via the ill-gotten profits from their endeavors. When the bad guys, and their lap-dog politicians, attack you because your products are better than theirs they are proving that they are frat boy scumbags, from Stanford and Yale, that operate in a little pack, like dogs! Their Sandhill Road operation should be raided by the FBI!

The best thing that could come from the COVID pandemic is that they all are forced into bankruptcy! When your Senator holds stock market shares in companies that exist to profit on the backs of consumers, via corruption, then it is impossible for that Senator to ever do anything but be corrupt! We have reported this in writing to winklerm@sec.gov, sanfrancisco@sec.gov and 30+ other federal officers but have yet to see our whistle-blower rewards...or any action! Do you wonder how big politician insider stock trading is?

--- Take a look at how many TRILLIONS of dollars pass through the stock markets annually and then look at the reported, AND UNREPORTED, securities holdings of famous U.S. Senators and government agency staff. That is what Seth Rich and the people in the "In Memory Of" section, below, were disclosing. These are massive crimes! The perpetrators operate a massive and abusive national sex cult.

--- The perverts in the SandHill Road Venture Capital offices, located between Highway 280 down to Santa Cruz Avenue on Sand Hill Road in Menlo Park, California, are the main perpetrators of this global cartel. Their executives at Google, Facebook, Netflix, LinkedIn, Twitter, and their related holdings, comprise the rest. The Harvey Weinstein and Ed Buck sex scandals are well known.

--- These men's sex cult actions have been widely covered in the news individually in the Joe Lonsdale rape case, The Kleiner Perkins Ellen Pao sex abuse lawsuit, The Eric Schmidt sex penthouse stories, The Jeffrey Epstein case, The Google Forrest Hayes hooker murder case, The Andy Rubin sex slave case, The Sergy Brin 3-way sex romp scandal, The British Hydrant investigation, The Elon Musk Steve Jurvetson billionaire sex parties scandals, The NXIVM sexual slave cases, The Michael Goguen anal sex slave trial, The Tom Perkins Hooker Parties and thousands of other cases and federal divorce court filings.

--- This group of people have proven themselves, over and over, to be sociopath control freaks not fit for participation in public commerce, public policy or media control. The Four Seasons Hotel and Rosewood Hotels in Silicon Valley are estimated to engage in over \$30,000.00 of high-end escort sex trafficking per day, a portion of it managed by Eastern Bloc Mafia operators. The Elon Musk sex perversions are the tip of the iceberg. At least 10 Ukrainian escorts fly in and out of SFO and SJO airports every week for these Cartel members.

Google boss David Drummond engaged in horrible philandering sexual violations of his wife yet Google covers up every story about it on the web. Google's Eric Schmidt is under massive investigation. You hear about the female victims of this sex cult but you rarely hear about the young male victims. One of their vast numbers of prostitutes is quoted as saying that the girls and boys are paid "not just for sex but for the oligarch's endless need to feel that they can control anyone for any reason...". Multiple attorney general's controlled by their cartel, ie: Eric Schneiderman and Eliot Spitzer, are involved in these sex rings.

These are the main influencers of a national political party and they are all involved in horrific sex perversions and abuses!

--- All Silicon Valley tech cartel media companies work together to censor all news and information in order to hide coverage of their dirty deeds and to only put politicians in office that will give the Cartel political payola, kick-backs and insider stock pumps.

---- The Smedley Butler "Business Plot" from the past is not unlike the coup that Google and clan tried. See details in Emily Chang's book: BROTOPIA; Roan Farrow's book: CATCH and KILL; Edward Snowden's Book: PERMANENT RECORD; Peter Schwetzer's book: THROW THEM ALL OUT; Dave Eggers book: THE CIRCLE; Franklin Foer's book: WORLD WITHOUT MIND; Corey Pein's book: JOURNEY INTO THE SAVAGE HEART OF SILICON VALLEY; Dan Lyon's book: DISRUPTED; Antonio Martinez book: CHAOS MONKEYS. The Angelgate, Epstein, No-Poaching DOJ Class Action, and hundreds of other cases, prove that they meet, conspire, collude and blacklist in felony violation of anti-trust and RICO Racketeering laws.

- 90% of these guys came from the same date-rape fraternity houses involved in the recent college rape cases.

---- There are hundreds of millions of people in America. The same 120 of them are all involved in operating the same crimes and corruption including: the Sony Pictures corruption; the Afghanistan rare earth mine scandals operated through The Energy Department political slush fund that involves the lithium battery cover-ups (headed by Elon Musk); the Big Tech Brotopia rape, sex trafficking, bribery, exclusionism, racism and misogyny issues they were taught at Stanford University; The Facebook - Meta - Google - Alphabet - Netflix, et al, coordinated news manipulation and domestic spying that they engage in; the hiring of Fusion GPS - Black Cube - Gizmodo/Gawker assassins; the destruction of the housing market by their mass real estate manipulations; patent theft and industrial espionage; and the bribery of almost every politician all the way up to the Oval Office.

---- So, while the categories covered in this investigation may seem diverse. They are connected through an enterprise of criminality and illicit, coordinated operations. We list, by name, the 120 most complicit individuals organizing these crimes, in the evidence documents already submitted to the FBI, FINCEN, DOJ, FTC, SEC, FEC, Congress, InterPol and other authorities. Digital financial tracking of those persons and all of their family members should be assumed to have been under way for some time. Wire-taps and device taps of those persons and all of their family members should be assumed to have been under way for some time.

---- Twitter, Splunk, Google, Facebook, Netflix, YouTube and the Silicon Valley internet Cartel serve you custom manipulated content by automatically creating a covert digital dossier on you reflecting the content consumption preferences they have spied on about you. They continually evolve their dossier on you in order to steer you towards their ideology and their Democrat political party. At these companies, "data mining", "machine learning" and "AI" means computerized propaganda processing for certain political entities. They began hiring off-shore people (because they would work so cheap) but most of those people turned out to be Muslim. This created conflicts with the entire southern part of the United States (which is anti-Muslim) because those workers steered content to pro-Muslim positions.

---- Their spy dossier on you uses abstract content-specific features of the consumed content, such as categories, topic models, and entities, which they automatically extract using natural language processing by comparing every word you use to a giant computer library of what those words might mean about your psychology.

So it's like you are getting "mind-raped" without any penis use. Their assessment of what your words might mean is based on what rich, white male, \$200K/year, DNC-promoting programmers think they might mean. Their computers scale and expand their tools with algorithmic software created by those politically and socially biased frat white boys that wrote the code. It is all biased as hell. They never hire blacks or women in system creation roles so everything these companies do only supports rich white soyboy snowflake type gamer thinking.

---- Because their Silicon Valley VC's told them to spy on billions of people, even for these web giants, it is impractical to store the entire dynamic history of a user's interaction features. They, thus, out of greed, use algorithms that selectively decay information in order to generalize users and populations. To them, you are just a generalized data point, like cattle on a ranch, to be harvested and fed upon by Silicon Valley.

## **DIE SILICON VALLEY...DIE!!!!**

After a decade of exuberance, Silicon Valley start-ups, venture capitalists and established tech companies alike are cutting investment and firing workers, prompting some in the tech world to openly predict a U.S. recession is on the way.

Facebook and Amazon have slowed their frantic hiring paces, while highflying newer companies including scooter company Bird and email client Superhuman have laid off workers. Tesla chief executive Elon Musk recently told employees he has a "super bad feeling" about the economy, and venture capital firm Lightspeed Venture Partners warned in a blog post that "the boom times of the last decade are unambiguously over."

On Thursday, fashion tech company Stitch Fix said it was cutting about 15 percent of salaried positions, or a total of 330 roles, sending its stock price sinking. The people losing their jobs were told that morning, chief executive Elizabeth Spaulding wrote in a memo to employees.

"In light of our recent business momentum and an uncertain macroeconomic environment, we've taken a renewed look at our business and what is required to build our future," Spaulding wrote.

The broader industry slump worsened on Friday, when the tech-heavy Nasdaq index fell 3.5 percent. It is now down 28 percent for the year.

The sudden shift is giving many in the sector whiplash. Uncertainty has settled over Silicon Valley as venture capitalists, tech founders and regular employees debate whether the pessimism is overblown or if tech really is the canary in the coal mine, already suggesting a broader downturn in the U.S. economy.

### [Most Americans expect inflation to get worse, Post-Schar School poll finds](#)

Tech start-ups do serve as a "leading indicator" for the economy, said Till von Wachter, a professor of economics at UCLA. Higher interest rates can mean it's more difficult to raise money to fund new ventures — which typically take a while to turn a profit.

"They are one of the sectors that are the most sensitive to interest rate changes," von Wachter said. "They are very dependent on what we believe the future to be."

Tech has benefited immensely from the roaring bull market of the past decade, with soaring valuations enriching not just owners and investors but hundreds of thousands of employees who were paid in stock on top of their regular salaries. The pension plans and 401(k)s of millions of Americans have benefited from companies like Apple, Amazon, Google and Microsoft breaking through the trillion-dollar mark and becoming as valuable as the annual output of entire economies such as Italy or Brazil.

Year after year of rising valuations has created a pervasive feeling that there is nowhere to go but up. An entire generation of tech workers and founders have never worked in an industry without long lists of open jobs, new projects getting approved easily and employers throwing a stream of perks such as free meals and unlimited vacation at them.

### [Global leaders warn of economic dangers as crises multiply](#)

Money has poured into smaller tech companies, too, as investors, including traditional venture capitalists all the way up to government-run sovereign wealth funds, have looked for ways to get in on the tech boom that never seemed to end.

Tech has faced shaky moments in the recent past. At the beginning of the coronavirus pandemic, millions of Americans lost their jobs, and tech stocks, along with the rest of the market, fell quickly. But it bounced back almost immediately, and many grew even stronger during the pandemic as government spending boosted the economy and people spent more of their money on e-commerce and digital services.

To some prominent tech luminaries, this moment feels different.

"We do not believe that this is going to be another steep correction followed by an equally swift V-shaped recovery like we saw at the outset of the pandemic," the leaders of blue-chip Silicon Valley venture capital firm Sequoia Capital wrote in a May presentation to its portfolio companies that was published by tech news organization the [Information](#). "We expect the market downturn to impact consumer behavior, labor markets, supply chains and more."

That follows [early warning signs](#), including pandemic darlings feeling the squeeze: Exercise company Peloton's shares slumped and celebrity video app Cameo laid off staff. Amazon also said it had overextended its warehouse space, and Uber CEO Dara Khosrowshahi warned of tougher times to come. Microsoft, Amazon, Apple, Tesla and Google have all lost at least 20 percent of their market value since the beginning of the year.

Even Twitter, which is in talks to be bought by Musk, has been pulled below the price he's willing to pay by a market that's pessimistic about whether the deal will go through, as well as the company's business prospects.

A fresh wave of economic uncertainty has washed over the world as Russia's war against Ukraine grinds on, China's economy wobbles because of fresh pandemic restrictions and the U.S. Federal Reserve raises interest rates to try to tame inflation. That uncertainty hit Silicon Valley early, with share prices beginning a steep decline in January.

#### [Amid global chaos, the tech industry takes a rare tumble](#)

The lack of investor confidence has quickly moved down to start-ups, too.

For years, investors had been pouring money into start-ups in the hope they could go public and net a big return, but that path doesn't seem as reliably profitable anymore. Venture capitalists whose money is tied up in not-yet-profitable tech companies are telling them to cut their spending and prepare to hold on longer without as much money.

Those companies, in turn, are starting to react to the market downturn with layoffs and hiring freezes.

And many companies are paying extra close attention to costs. Bird, the electric scooter and bike company, said this week it had to let go of about 23 percent of employees as it cut costs.

"While the need for and access to micro-electric vehicle transportation has never been greater, macro economic trends impacting everyone have resulted in an acceleration of our path to profitability," Chief Communications Officer Rebecca Hahn said in a statement.

Global venture capital funding fell to \$39 billion in May, its lowest level since November 2020, according to Crunchbase, which noted that later-stage rounds were more heavily hit than early-stage start-up funding.

"We're just seeing a lot more caution from investors because of what's happened in the public markets," said Gené Teare, senior data editor for Crunchbase News.

#### [Elon Musk threatens to back out of Twitter deal over withholding data](#)

Seattle-based investor Greg Gottesman said he and other investors are advising companies to be careful, but he noted that many tech start-ups still succeed during economic downturns.

"There is more of a focus on growing smartly," said Gottesman, managing director of Pioneer Square Labs. "Putting the right amount of people in the right spots and trying to grow smartly as opposed to just aggressively."

The broader economic concerns are real, but cutting investment and spending across the board may create new issues, said Antoine Nivard, co-founder and general partner at Blank Ventures. Many start-ups sell software to other tech companies, making them especially vulnerable when the industry in general slows its pace of spending.

"There's also a self-fulfilling prophecy there. The first demand that evaporates is start-ups selling to each other," Nivard said. "I wish there was a bit less panic and bit more thinking about the nuance."

Whether the slowdown means a broader recession is coming to other industries is still an open question. Not everyone sees tech as a bellwether for the whole economy. Instead, the tech industry may have further to fall than other sectors simply because it received more funding, pumping up valuations to levels that the companies didn't deserve.

"People are going back and realizing, 'Maybe we shouldn't have been pricing at amounts we were doing,'" said Jake Hare, founder of start-up incubator Launchpeer.

#### [Amid global chaos, the tech industry takes a rare tumble](#)

A pullback in investment in start-ups is an example of the kind of thing the Federal Reserve is trying to trigger as it works to cool off the economy and lower inflation, said James Wilcox, an economics professor at the University of California at Berkeley. That doesn't mean a recession.

"That party is over," Wilcox said. "It's not necessarily that there's going to be a terrible hangover from it."

The doom and gloom from senior venture capitalists may also be part of an effort to educate the younger generation and encourage them to curtail spending in case of a downturn.

"If you're funding some 28-year-olds, they don't know a roller coaster, all they know is a rocket ship," Wilcox said. "They haven't seen what a financial winter looks like. They haven't even seen a cold spring."

## THE SILICON VALLEY CARTEL MEMBERS

The Worst Ones - Rev 2.2

You would be shocked to learn how many people are killed, every day, for less than \$50.00. ISIS and the Taliban will saw your head off for just an ideology. If people would commit murder over that small an amount of money, imagine what they would do to control the trillions of dollars of money that is always moving through the stock market. These are the people that will stop at nothing for power, mansions, hookers, private jets and greed!

Why are these people not yet arrested for election manipulation, RICO and Anti-trust violations, money laundering, bribery and other illicit deeds? Who is protecting them? Who is telling the police not to act? This list also serves as a demand for investigation and prosecution of these individuals who conspired to engage in these illicit acts. This is not the complete list.

# WHO IS THE SILICON VALLEY MAFIA?

By Terry Reed and Mark Lawson

They are sex abusers like John Doerr and his entire Kleiner Perkins frat boy staff who were sued by Ellen Pao for the misogyny culture of sexual deviancy and abuse that they promote as their corporate culture. They are tax evaders like Ray Lane. They are hooker-hiring sex traffickers like Google's Forrest Hayes who died from an excess of drugs and sex. They are cheaters like Google's David Drummond who destroyed his family by his addiction to infidelity. They are sex addicts who own sex penthouses and cavort with the notorious Wendy Deng like Eric Schmidt. Amid the World's Largest Corporate Sex Scandals Google CEO Eric Schmidt will now leave Alphabet's board. Schmidt is a known womanizer despite being married for 37 years to Wendy Schmidt, who said in 2012 they started living separate lives because she felt like "a piece of luggage" following him around the world. News outlets have been sniffing around Schmidt's former flames looking for a Harvey Weinstein-like bombshell, a source close to Schmidt told The Post. They are mobster-class justice evasion lawyers like Wilson Sonsini and political bribe conduit lawyers like Perkins Coie. They are charged rapists and psychological sex manipulators like Joe Lonsdale.

When Kleiner Perkins offices were broken into by covert law enforcement operatives much was revealed. This was followed by the hack of all of John Doerr's emails and the email of his top staff. This was followed by the revelation that Doerr bribes Stanford University for special favors for his kids and for certain 'relationships'. Now Doerr must walk on pins and needles because he has been put on notice that even the slightest bribe, political manipulation or mobster-like tech black-listing will not go unnoticed.

A female employee called Tesla's factory a 'predator zone' at a meeting where workers described the constant sexual harassment at Tesla.

DNC chairman Eric Bauman, the head of the California Democratic Party, and the Los Angeles County Democratic Party, has is former assistant say he was first assaulted after falling asleep in a hotel and waking up to his boss performing oral sex on him, and that there were two more instances where he was forced to submit to Bauman.

Bay area party guests and Rothschild-linked Bronfman sisters donated millions to the sex cult whose leaders, Allison Mack and Keith Raniere, have been charged with child sex trafficking.

Goddard, a director, producer and theme park designer, has faced many sex abuse allegations. Eight former members of a Santa Barbara youth theater group in the 1970s alleged that Goddard molested or attempted to molest them. A ninth was said to have told others before he died that Goddard sexually assaulted him as a child. Goddard denied their allegations.

The Silicon Valley Mafia is The Sandhill Road Venture Capital frat boy company bosses in Palo Alto, their National Venture Capital Association (NVCA) partners and the tech companies (Google, Tesla, Facebook, Amazon, Twitter, LinkedIn, etc.) they control. They are sometimes referred to as "The Deep State". They have purchased California, New York and Washington, DC politicians (mostly Senators) who they also control.

They hire rogue ex-intelligence agents to operate Fusion GPS, Gawker/Gizmodo, Black Cube, ShareBlue, New America, In-Q-Tel, Podesta Group, Media Matters, etc. massive media attack programs against competitors, reporters and outsiders. They collude on black-lists, valuation controls, election manipulation, search engine rigging, domestic spying for political manipulation, stock rigging, insider trading, executive prostitute clubs, trophy wife assignments, the bribery of politicians and worse. They are felons who pay politicians to halt investigations and interdiction efforts.

They are widely covered in news media articles as: 'sex abusers, cult enthusiasts, elitists, rapists, woman beaters, probiosis abusers, sexual work extortion operators, extremists, arrogant clones of each other, tone deaf, echo-chamber reinforcing, misogynist, racist, manipulative, insecure, covertly gay, corrupt, thieves' and other anti-social revelations. They are not limited to California and also operate out of New York and Washington DC.

They use their monopolistic control of the internet to massively and exclusively scale services that only they control and use to abuse the public's privacy, human rights, invention rights and information. They run their cartel like the old Italian Mafia once did.

The Department of Justice conducted a series of raids across California tech and media circles and arrested 238 people in connection with a Hollywood pedophilia network, but this story went totally ignored by almost all media outlets. According to police, the arrests included some entertainers, community leaders, white-collar professionals, a monk, and other high-ranking clergy members. The raids were conducted by the Regional Internet Crimes Against Children task force, working directly with the Justice Department. Codenamed "Operation Broken Heart III", the sweeping raids targeted offenders wanted for the sexual exploitation of children, child prostitution, sex tourism and possessing and distributing child pornography, said Deputy Chief Matt Blake. Silicon Valley oligarchs use these intermediate level people to source up sex victims to be delivered to their Woodside and Atherton mansions.

Michael Goguen, who had worked for a firm that funded Google and Paypal, "sexually and physically" abused Amber Laurel Baptiste over more than 13 years after picking her up at a Texas strip club, her lawsuit alleges. Baptiste, who claims she was brought to the United States from Canada by human traffickers at 15, said she endured "countless hours of forced sodomy" from the tech titan. The former stripper said Goguen made her endure demeaning sexual acts, sodomized her for "six hours at a time," and forced her to call him "king" and "emperor." Filed in San Mateo County, Calif., her suit details a life of torture and servitude as she was jetting around the globe to serve as the millionaire's plaything. She claims Goguen had promised to save her from human trafficking but instead became an even worse predator himself.

The Silicon Valley Mafia Cartel is the largest provider of dark money bribes to West Coast politicians including Feinstein, Pelosi, Harris, Brown, Reid, Boxer, Lee, et al.. Those politicians and their families also covertly own the stock of the California tech companies and social media companies like Tesla, Solyndra, Abound, Google, Facebook, Netflix, etc. Larry Wallace, a senior staffer for Sen. Kamala Harris (D-CA) resigned over the discovery he was involved in a sexual harassment lawsuit and \$400,000 payout to the sexually abused victim while working for then California Attorney General Kamala Harris. In the latest case of Hollywood's and Silicon Valley's spiraling sexual abuse scandal, Variety reports that a veteran 58-year-old Disney executive has been charged with three felony counts of child sexual abuse. Jon Heely, the longtime director of music publishing at Disney, was arrested nearly a month ago and charged with three counts of lewd and lascivious acts on a child. One of the reported victims was 15. The other was abused for four years starting at the age of 11, according to the charges. Heely, who oversees the licensing of music from Disney films faces up to nine years and three months in prison according to The Daily News.

It is now time to sound the alarm bells on the economic prospects for the Millennial Generation in the Western world, but more importantly, at Stanford University. This generation of citizens aged 18 to 36, is the first in modern developed economies on course to have a lower standard of living than their parents. Housing affordability and a decaying job environment are some of the most pressing issues affecting Stanford Millennials. The future is bleak for this avocado and toast generation, as Western world economies have likely plateaued regarding economic growth. Surging debt and rising government bond yields are producing an environment that could lead to more hardships for this lost generation. Tech oligarchs have taken full advantage of broke Millennials by offering "adult arrangements" for a roof over their heads. Yes, you heard this correctly, Millennials are trading sex for a place to sleep and sex for tuition at Stanford University.

Sugar Babies now comprise a large portion of Stanford students. Kleiner Perkins and Greylock VC's hire them for sex. Google and Facebook executives use them like disposable sex toys. The student debt crisis in the US has gotten so bad, there's a growing group of young women — and some men — who are taking an unconventional approach to paying for college. Through dating websites like SeekingArrangement.com, and match.com, Sugar Babies, as they're called, partner up with wealthy, often older, men who want to spend money on them. Some 2.5 million Sugar Babies identified as students in 2016 on SeekingArrangement.com. Many of these Sugar Babies turned to the site to find someone who will pay for their education so they can graduate debt, and worry, free. In exchange, Sugar Babies go to dinners, attend events, or accompany their Sugar Daddy, or daddies, on trips. In some cases, they provide companionship or foster a mentor-mentee relationship. In other situations, the terms of the agreement include physical intimacy.

Jermaine Gagnon, 28, told DailyMailTV how he narrowly escaped death when DNC financier Edward Buck injected him with crystal meth at his sex-toy filled apartment. Gagnon said Buck, 63, paid to fly him from Minnesota to Los Angeles, drugged him with a substance dissolved in Gatorade then injected him with crystal meth. The 28-year-old shared photos of Buck, wearing white long johns, crouched over him on a mattress during one of their nights together last year. Gagnon shared images of sex toys Buck had for their encounter, saying: 'He had this red and black toolbox with all types of fetish toys, like c\*\*k rings, sex toys'. He added: 'He gave me some Tommy Hilfiger tighty whities, a muscle t-shirt and some long johns. White knee-high socks'. Gagnon said during one encounter Buck offered him a drink he suspected had been spiked, feeling woozy and weak shortly after drinking it. He said: 'He took my phone. I was so scared. I felt death walked into my soul. I called my mother. I said, 'I feel like he's going to kill me, I think I'm going to die'. Buck is now under investigation over the deaths of two black men, including one man who died of an apparent overdose at his apartment on Monday.

According to the testimony of a federal agent, Harold "H.L." Moody, a former Democratic Party chairman, streamed live videos of children being raped, distributed child pornography to

other pedophiles, and regularly smoked methamphetamine out of a glass pipe while seated at his desk during work hours. Our tax dollars at work, folks. Jason Bennett, a special agent for Homeland Security Investigations, said an undercover agent took "screen shots" of Moody sitting at his desk and chatting with pedophiles in a secret chatroom online on "more than one occasion" between Aug. 29 and Oct. 12. Bennett described Moody as a "high-volume user" who logged in and out of a chat room solely devoted to child pornography several times a day, including 26 times in a two-day span. He was also a host of the private chat room, which Bennett explains indicates that Moody did something to receive such recognition.

Tech magnate Elon Musk reportedly admits in an upcoming book that he once attended a somewhat well-known Silicon Valley "sex party." Musk and his bro-friend: Steve Jurvetson, have been documented in a number of notorious sex scandals. Even worse is the headline that reveals: **"Elon Musk Says Pedophile Accusation Against British Man Was Protected Speech But Ignores Fact That Musk's Father Had Sex With His Own Daughter"**

Dov Katz, head of the computer vision and machine learning group at Facebook-owned Oculus, has been charged in King County for attempted commercial sexual abuse of a minor. The 38-year-old tech exec allegedly attempted to contact what he believed to be a 15-year-old girl for sex. The fictitious 15-year-old was actually an undercover police officer with the Tukwila Police Department, a city just south of Seattle. The news was first reported by KING 5, which said that Katz was arrested by Tukwila Police on Wednesday. An Israeli citizen who resides in California, Katz is forbidden to have contact with any minors, except in the presence of a responsible adult, according to charging documents. Katz allegedly responded to an online advertisement that offered sex in exchange for money, an ad which was posted by undercover police officer posing as a 15-year-old girl. Katz allegedly arranged a meeting at the Embassy Suites in Tukwila, offering to pay \$350 to have sex without a condom. When Katz arrived at the hotel with \$600 in cash, he was arrested by police.

Former Democrat CDC director Dr. Tom Frieden was arrested on sexual pervert allegations. Frieden was charged with forcible touching, sex abuse and harassment, according to police.

California gubernatorial candidate Gavin Newsom's past sexual misconduct disqualifies him from holding higher office, rival Democrat Amanda Renteria said Thursday, and he should resign from his position as lieutenant governor. "If he was in the Legislature right now, he'd be called out, and like what we've seen, being forced out," Renteria said in an interview with The Sacramento Bee. "We've got to be sending the message that the more power you have, the more responsibility you have to protect others." As mayor of San Francisco more than a decade ago, Newsom had an affair with one of his city hall aides, who was also married to his campaign manager at the time.

Google employees have accused Google boss Rubin of sexual misconduct. A woman, with whom Mr. Rubin had been having an extramarital relationship, said he coerced her into performing oral sex in a hotel room in 2013, according to two company executives with knowledge of the episode. Google investigated and concluded her claim was credible, said the people, who spoke on the condition that they not be named, citing confidentiality agreements. Mr. Rubin was notified, they said, and Mr. Page asked for his resignation. Google could have fired Mr. Rubin and paid him little to nothing on the way out. Instead, the company handed him a \$90 million exit package, paid in installments of about \$2 million a month for four years, said two people with knowledge of the terms. The last payment is scheduled for next month. Mr. Rubin was one of three executives that Google protected over the past decade after they were accused of sexual misconduct. In two instances, it ousted senior executives, but softened the blow by paying them millions of dollars as they departed, even though it had no legal obligation to do so. In a third, the executive remained in a highly compensated post at the company. Each time Google stayed silent about the accusations against the men. Google executives have been caught having sex slaves.

The Rosewood Hotel is brimming with tech guys, some loudly talking about money. The college student at our table recommends the ribs—she's been here before, on "dates" with her "daddies." "There are a lot of tech guys," she says. "They want the girlfriend experience, without having to deal with an actual girlfriend." "The girlfriend experience" is the term women in the sex trade use for a service involving more than just sex. "They want the perfect girlfriend—in their eyes," says Miranda, the young woman at our table. "She's well groomed, cultured, classy, able to converse about anything—but not bringing into it any of her real-world problems or feelings. Her adventures in "sugaring" started three years ago when she got hit on by an older guy and rebuffed him, saying, "Look, I'm not interested, so unless you're offering to pay my student loans," and he said, "Well . . . ?" After that, "he paid for stuff. He gave me money to help out with my living expenses." This is how many of the skinny co-eds at Stanford University pay the bills and Stanford bosses look the other way.

In Silicon Valley, There Are Over 100 Services That Deliver Young Men And Girls To Rich Google And Facebook Executives For Dirty Sex. Most of the victims come from local colleges, universities, art schools and the Mission District, Haight Street and Noe Valley districts in San Francisco. They use Facade organizations like "Power Exchange", "Mission Exchange", "The Arena", "Orgasmic Meditation", "NXVIUM", "The Spinsters", "The Guardsmen", One Taste, etc. act as fronts for sexual transactions. The Rosewood Hotel has sex nights for the sale of women using sly hand signals. Almost every hotel on El Camino Real in Palo Alto has a prostitution activity going on around the clock. Russian and Italian prostitutes fly in and out of San Jose and San Francisco airports so often that they are known as the "pusy" ports". Young, impossibly attractive, girls with tight mini skirts and a roller bag in the airport alone are now under constant surveillance by police.

One report recalls: "...At the hotel, Hillary Clinton Mega donor and John Podesta partner Wyss assaulted Long physically and sexually, according to her police complaint. "Me screaming, "No stop it," she wrote in her own handwriting to police. "He grabbed my teeth with his left hand and ripped my mouth open. He inserted a vibrator into my vagina and almost suffocated me by putting his fist into my mouth. I struggled and pushed. I thought for sure he was going to kill me," she wrote. "I left that hotel room sick and in pain," she told police in the statement. She returned to Boulder and "stayed in bed for weeks. The physical sickness of this event was devastating," she told police. Wyss also allegedly threatened to stop his financial support for her daughter if she broke up with him, according to Long. "She's probably one of the first who took on powerful men over sexual misconduct," recalled Police Chief Tom Koby in an interview with TheDCNF. He personally knew the Boulder resident and counseled her about her relationship with Wyss. "After the attack, I had breakfast with Jackie at the Hotel Boulderado. She broke down during breakfast. This thing had happened and it was terrible. She was quite shaken and Jackie doesn't shake too easily," Koby said. "Hans had her in a bind in terms of helping Jackie heal her daughter, who had some serious health addiction issues," Kolby added. "That was what was keeping Jackie in the relationship and she didn't have a lot of money. She was still clinging to the hope she could save her daughter. And that she had these things she wanted to do with these organizations working on detention homes and shelters in Boulder and in Denver," Koby recalled..."

Amid allegations of sexual harassment, embattled freshman Democratic Rep. Ruben Kihuen vowed he will not resign from his post, despite calls from Democratic leaders that he step aside. Instead, Kihuen is digging in with a shocking allegation of his own, taking aim at the leaders of his own party. In an interview with ABC News, Kihuen, D-NeV., said party leaders knew last year about a former campaign staffer's allegations of misconduct but stood by his campaign nonetheless. Kihuen questioned why they are calling for his resignation now, more than a year later. "I do find it interesting that the DCCC, Leader [Nancy] Pelosi and Chairman Ben Ray Lujan — they knew about these allegations last year," Kihuen said. "They looked into them. They didn't find anything, and they continued investing millions of dollars in my campaign. **They went out there and campaigned for me.**"

A married senior official in President Obama's Department of Education was convicted of sex crimes and resigned for following women on the DC Metro and taking pictures up their skirts, DailyMail.com can exclusively reveal. William Mendoza, 42, the former executive director of the White House Initiative on American Indian and Alaska Native Education, stepped down after he was arrested and charged with attempted voyeurism in November, 2016, for the vile acts. Mendoza, who earned \$140,000 a year as a policy advisor in Obama's White House, tried to take photos and videos up women's skirts at least four times on his government-issued iPhones in July 2016 without their consent. He was also caught looking at footage, apparently filmed in secret, of a woman in her underwear getting changed in a dressing room. It is not known if he recorded the video himself. When he took the indecent photos, he was supposed to be at work and was using a travel card funded by the taxpayer, according to documents obtained by DailyMail.com through a Freedom of Information Act request.

After California's then-Attorney General Kamala D. Harris announced felony pimping charges last year against the two owners of Backpage.com — a classified-ad website that is a hub for sex trafficking and prostitution, one of the men cut a \$10,000 check to House Minority Leader Nancy Pelosi's super PAC. Mrs. Pelosi's political action committee, House Majority PAC, has resisted giving the money back, and an aide to Mrs. Pelosi said the California Democrat knows nothing about the contribution. The uproar over sexual harassment that began with the Harvey Weinstein scandal has intensified the scrutiny of political contributions linked to Backpage, which law enforcement officials say is the chief platform for activities far worse than harassment, including sexual slavery and child prostitution. Mrs. Pelosi isn't the only Democrat struggling to deal with the piles of cash that Backpage's owners spread around to candidates and state Democratic parties over the years. Even Ms. Harris, a California Democrat who is now a U.S. senator, ducked the issue. Her office wouldn't respond to repeated emails about Backpage money going to House Majority PAC and other Democratic organizations. Since 2010, the owners and their wives have shoveled about \$99,000 to candidates and about \$95,000 to Democratic parties in Arizona, Colorado and New Mexico, according to federal campaign finance data collected by the Center for Responsive Politics.

Prominent Democrat donor Terry Bean was indicted earlier this month on two counts of sodomy and one count of sex abuse for allegedly having sex with a teenage boy. Bean was arraigned on the charges, TV station KGW8 reported. He pleaded not guilty and was taken into custody at County jail.

The body of investigative journalist Jen Moore was found in her Washington D.C. hotel room on Monday after her investigation into an alleged sexual assault by President William J. Clinton. "In fact, just four weeks before her death, Moore filed details of the alleged victim's claims with the Department of Homeland Security, detailing the allegations against Clinton. Moore contacted Homeland Security beginning on July 6th through July 9th, records show. A week later, she contacted the FBI with identical details about the victim and the shocking allegations against Clinton."

A leading liberal think tank run by a longtime adviser to former presidential candidate Hillary Clinton is facing allegations of serious sexual harassment which went undealt with by management, a new report claims. The Centre for American Progress (CAP), headed by Clinton associate Neera Tanden, has released four policy proposal papers on dealing with sexual harassment in the workplace, but former staffers have come forward with stories of repeated harassment at the think tank, BuzzFeed reports.

Defy Ventures brings the gospel of entrepreneurship to an unlikely place: prisons. The nonprofit company founded by Catherine Hoke says it is dedicated to helping formerly incarcerated people start their own businesses and stay out of prison. "Transform the hustle," the company's tagline encourages. Defy has received grants from Google. Facebook COO Sheryl Sandberg wrote a foreword to Hoke's new memoir. Former U.S. Attorney Preet Bharara called Hoke's work "incredibly inspiring" on his podcast. But while Defy woos Silicon Valley and Washington, D.C., scandal has rocked the company's leadership. Last month, Defy fired its president after he blew the whistle on allegations of sexual harassment by Hoke and fraudulent statistics exaggerating the program's successes.

Henry T. Nicholas III, the Silicon Valley billionaire founder of chip-maker Broadcom, has been arrested by police on drug trafficking charges. According to the Associated Press, Nicholas was arrested on suspicion of trafficking heroin, cocaine, meth and ecstasy. Security was called when Nicholas couldn't get into his sex-fuelled room at the Encore, a Las Vegas casino hotel. When security arrived, they reportedly found Nicholas with Ashley Fargo, the ex-wife of an heir to the Wells Fargo banking fortune. Fargo was passed out with a semi-deflated balloon in her mouth, but was revived by paramedics. According to reports, security subsequently found canisters of nitrous oxide inside the room, and a subsequent search by cops turned up more drugs inside a suitcase. Nicholas's attorney, David Chesnoff, told the Associated Press that they will "deal with the facts in court."

Multiple famous Silicon Valley lawyers have been found dead, hanged by their own hand while attempting to masturbate while choking themselves because they thought that choking would add to the sensation. A formerly powerful Democrat, Attorney Mark Benavides, has been found guilty on six individual counts of human trafficking in a grotesque and sex-filled criminal conspiracy. Mark Benavides, a well-known Democrat who ran for the 186th District Court in 2014, was accused by federal law enforcement of trading his legal services as an attorney for sex from his clients and then recording those manipulative sex-romps, according to local ABC affiliate KSAT. Benavides would then promise the women that if they allowed him to engage in erotic sex that sometimes included physical torture, that he would offer them a legitimate defense in the courtroom.

Hundreds of leaked text messages between Kevin Tsujihara, actress Charlotte Kirk and partners Brett Ratner and James Packer show the powerful executive, under pressure, said repeatedly he would push for auditions as accusations of "extortion" and a proposed settlement agreement followed

## **The World Health Organization (WHO) has declared Silicon Valley oligarch sex addiction to be a mental illness.**

Known as compulsive sexual behaviour disorder, it is defined as an inability to control intense sexual urges leading to people neglecting their health despite often deriving no pleasure from being intimate, according to a report issued by the WHO.

Patients must suffer from the disorder for at least six months, and experience substantial distress as a result of their addiction, before being diagnosed, the report adds.

It is unclear if this move will lead to sex addiction treatment being provided on the NHS, which does not currently consider it to be a condition.

Comedian Russell Brand has been to rehab for sex addiction saying being active between the sheets gives him 'a breathing space, when you're outside of yourself and your own head'.

Comedian Russell Brand has been to rehab for sex addiction saying being active between the sheets gives him 'a breathing space, when you're outside of yourself and your own head'.

Actor Michael Douglas, who is married to Catherine Zeta Jones, also sought treatment for the disorder after numerous affairs ended his first marriage to Diandra Luker in 1995.

As well as reported drug and alcohol problems, Mean Girls star Lindsay Lohan has described herself as 'not a crazy [sex] addict' but adds she enjoys being in different relationships.

David Duchovny, star of The X-Files, sought treatment for sex addiction in 2008 after being unfaithful to his actress wife Téa Leoni.

After the release of a sex tape with his Playboy model ex Nicole Narain in 2003, actor Colin Farrell admitted to liking sex with prostitutes and suffering from an addiction.

Socialite Calum Best, whose footballer father George suffered from alcoholism, has said 'I'm a red-blooded male and I'm addicted to sex'.

Sex addiction is seen as 'shameful'

According to Dr Valerie Voon, from the Royal College of Psychiatrists, between two and four per cent of people in the UK suffer from sex addiction. Three-to-six per cent are thought to have the condition in the US.

She told The Sun: 'It is a behaviour that tends to be hidden as it's shameful and often sex addicts don't come forward.

'Adding this to the WHO list is an excellent step for patients as it allows them to recognise that they are suffering with a problem.

'It takes it out of the shadows and they are able to seek help for it.'

Dr Voon believes sex addiction may one day be treated on the NHS alongside conditions like depression and anxiety.

Gaming addictions tear families apart

This comes after Dr Shekhar Saxena, director of WHO's department for mental health, said the body listed gaming as an addiction based on scientific evidence, as well as 'the need and the demand for treatment in many parts of the world.'

According to Dr Joan Harvey, from the British Psychological Society, only a minority of gamers suffer from the disorder, warning that the new condition might cause unnecessary concern among parents.

She said: 'People need to understand this doesn't mean every child who spends hours in their room playing games is an addict, otherwise medics are going to be flooded with requests for help.'

Others welcome WHO's classification, saying it is critical to identify video game addicts quickly due to them usually being teenagers or young adults who do not typically seek help themselves.

Dr Henrietta Bowden-Jones, a spokeswoman for behavioral addictions at Britain's Royal College of Psychiatrists, added: 'We come across parents who are distraught, not only because they're seeing their child drop out of school, but because they're seeing an entire family structure fall apart.'

The updated ICD is scheduled to be presented to all WHO member states at their annual assembly in May 2019.

According to the relationship counselling service Relate, sex addiction is any intimate activity that feels 'out of control'.

This could be sex with a partner, masturbation, pornography use, visiting prostitutes or using chat lines.

In some cases, people feel unable to control their urges, which affects their quality of life and those around them.

According to the WHO, compulsive sexual behaviour disorder is defined as an inability to control intense sexual urges leading to people neglecting their health despite often deriving no pleasure from being intimate.

Patients must suffer from the disorder for at least six months, and experience substantial distress as a result of their addiction, before being diagnosed, the WHO adds.

## Facebook, Google and Instagram Facing Lawsuits for Teen Mental Health Crisis

Neumann Law Group is now investigating claims against Meta Platforms, Inc., the parent company of Facebook and Instagram for their intentional manipulation of the mental health of young and at-risk users of their products.

In October 2021, a Facebook whistleblower testified to the U.S. Senate how Facebook, Instagram, and Meta used tactics to manipulate young people into using their products for extended periods of time and intentionally created a toxic environment leading to significant psychological harm to America's youth.

An apocalyptic 'cult' led by an eccentric misogynist accused of sexual abuse of young men has taken over a division of [Google](#), a whistleblower has claimed.

Kevin Lloyd, 34, claims that he was fired from his job as a video developer at Google last year because he began questioning the influence of the cult.

In August, Lloyd filed a discrimination case in [California](#) Superior Court, alleging he was fired for digging into Fellowship of Friends - a group based in the small Californian town of Oregon House, and whose members made up a large percentage of employees in his division.

'Plaintiff's preliminary research into Oregon House and the Fellowship of Friends described the Fellowship as a destructive cult, with a pedophilic leader who makes false prophecies about the end of the world,' the lawsuit claims.

'Plaintiff became alarmed that Google was involved with and/or financially supporting such an organization.'

Earlier this month, Lloyd wrote a lengthy description of his case on [Medium](#), and spoke to The [New York Times](#) - who corroborated many of the lawsuit's claims through interviews with eight current and former employees of the Google business unit.

Kevin Lloyd, 34, claims he lost his job at Google because he raised concerns about how many people within the Google Developer Studio were affiliated with Fellowship of Friends

•

Google's campus in Mountain View is 180 miles from the small town of Oregon House, population 1,250 - yet half of the people Lloyd met were from Oregon House, he said

Lloyd said he began work at Google in 2017, as part of Google Developer Studio (GDS) - the tech giant's internal production company, making adverts and video content.

He said it slowly dawned on him that many of the people he met at GDS were from the same small Californian town, 180 miles north of Google's Silicon Valley home, in Mountain View.

The town of Oregon House is home to 1,250 people, and yet Lloyd said he realized that half of the 25 people he met at GDS were from the same town.

Lloyd said he noticed that many of the outside vendors, such as caterers and entertainers at corporate events, were also from Oregon House.

In 2018, Lloyd said, he was speaking to a freelancer who was working with them that day, and was from a town near Oregon House.

Lloyd recalls the freelancer telling him: 'Oregon House isn't a town. It's a cult.'

He began investigating the freelancer's claim, and said he was shocked by what he found.

'There are online support groups for former Fellowship of Friends members to help them process the trauma endured during their membership, as well as problems that arise after leaving,' Lloyd's lawsuit states.

Fellowship of Friends, which is based in Oregon House, was founded in 1970 by Robert Earl Burton, a former school teacher in the San Francisco Bay area.

'From its inception the vision of the Fellowship was, and remains, to establish a practical spiritual organization and to make it available to anyone interested in pursuing the spiritual work of awakening,' they state on their website.

Robert Earl Burton, now believed to be around 83, founded Fellowship of Friends in 1970. He has been accused in multiple lawsuits of sexual abuse

•

Burton is seen with a European artwork purchased with the organization's cash. Members must give 10 percent of their earnings to the group

Burton, believed to be now aged in his early 80s, sought to create a center celebrating the fine arts - with opera, ballet, works of art and literature the focus.

He based his organization in Oregon House, and created a winery where his devotees worked, when not studying the arts.

Google even purchased wine, the lawsuit claims, from the Grant Marie Winery, an allegedly cult-affiliated vineyard run by a Fellowship member in Oregon House.

But critics claimed that he had sexually abused new members of his group - in particular young boys.

In 1984 a former member filed a \$2.75 million lawsuit claiming that young men who joined the organization 'had been forcefully and unlawfully sexually seduced by Burton,' according to documents obtained by [The New York Times](#).

In 1996, another former member accused Burton in a law suit of sexual misconduct with him while he was minor. Both suits were settled out of court.

Some accusers, Lloyd alleged, had been flown to the country under false pretenses and then abused.

### What is Fellowship of Friends?

Founded on January 1, 1970 by San Francisco school teacher Robert Earl Burton, Fellowship of Friends is a non-profit religious organization, headquartered in Oregon House, California.

Burton based his faith system on a philosophy called the Fourth Way, founded by an Armenian philosopher and mystic, George Gurdjieff, who lived from 1866 to 1949.

Burton adopted Gurdjieff's belief that people are in a hypnotic 'waking sleep', and need to work on themselves through studying art, music and literature.

He named his 1,200-acre headquarters Apollo, and his 1,800 followers gave 10 percent of their earnings to the organization - which spent the money on art, fine wine and culture.

Critics have filed lawsuits claiming sexual abuse.

Other critics said that the group was strongly anti-women, and celebrated white European men above all.

In September, investigative journalist Jennings Brown published a six-part podcast produced for Spotify, entitled [Revelations](#).

Brown had spent three years from 2018 digging into the group, and documented allegations of sexual abuse in what he termed a 'doomsday cult'.

Lloyd said he was aghast that GDS was so strongly linked to the Fellowship, with GDS's director, Peter Lubbers, described as a longtime member of the group, who joined shortly after he moved to the U.S. from the Netherlands.

Lubbers introduced a video producer named Gabe Pannell to the Fellowship: Pannell was pictured with Burton in 2015, and described as a 'new student', The New York Times report.

Lloyd's lawsuit states: 'Mr Lubbers gained status and praise relative to the increase of money flowing to the Fellowship through his efforts at Google that put (and kept) other Fellowship members — directly or indirectly — on Google's payroll.'

Lubbers insisted faith had nothing to do with his hiring.

'My personal religious beliefs are a deeply held private matter,' Lubbers told The New York Times.

'In all my years in tech, they have never played a role in hiring. I have always performed my role by bringing in the right talent for the situation — bringing in the right vendors for the jobs.'

Pannell told the paper that those hired were brought in from 'a circle of trusted friends and families with extremely qualified backgrounds'.

Lloyd, in his Medium post - which does not name Lubbers or Pannell - said that anxiety about the Fellowship, and its reputation, sparked a panic attack, for which he was admitted to ER.

He said in his court documents that he worried events he produced 'could somehow be used to funnel money back into the Fellowship of Friends.'

Burton is seen in a 1981 photo at Oregon House. In 1984, a former member filed a \$2.75 million lawsuit claiming that young men who joined the organization 'had been forcefully and unlawfully sexually seduced by Burton,' according to documents obtained by The New York Times. The suit was settled out of court

Fired in February 2021, he has retained a lawyer who previously represented a woman at Lubbers' previous company, Kelly Services, and sued in 2008 in a similar case.

Lynn Noyes claimed that Kelly Services had failed to promote her because she was not a member of the Fellowship.

A California court awarded her \$6.5 million in damages.

'Anyone outside of the Fellowship is seen as somehow inferior and at times adversarial,' Lloyd's lawsuit says.

'Those that express serious concerns, criticism or question the group may be eventually perceived as enemies.'

Google told The New York Times that they were barred by law from inquiring about someone's religious practices during the hiring process.

'We have longstanding employee and supplier policies in place to prevent discrimination and conflicts of interest, and we take those seriously,' a Google spokeswoman, Courtenay Mencini, said in a statement.

'It's against the law to ask for the religious affiliations of those who work for us or for our suppliers, but we'll of course thoroughly look into these allegations for any irregularities or improper contracting practices.

'If we find evidence of policy violations, we will take action.'

Fellowship of Friends was approached for comment.

## Y Combinator is half homosexual sextortion elitists and half Frat boy Google-worshippers seeking to control politics and expand the Silicon Valley Echo-Chamber

In its main program, Y Combinator interviews and selects two batches of companies per year. The companies receive [seed money](#), SJW advice, and echo-chamber connections in exchange for 7% [equity](#).<sup>[2]</sup> The program includes "office hours", where startup founders meet individually and in groups with Y Combinator partners for advice on how to be good liberal clones. Founders also participate in weekly dinners where guests from the [Silicon Valley](#) ecosystem (successful entrepreneurs, venture capitalists, etc.) speak to the founders. The deal at Y Combinator is "If you help us control American politics and ideologies, we will give you some cash..."

In Y Combinator meetings, naive young Millennial boys are stupid enough to wear sheep clone Fedora's, have the same tattoos and the same haircuts and carry the same man-bags. The robot-like hipster conformity is overt and ludicrous.

The bottom line is that you are going to get fucked by Y Combinator one way or another. The VC's and investors that fund it will extort you for blow jobs and anal sex. If you were not in a Stanford or Yale Frat House you will be ostracized. If you are over 30 you will be ostracized. If you are black or Mexican you will be ostracized. If you are a woman you will be ostracized after you are sextorted. If you don't worship ANTIFA and Barack Obama you are ostracized.

The bosses of Y Combinator are the single biggest group of narcissistic, sociopath, holier-than-thou, effete, peacock strutting, misogynist pigs on Earth. They love nothing more than hearing themselves talk.

Y Combinator's motto is "Make Something Liberal Idiots Want And Nothing That People Actually Need."<sup>[3]</sup> The program aims to focus the founders on further developing their product, team and market, refining their business model, achieving [product/market fit](#), and scaling the startup into a [high growth](#) business, etc. The program culminates at Demo Day where startups present their business to a selected audience of Democrat investors.<sup>[4]</sup>

As of 2017, Y Combinator had invested in ~1,450 companies including [Dropbox](#), [Airbnb](#), [Coinbase](#), [Stripe](#), [Reddit](#), [Instacart](#), [Twitch](#), [Cruise Automation](#), [Optimizely](#), [Zenefits](#), [Docker](#), [DoorDash](#), [Mixpanel](#), [Heroku](#), [Machine Zone](#), [Weebly](#), and [Paribus](#).<sup>[5]</sup> The combined valuation of YC companies was over \$80B.<sup>[6]</sup>

## **STANFORD UNIVERSITY HAS A CULTURE OF CORRUPTION AND TEACHES THE SILICON VALLEY 'ELITES' THEIR WARPED.**

Corrupt political families conspire to give government funds, contracts, tax waivers, buildings, stock market profits and other insider perks to themselves and their friends. They also conspire to blockade, harm, sabotage and black-list those who compete with them and their friends. These corrupt politicians are never prosecuted for their crimes, and can laugh in the face of those who point out their crimes, because they control the prosecution system. Their Quid Pro Quo criminal corruption is the single largest cause of the taxpayer hatred of Congress.

**Shoshana Zuboff's, The Age of Surveillance Capitalism** - Why Twitter, Google, Facebook, Instagram, YouTube, Alphabet are the SAME Thing. The SAME SICKO tech elites and the same kinds of social privacy RAPE against citizens!

<https://www.contagious.com/news-and-views/shoshana-zuboff-on-the-age-of-surveillance-capitalism>

Stanford University builds corporate criminals, sex traffickers, sociopaths and elitist narcissists. It trains naive children to grow up to become adult stains on society!

--- In California, elite arrogant asshole dynasties send their kids to Stanford University. Stanford puts the kids in asshole frat houses to train them to get away with rape and run

monopolies.

---- The problems at Stanford University include:

---- Rape cover-ups by frats from rich families

---- Epic racism

---- Inter-Staff sex scandals that make the whole campus look like A Caligula party

---- Dynastic families control the whole campus

---- Arab, Iranian and Chinese oligarchs pay bribes to get their kids in

---- The CIA is always recruiting everyone and the most notorious spy project: STARGATE, happened at Stanford

---- The Russian, Iranian and Chinese spy agencies have placed a huge number of spies on the campus as 'pretend students' and pretend teachers

---- Elitism is rampant

---- The Silicon Valley venture capitalists, up the hill on Sand Hill Road, get all their interns from Stanford and they date rape the hot ones with Ruffies, Scopalomine, and other amnesia drugs. The interns wake up with sore butts and can't remember why.

---- To afford the fees, the girl students work as hookers at the Rosewood Hotel.

---- The entire school is funded by bribery. ----Arrogance is the attitude of choice at Stanford.

---- 99% of the guys that went to Stanford execute 99% of the corporate corruption crimes in the world. -

---- Girls at Stanford, that can't afford tuition, become Match.com hookers. Everyone in the bay area knows that if a Match.com profile has the words: "STUDENT" and "GENEROUS" anywhere in the text, that the girls are offering sex-for-tuition. Send your hot daughter to Stanford and turn them into hookers. Match.com even has sex agents, on campus, that get a commission for getting girls to join Match.com.

---- Rape is OK at Stanford as long as your daddy is rich or owns part of the Middle East. The Stanford deans and regents say: "Boys Will Be Boys".

---- Stanford provides buses that transport the sorority girls to the frat houses to get date raped and then back to the sorority houses drunk out of their minds or doped up on Ruffies and Scopalmine.

---- There have been a number of strange murders and suicides at Stanford.

---- Stanford students are prescribed the highest number of mental health medications of any campus in America.

---- All of the land on the Stanford Campus could solve all of Silicon Valley's housing crisis. The State of California should take all the land away from criminally corrupt Stanford University and build housing for average income on it. Stanford University doesn't "deserve" anything any more.

---- Chinese girls are sent to Stanford, by Chinese 'Wife Mills' to bag an Anglo husband and then divorce him 1 year after he hits paydirt. They are instructed to have 2 kids so the alimony upside is high. They pay a % of the money back to China.

---- Trophy wives were invented at Stanford

---- The Guardsman, The Key Club and over 50 "Final Clubs" brain-wash students into elitism and tribal exclusion of all but your fellow 'club members' from your ethnic group.

---- Most of the oligarch families paying bribes to Stanford are engaged in the most brutal human rights violations in history. They murder people and have them cut up with a hacksaw. They run prison camps. Only an idiot would think that modern day Stanford has any remaining 'prestige' or 'credibility'. This isn't the 1800's any more. Shut this crap campus down!

---- When they graduate they either go up the hill to Sandhill Road and start a venture capital clone operation or they get their frat friends on Sandhill Road to racketeer-fund their start-up or political campaign using money scammed from your parents pension funds. They only work with their frat buddies and insiders in a tribal 'old boys club' manner.

---- They steal all the technology and markets they want because they control all of the tech lawyers and politicians via bribes and revolving doors.

---- Most of the money in Stanford University bank accounts is from Foreign and Hollywood oligarchs delivered as bribes meant to get their snot-nosed brats into Stanford. Stanford bosses keep all of this covered-up and covertly fund political campaigns to grease the wheels of political corruption.

---- They then sexually extort some Stanford interns in Rosewood Hotel rooms, get the most 'trophy wife' ones pregnant, and start the cycle all over again. Alas, Stanford is the training ground for abuse, corruption and 'Bro-Crime'.

---- The issues, that the public and the news media have complained about include: producing child suicides, racism, misogyny, child mental health threats, domestic spying, data harvesting, sex trafficking, election manipulation, tax evasion, Fusion GPS/Media Matters/ Black Cube hit jobs on competitors, censorship, contrived market monopolization, intellectual property theft, political bribery and many other social crimes! An unusually large number of their staff have been arrested for, or charged with, sex crimes, including under-age trafficking.

---- The Silicon Valley Tech Cartel is one of the largest operators of bribes to public officials. Some of those bribes include billions of dollars of, non-FEC reported, search engine rigging for the political campaigns of the very politicians who are supposed to regulate them.

---- There are hundreds of millions of people in America. The same 120 of them are all involved in operating the same crimes and corruption including: the Sony Pictures corruption; the Afghanistan rare earth mine scandals operated through The Energy Department political slush fund that involves the lithium battery cover-ups (headed by Elon Musk); the Big Tech Brotopia rape, sex trafficking, bribery, exclusionism, racism and misogyny issues they were taught at Stanford University; The Facebook – Meta – Google – Alphabet – Netflix, et al, coordinated news manipulation and domestic spying that they engage in;

---- The hiring of Fusion GPS – Black Cube – Gizmodo/Gawker assassins; the destruction of the housing market by their mass real estate manipulations; patent theft and industrial espionage; and the bribery of almost every politician all the way up to the Oval Office.

---- So, while the categories covered in this investigation may seem diverse. They are connected through an enterprise of criminality and illicit, coordinated operations. We list, by name, the 120 most complicit individuals organizing these crimes, in the evidence documents already submitted to the FBI, FINCEN, DOJ, FTC, SEC, FEC, Congress, InterPol and other authorities. Digital financial tracking of those persons and all of their family members should be assumed to have been under way for some time. Wire-taps and device taps of those persons and all of their family members should be assumed to have been under way for some time.

Beyond being highly addictive, last year's season highlighted the exclusivity surrounding Greek lie, which is heavily rooted in racism, classism and sexism.

The majority of both active and PNMs on Bama Rush TikTok appeared to look practically identical - all white women with blonde locks and fake tans, which is unsurprising considering Alabama only desegregated their sororities nine years ago.

In 2013 Black students complained about the racism and discrimination in Greek life, and University officials ordered the sororities to end segregation after [The Crimson White](#) reported on the allegations that Black students were blocked from joining the all-white chapters.

Despite the segregation officially ending in 2013, things don't seem to have gotten much better.

According to the [The Crimson White](#), University of Alabama sororities were about 89 per cent white in 2021, down only five per cent from 2011.

To help fight allegations of racism, the [University](#) is now reportedly requiring chapter members to complete diversity training in preparation for rush week.

And although a few need-based scholarships are provided, the organization further shows their classism foundation through steep financial obligations.

In addition to rush week essentials PNMs splurge on, the average cost of fees for new member is \$4,170 per semester, according to University [data](#).

And the outrageous cost of being a sorority member at Bama just gets higher, chapter and meals fees for active members who live in the house total around \$7,465 per semester.

However, the flawed system doesn't stop the world from tuning in to season two and getting hooked on whether or not their favorite 'character' received a bid from their dream home.

Nothing but a \$\$\$\$popularity contest\$\$\$.

The part I hate is that girls who don't make it are crushed. There are so few places at Alabama and so many more girls competing for one. And don't get me started on fraternities. The amount of alcohol allowed at the on-campus fraternity houses is endless, massive quantities and the school officials wink and nod and look the other way.

People that pay for friends are pathetic

They look like recycled Barbies

The most asked question is "why does my head whistle when I walk?"

I wanna go to college for the rest of my life Sip bankers club and drink miller lite On thirsty Thursday and Tuesday night ice And I can get pizza a dollar a slice...

Sororities & Fraternities are bad for college students. The hazing, excessive drugs & alcohol that goes on there is terrible. Join clubs or intramural sports if you want to make new friends. Don't put yourself thru that abuse, it's not worth it.

Idiot people who pay thousands to go to college for the "experience" instead of an education.

The men that are in so much trouble in Silicon Valley were taught their ways by Stanford University:

Most American Parents Unaware China, Saudi Arabia, Qatar are Major Donors to Stanford University

According to recent reports (ie: [Stanford\\_University\\_Teaches\\_Promotes\\_And\\_Protects\\_Sociopaths\\_And\\_Hate](#)) a majority of American parents are unaware that China, Saudi Arabia, and Qatar are among the top financiers of U.S. universities and are worried that foreign cash is influencing what their children are taught in the classroom, according to a recent poll.

Nearly 60 percent of those interviewed in the September poll said they were not aware that the countries are major donors to U.S. universities. The poll was commissioned by the Lawfare Project, a nonprofit advocacy group that tracks campus issues.

Qatar's presence in the U.S. academic system was concerning to parents when they learned about the small Gulf nation's deep ties to Iran and terrorist organizations such as Hamas and the Taliban. Eighty-four percent of those surveyed said Congress should enact legislation requiring schools to publicly account for every foreign donation, according to the poll, which surveyed 2,009 adults last month and was provided exclusively to the Washington Free Beacon.

While extensive foreign funding of American universities has raised alarms in Congress and among advocacy groups such as the Lawfare Project, ordinary American parents are not aware of the issue. This is partly because American schools do not publicly disclose their funding and in many cases try to hide their ties to adversarial nations like China. Foreign countries see the U.S. academic system as central to their propaganda efforts, including anti-Israel initiatives. In the case of countries such as China, they seek to steal cutting-edge research. More than 80 percent of those surveyed said Congress should enact legislation requiring schools to publicly account for every foreign donation. Around 70 percent of those surveyed said they were concerned that foreign donations influence teaching and research priorities. In Qatar's case, the country has spent billions running propaganda efforts in at least 28 American universities, generating concerns these donations run afoul of U.S. law. With anti-Semitism and anti-Israel attitudes increasing on many American campuses, foreign money has helped foment these movements, including at the University of North Carolina and Duke University—both of which have been embroiled in a long-running controversy over Qatar's funding of programs critics see as anti-Semitic.

"The public wants full transparency on what Qatar is funding in American schools, and Congress must demand it," Brooke Goldstein, the Lawfare Project's executive director, told the Free Beacon. "Parents have a right to know what foreign governments are teaching our children."

China's funding for American universities remains the top concern for parents, with 70 percent expressing worry about Beijing's presence at U.S. schools. Around 65 percent expressed similar concerns about Saudi Arabia, followed closely by Qatar with 57 percent of those surveyed.

More broadly, there was a 50-50 split between those who support foreign funding of schools and those who oppose it altogether.

## THE SAN FRANCISCO CRONY CORRUPTION NIGHTMARE

Corrupt political families conspire to give government funds, contracts, tax waivers, buildings, stock market profits and other insider perks to themselves and their friends. They also conspire to blockade, harm, sabotage and black-list those who compete with them and their friends. These corrupt politicians are never prosecuted for their crimes, and can laugh in the face of those who point out their crimes, because they control the prosecution system. Their Quid Pro Quo criminal corruption is the single largest cause of the taxpayer hatred of Congress.

**Shoshana Zuboff's, The Age of Surveillance Capitalism** - Why Twitter, Google, Facebook, Instagram, YouTube, Netflix, Alphabet are the SAME Thing, The SAME SICKO tech elites and the same kinds of social privacy RAPE against citizens!

Straight from the Palladino spy files --- San Francisco is ruled by corruption, cronyism, bribes and favors. SF has become increasingly inhospitable to the average person. The median rent for a one-bedroom is \$2,695. A family of four is considered "low-income" if they make less than \$97,000. The Target and Walgreen's stores have had to operate in "crisis" mode because the crime is so bad in San Francisco that you get robbed in the aisles while shopping at major retail stores in San Francisco. The STD rates are off-the-scale. It is almost certain that your car will be broken into or keyed. This place is tough to exist in long-term. It got like this because San Francisco's corruption culture is so out of control. --- If you think San Francisco's ills are all due to the technology mobsters, you are mostly correct!

--- San Franciscans now have an obsession with escaping from San Francisco. This comes from a healthy heaping of realistic bitterness --- bitterness that you won't be able to stay here, bitterness that you can't buy a house and set down roots and bitterness that others, unplagued by inertia, can recognize these facts and leave.

--- As San Franciscans, we'll always be looking over our shoulders at Austin and Portland and Denver, wondering what life's like in a more hospitable city where City Hall is not entirely controlled By Twitter, Facebook, Google and Netflix corporate bribes.

--- The villains in "The End of the Golden Gate" book are familiar ones. Tech, capitalism, Mayor Ed Lee's tax laws. Every writer seems to agree on one front: San Francisco has changed, and in many ways, for the worse.

--- "The San Francisco I knew and loved has been face-lifted, sleekeed, chromed, polished, colonized, homogenized, and marginalized as a cultural innovative force," writes Peter Coyote in "San Francisco, For Sale by New Owners." "The transformation was accomplished in a smooth, seamless manner by money and addiction to power."

--- "San Francisco," he writes earlier in the essay, "is too expensive, too monoculturally wealthy. Tech wealth and privilege have transformed it into a cushy enclave for the heartless."

--- Gary Kamiya's standout essay acknowledges the downsides of this city: "The exorbitant cost of housing, the influx of tech workers, traffic, crime, dirty streets, and an ever-worsening homeless crisis."

--- The Bay Area's Google, Facebook and Netflix, Tesla executives and VC's happen to be the organizing, financing and beneficiary partners in a massive market manipulation scheme.

--- They formed their "Silicon Valley Cartel" to collude, conspire and organize against the government, the public and industry in a manner which the tech oligarchs describe in their own emails as being based on "...the Italian Mafia!".

--- Indeed, The Silicon Valley Tech oligarchs have formed a collusion-based, law-violating, tax-evading, government-manipulating crime empire protected by famous Bay Area politicians, whom they bribe! No cops seem to be able to stop them.

--- The Bay Area Solyndra/Silicon Valley Cartel case was one of the largest corruption matters in America with roots that ran all the way to the Oval Office. The FBI raid on Solyndra was only the tip of the iceberg. The matter illuminated an organized crime scheme, in violation of RICO, anti-trust and other laws, between major public officials, Silicon Valley tech oligarchs and their operatives.

--- The tech oligarchs beg for you to view them as "Green Advocates" but they lie! They engage in genocide, child labor slavery and rape farms via corrupt overseas rare earth mining schemes owned by California Senators, Department of Energy Executives, White House staff and the Silicon Valley tech Cartel. They are actually only really interested in anything green that has a dollar sign on it.

--- The Silicon Valley Cartel loves to run everything. In their federal "no poaching" lawsuits: Case #'s 11-cv-2509 and 5:2011cv02509 and 1:10-cv-01629 and 1:10-cv-02220; these cases, along with the "Angelgate" scandal, prove that the Silicon Valley Cartel colludes to harm the public, rig the government and monopolize industries. -

--- State-sponsored "hit-jobs" were ordered, operated and financed by San Francisco government officials in order to engage in revenge, reprisal and vendetta, against any who speak out about their crimes.

## SILICON VALLEY'S SHAM CULTURE

### - CALIFORNIA ELITIST POLITICIANS DESTROY CALIFORNIA BY CATERING TO ASSHOLES

V.D. Hanson wrote about "The Selfish Californian" describing how Silicon Valley Californians create inequality by pretending to hate inequality. Their hatred of inequality is just a front. It is a faux, fake, a pretense as a means to power and control. None of the tech elites in their mountain top homes and beach side mansions have any experience of "inequality".

We hear plenty of reasons for the perfect storm that imploded California. One-party, progressive government, of course. Decades of unchecked illegal immigration, without doubt. Years of mass flight out of state of the productive middle classes, certainly.

But perhaps the most important, but overlooked, reason has been the infusion of trillions of dollars of mostly tech capital into the state. Unimaginable sums of market capital warped politics and led to a top-down, feudal society, run by progressive elites who are shielded from the ramifications of their own toxic ideologies.

More specifically, the common denominator was the emergence in California of a selfish, monied, left-wing political class. In concrete terms, it cared little for others but masked that unconcern with abstract leftism, emulating medieval penance and indulgences to assuage guilt over its enjoyment of sheltered and very good lives.

California's recent premier politicians at the local, state, and federal levels—Jerry Brown, Barbara Boxer, Dianne Feinstein, Gavin Newsom, and Nancy Pelosi—all enjoyed wealth and power, whether by inherited money and family brand names, through marriage, or using their positions to leverage lucrative family and personal business with the Chinese.

Their lifestyles before, during, and after office-holding reflected both their privileges and the vast material differences between their own lives and the millions of Californians who suffered

enormously from their utopian bromides. Yet a world away from their homes in Grass Valley, Kentfield, Lake Tahoe, Napa, Pacific Heights, or Rancho Mirage, the rest of the state's residents who voted for them currently cannot afford a house, a full tank of gas, a chuck steak, or an air-conditioned afternoon.

At least the Church of the 15th century offered formal contractual indulgences and personal penance manuals for the guilt-ridden elite eager to abort their earned inferno-to-come. In California, however, to enjoy affluence and leisure without guilt or recriminations, left-wing power elites virtue signaled their progressivism, even as it wrecked the lives of distant others.

If it were a question of drilling more oil while transitioning to clean power or shrugging that nobody José Martínez in Sanger would pay \$6.50 a gallon to commute to work, it was a no brainer: Mr. Martínez was simply out of sight, out of mind collateral damage.

So too all of California's poor and lower middle classes who could not afford to flee and now cannot afford shelter, food, fuel, and safety, due to decades of policies that zoned away new home construction, strangled the gas, timber, and mining industries, taxed and regulated gas and diesel to the point of unaffordability, neglected the needs of the state's once rich farming industry, and loved fish far more than people. Apparently, these well-educated and self-declared Socrateses believed that Californians could drink Facebook, eat Google, drive Twitter, and live on Snapchat.

The far-left Atlantic's various contributors for years have been cheerleading most of the policies adopted by the Bay Area elite—defunding the police, decriminalizing an array of crimes, appeasing homelessness, ignoring dangerous drug use and dealing, and urging more redistributive taxation and entitlement.

But now Atlantic essayist Nellie Bowles warns us that San Francisco is a "failed city." And she is correct in that the city is increasingly medieval. Its downtown is emptying, filthy, toxic, dangerous, and pre-civilizational—perhaps an unfair term since it was rare in pre-Roman Gaul or nomadic North Africa for tribal residents to sleep in the village pathways, fornicate and defecate openly among children, and violently attack random passersby.

In truth, the implosion of San Francisco, Los Angeles, and California more broadly is no accident. Destroying all the bounty that was inherited from far better and far-seeing generations was the logical result of deliberate policies—reflecting the self-interest of a few million rich, educated professionals. They apparently decided that their genius and superior morality had transcended worries over ancient challenges of food, water, shelter, transportation, and received law and custom.

California's anointed enjoyed safe neighborhoods from Malibu to Presidio Heights. They inherited or purchased beautiful coastal corridor homes worth \$1,200 a square foot, from La Jolla to Berkeley. They drew income from the trillions of dollars invested in Silicon Valley and the new globalized and Asia-centric economy that opened markets of multibillions of consumers for entertainment, media, finance, law, academia, corporations and the accompanying credential professional classes.

And so, they grew hubristic and stupid. In their arrogance and ignorance, they began to feel their own bounty and leisure were birthrights. Free from worries about who brought them their water, food, safety, energy, and shelter—or how—they were liberated to institutionalize their own visions of 21st-century-correct living to less fortunate others, albeit from a properly segregated distance.

Freeways were obsolete ideas. The fewer built, and the even fewer maintained, the more likely the clueless could be crowded into cost-effective, clean, and safe mass transit.

So, a \$15 billion high-speed rail disaster arose and remained inert like Stonehenge monoliths. Meanwhile, thousands of the poor on the obsolete Highway 99 continued to die and were maimed in daily accidents on a Road Warrior-esque obstacle course. The nearby Amtrak trains still sat delayed on side-tracks, for want of a simple, 19th-century two-track rail. How strange that bankrupt 21st-century visions came at the cost of easy 20th-century solutions.

Aqueducts, reservoirs, dams? These were likewise relics of previous delusional generations. That the coastal corridor's water came from aqueducts across vast distances was mostly unknown by those who crowded into one of the most naturally unsustainable regions on the North American continent—a coastal strip mostly dry and bereft of an aquifer to sustain its tens of millions.

So, the state stopped building water storage. More often, it released snowmelt and runoff water into the ocean rather than to farms and to replenish aquifers.

Fires? Let forests of evergreens burn as they had in primordial times, better to burn to provide much for worms and birds—and scare away the deplorable foothill folk who had no business living in the mountains, anyway.

The elite now dreamed of returning to a half-million person California of the 19th century, reputedly with lush riverbanks from the sea to Sierra, with salmon runs to the mountains. They recoiled at the very idea that a 40 million-person state of mostly poor immigrants—over a quarter of the state's population was not born in the United States—might need water for their towns or for the farms they worked.

How ironic that millions fled Mexico and Central America to enter, often illegally, the once golden California, land of plenty. They were welcomed by the state's business and political elite but not to be housed, fed, and schooled as were the elite. Their directive was to vote correctly for their supposed betters and to supply janitors, landscapers, nannies, cooks, and housekeepers for those who welcomed them in—on the condition that they not dare demand the state's green resources for good homes, affordable gas, or a nice lawn or long shower.

Let them instead eat a solar farm, bike path, or Tesla.

And so it went, each carefully placed brick in the once sturdy long wall of California, laid carefully over the past 150 years—to ensure a naturally fragile state with affordable food, energy, security, housing, transpiration, schools, and education—was ripped out, mocked as obsolete, and written off an embarrassment to the present.

Californians who look at their aging dams, their granite classical civic buildings, and their large municipal parks, are like Dark-Age Greeks who stumbled around the ruins of Mycenaean palaces and walls, wondering who were the demi-gods who built such things that now were impossible to emulate. So, too, we are bewildered at Balboa Park or the California aqueduct, or rather saddened that simply copying them is beyond our moral power or expertise.

The state was once rich and secure in gas and oil, nuclear power, cutting-edge freeways and airports, water storage, law enforcement, a topflight public school system, and an effective higher education triad. All these resources have become either politicized or taboos that are neglected, dismantled, or destroyed by a class that commuted little, was nonchalant about their power bills, put their kids in private schools, and enjoyed neighborhoods whose zip codes and private security patrols bounced away revolving-door felons and homeless far distant to the haunts of the middle class and poor.

Rich leftists quote the Gini coefficient chapter and verse, oblivious that they have created a state of affairs in which California ranks second to the bottom—below even New York—in such calibrations of inequality. The Silicon Valley motto should be, "I create inequality by hating inequality."

We have not built a major mountain reservoir outside of Los Angeles in over 40 years even as the population has soared. The main north-south laterals of the state—the 101, I-5, and 99—often narrow into four-lane deathtraps. SFO and LAX are among the more nightmarish airports in the nation. California's test scores rank in the nation's bottom 10 percent of schools.

Over one-fifth of the state lives below the poverty rate. Urban geographer Joel Kotkin recently noted that African Americans and Latinos in California suffer among the lowest real incomes in the nation, 48th and 50th respectively. How could that be true in the land of Mark Zuckerberg, Nancy Pelosi, and Jerry Brown?

One-third of Americans on public assistance live in California. To drive through the rural center of the state is to revisit the 1930s world of the Joads. Ramshackle farmhouses now house 20 or some immigrants. Many of them reside here illegally, in trailers, shacks, and illegal add-ons. A state famous for regulating the life out of the middle classes simply ignores systemic flagrant violations of sewage, water, power, and building codes, in the manner of the exemptions given the homeless: out of sight, out of mind.

California's mid-size cities nudge out other blue-state metropolises to rank among the nation's leaders in property crimes. The nation's highest gas taxes, income taxes, and near highest sales taxes either do not mitigate the above pathologies or perhaps help fuel them.

If our liberal political elites lived in crime-ridden Stockton, San Bernardino, or Modesto, had two children in the Los Angeles City public schools, commuted daily on the 99 from Delano to Visalia, flew weekly commercial out of LAX, tried to buy a California home on their salaries as public officials, rode BART to Oakland each evening home, or depended on a business supplying the state with lumber, gas or oil, food, transportation, or construction—the stuff of life—then they might fathom how assuaging their left-wing guilt in the abstract destroyed the lives of those they never see and never wish to see.

So, in a word, California's debacle was the work of the self-absorbed.

The self-declared most caring, virtuous, and moral in the end proved the most narcissistic, selfish, and self-centered. Yes, the rich left-wing California elites are many things, but utterly selfish explains what they do unto others.
