Facebook **announced in early April** that the data of **up to 87 million users** may have been improperly shared with a political consulting firm connected to President Trump during the 2016 election.

The news STUNNED the American media elites!

The news shocked the political world and launched two full days of congressional hearings into Facebook practices.

But in 2012 the Obama campaign harvested data from 190 million Facebook users.

The media cheered the sheer brilliance of the Obama campaign.

Obama Harvested 190 Million Facebook Users Data To Win In 2012.

Where Was The Congressional Hearing??
