

## ME AND GOOGLE

- Google controls the internet these days
- According to the U.S. Government, and every form of court evidence in the world, I built the first "*google*" and the first "*youtube*"
- Google paid for, and operated millions of dollars of "hit-jobs" against me because they chose to cheat rather than compete
- The first time I sued google for corruption, racketeering and anti-trust law violations, google blocked my case from getting to a jury
- So I went to every government agency in America and told the truth about google and now you have this:
