Google owns part of Tesla in an illegal payola scheme -

Tesla was funded by political bribery in exchange or campaign rigging by Google. Tesla is a corrupt organization support by Google's corruption to exploit [Google's lithium mine holdings](#) with Sachs. Google/Tesla were also given parts of NASA as part of the payola including contracts, airfields for private jets and free jet fuel.

Elon Musk and Google both funded and manipulated Senator Dianne Feinstein and Senator Harry Reids campaigns and exchanged stock benefits with them and their families.

Elon Musk and Google both funded and manipulated Barack Obama's campaigns and exchanged stock benefits with them and their families.

Elon Musk and Google both received exclusive government grants, loans, contracts and stock valuation enhancers from those politicians.

It was VERY CLEARLY crony corruption and kick-back payola political CORRUPTION!
