

## DEMOCRATS PLAN TO CONTROL ALL AI AND NEWS

Billionaire Marc Andreessen describes a “horrifying” meeting with the Biden Administration that convinced him he had to endorse Donald Trump. Biden Admin was going to control AI, only allow 3 companies to create AI, crush all competitor companies then classify the physics needed to run AI models. “Meetings in DC in May where we talked to them about this, and the meetings were absolutely horrifying” Reporter “What did you hear in those meetings?” “AI is a technology, basically, that the government is gonna completely control. — Don't fund AI startups. That's not something that we're gonna allow to happen. Um, they're not gonna be allowed to exist.” “They basically said AI is gonna be a game of 2 or 3 big companies working closely with the government, and we're gonna basically wrap them in a you know, they I'm paraphrasing, but we're gonna basically wrap them in a government cocoon.” “We're gonna protect them from competition. We're gonna control them, um, and we're gonna dictate what they do.” He then talks about the Biden Admins plan to clarify and withhold the technology being used. This really is horrifying. Just imagine everything else they're doing this with
