BOYCOTT SONY PICTURES FOR THEIR POLITICAL AND EXECUTIVE CORRUPTION

Check back; these files are updated daily by investigators. See the evidence back-up behind the topics at: (<http://www.federal-report.com>) (<https://focus-book.com>) (<http://www.tesla-motors-news.com>) (<http://the-elon-musk-problem.com>) (<http://the-san-francisco-hammer.com>) (<https://san-francisco-news.com>) (<https://sanfrancisco-news.org>) (<https://case-xyz2020a.com>) and a vast number of other self-propagating evidence mirrors around the globe...

Corrupt political families conspire to give government funds, contracts, tax waivers, buildings, stock market profits and other insider perks to themselves and their friends. They also conspire to blockade, harm, sabotage and black-list those who compete with them and their friends. These corrupt politicians are never prosecuted for their crimes, and can laugh in the face of those who point out their crimes, because they control the prosecution system. Their Quid Pro Quo criminal corruption is the single largest cause of the taxpayer hatred of Congress.

Shoshana Zuboff's, The Age of Surveillance Capitalism - Why Twitter, Google, Facebook, Instagram, YouTube, Alphabet are the SAME Thing, The SAME SICKO tech elites and the same kinds of social privacy RAPE against citizens!

Sony's Dirty Hollywood And Game Shenanigans.

--- The hacks and leaks at Sony Pictures Entertainment have exposed the dark side of Hollywood. The new information reveals an insider vision of a company racked with sexism, office politics, high-school-level personality quibbles and a severe mine-is-bigger-than-yours territoriality culture.

--- A number of lawsuits against Sony, from Lady GaGa to Sony's own employees, have revealed even more.

--- An aspect of the revelations involves where Sony gets it's ideas from. A number of revelations reveal that Sony seems to have established a process of "borrowing" technology and story ideas while "forgetting" to properly attribute or pay the sources.

--- Some of the 'dirt' exposed included: - Sony finances Democrat Presidents in exchange for media 'favored nations' status over competitors.

- Sony and Google coordinate political manipulation campaigns together.

- Sony executives trade female entry-level staff like cattle at a 'ranch'.

- Sony executives hire an insane amount of hookers, rent-boys and under-age sex providers.

- Sony executives bribe their kids into colleges.

- The good-old-white-jewish-boy club is alive and well at Sony.

- ZERO DARK THIRTY was a political PR hype movie commissioned by the Obama Campaign using government resources

- Sony steals patents from anybody it wants

- Sony stole it's VR technology

- Sony stole its web video technology, especially SONY VUE

- Sex deviancy is the rule at Sony - Sony is a bunch of high-school whine babies who think their shit doesn't stink

- Ira Rubenstein, Sony's Marketing Head, put his name on Sony's patents, as the "inventor", even though his own emails admit that "he does not even know how to work a computer" -

--- Sony's web video patents, that were sold to ATandT/Direct TV, admit that Sony copied their patent ideas from TSBN in San Francisco

--- Sony spends millions and millions of dollars on political bribes

---The kids at Sony seem to have been very naughty children. They let their IT system go to pot, and got hacked, and outed, as "racist", "misogynist", "campaign rigging", "high school tantrum throwing" kinds of people, per their own emails. Hollywood Reporter, The Verge, Wikileaks, and a variety of tabloids and pundits, have delighted in dissecting the fraternity house, inside antics, of Sony Pictures. -

--- Sony says that the hackers "DELETED" Sony's files. THEY DID NOT. The Russians, Koreans, NSA, DOJ and a number of reports have ALL of Sony's files and emails!

--- Their boss got fired. They got ridiculed for turning "Zero Dark Thirty" into a, slightly fabricated, political vote-churn tool. Other execs got kicked to the curb. All of their financial, contracting, political cash layout, and tax dynamics were placed under investigation, and even more sketchy bits are shaking loose...

--- Sony announced that it sold just 2 million PlayStation 5 units last quarter (Q4), bringing its overall total to 19.3 million. That's down considerably from the same quarter last year when it sold 3.3 million units. The company did manage to boost game sales, though, with 70.5 million PS4/PS5 titles sold compared to 61.4 million a year ago, including 14.5 million first party games compared to 7.9 million in Q3.

--- Overall, its Game and Network Services (GSN) division earned 665 billion yen (\$5.1 billion) this quarter, up slightly over last year. Sales for the full 2021 year were flat, up just 2 percent over 2020, and profits also changed little.

--- Those numbers mean that the PS5 is falling even further behind the PS4 in sales, having now sold 3.1 million fewer units than the PS4 at the same point in time. Sony warned that this was coming, blaming the lack of sales not on customer demand but its inability to build enough units due to the ongoing chip shortage.

---There are hundreds of millions of people in America. The same 120 of them are all involved in operating the same crimes and corruption including: the Sony Pictures corruption; the Afghanistan rare earth mine scandals operated through The Energy Department political slush fund that involves the lithium battery cover-ups (headed by Elon Musk); the Big Tech Brotopia rape, sex trafficking, bribery, exclusionism, racism and misogyny issues they were taught at Stanford University; The Facebook - Meta - Google - Alphabet - Netflix, et al, coordinated news manipulation and domestic spying that they engage in; the hiring of Fusion GPS - Black Cube - Gizmodo/Gawker assassins; the destruction of the housing market by their mass real estate manipulations; patent theft and industrial espionage; and the bribery of almost every politician all the way up to the Oval Office. -

--- So, while the categories covered in this investigation may seem diverse. They are connected through an enterprise of criminality and illicit, coordinated operations. We list, by name, the 120 most complicit individuals organizing these crimes, in the evidence documents already submitted to the FBI, FINCEN, DOJ, FTC, SEC, FEC, Congress, InterPol and other authorities. Digital financial tracking of those persons and all of their family members should be assumed to have been under way for some time. Wire-taps and device taps of those persons and all of their family members should be assumed to have been under way for some time.

---Twitter, Splunk, Google, Facebook, Sony Interactive, Netflix, YouTube and the Silicon Valley internet Cartel serve you custom manipulated content by automatically creating a covert digital dossier on you reflecting the content consumption preferences they have spied on about you. They continually evolve their dossier on you in order to steer you towards their ideology and their Democrat political party. At these companies, "data mining", "machine learning" and "AI" means computerized propaganda processing for certain political entities. They

began hiring off-shore people (because they would work so cheap) but most of those people turned out to be Muslim. This created conflicts with the entire southern part of the United States (which is anti-Muslim) because those workers steered content to pro-Muslim positions.

--- Their spy dossier on you uses abstract content-specific features of the consumed content, such as categories, topic models, and entities, which they automatically extract using natural language processing by comparing every word you use to a giant computer library of what those words might mean about your psychology. So it's like you are getting "mind-raped" without any penis use.

Their assessment of what your words might mean is based on what rich, white male, \$200K/year, DNC-promoting programmers think they might mean. Their computers scale and expand their tools with algorithmic software created by those politically and socially biased frat white boys that wrote the code. It is all biased as hell. They never hire blacks or women in system creation roles so everything these companies do only supports rich white soyboy snowflake type gamer thinking.

---Because their Silicon Valley VC's told them to spy on billions of people, even for these web giants, it is impractical to store the entire dynamic history of a user's interaction features. They, thus, out of greed, use algorithms that selectively decay information in order to generalize users and populations. To them, you are just a generalized data point, like cattle on a ranch, to be harvested and fed upon by Silicon Valley.
