

 ENERGY DEPT CORRUPTION

THE UNITED STATES DEPARTMENT OF ENERGY

ADVANCED TECHNOLOGY VEHICLE MANUFACTURING LOAN CORRUPTION

The Advanced Technology Vehicles Manufacturing (ATVM) Loan Program is a \$25 billion direct loan program funded by [Congress in fall 2008](#) under the guise of "*providing debt capital to the [U.S. automotive industry](#) for the purpose of funding projects that help vehicles manufactured in the U.S. meet higher mileage requirements and [lessen U.S. dependence on foreign oil](#).*" The PR department for the U.S. Department of Energy spends nearly a million dollars per year seeking to manipulate news and social media to seek to pitch their message that the program was a "success". In fact, it has been, and remains today, one of the most criminally corrupt failures in American history.

The program was used by the Obama Administration to provide crony payola kickbacks to financiers and friends of the Obama Administration and to attack the competitors of the financiers and friends of the Obama Administration.

As of 2019, the U.S. Department of Energy claims that they "overhauled" and "re-did" the ATVM program and its sister program: the Loan Guarantee Program. In fact, that is false. The program continues today as a political slush-fund. It has NOT been "cleaned-up"! It is STILL a cesspool of corruption! Obama hold-overs and corrupt insiders, with personal conflict-of-interest

stock and career investments, still control the funds and steer the monies to their friends.

The program is not known to have funded any party who is not a campaign finance friend of the Obama Administration.

Every applicant who applied, who was not a crony insider, hard-wired, Obama bagman was **DEFRAUDED, LIED TO, STONE-WALLED** and used as a smoke-screen to hide the true nature of the crony payola scheme operated by Secretary of Energy bosses Chu, Moniz and Perry.

Silicon Valley oligarchs hired "Lobbyists" (who are political operatives who offer bribes to politicians without ever using the word "bribe") to take-over the program. Silicon Valley insider McKinsey staffed the DOE department while working for the Silicon Valley oligarchs. In a typical corruption example: Steve Spinner worked at DOE handing out money to Solyndra which his wife Alison Spinner worked at as their lawyer.

Originally Obama's "car Czar" Steven Rattner (indicted for stock market securities fraud), working from the West Wing of the White House, had offered a portion of the money to Detroit Auto Unions if the Detroit Unions ordered all of their members to vote for Obama in exchange for bail-outs. Obama insiders David Plouffe (indicted for payoffs to Rahm Emanuel), David Axelrod, and Robert Gibbs extended the deal to the Silicon Valley oligarchs in exchange for global search engine manipulation favoring Obama

A Silicon Valley Mafia exists and is populated by the Bay Area technology oligarchs, their operatives and the West Coast Senators, all of whom profit illicitly off of a combined monopoly

and stock market cartel that they control. FBI Director James Comey was fired for protecting his friends in this cartel.

Let us examine the charges against the Department of Energy supported by the factual evidence:

- DOE officials told Applicant's they had to pay tens of thousands of dollars in order to apply for the LGP monies but with-held responses until after the dead-line had passed in order to cut non-Obama financiers out of the running.

- Google provided the staffing for the agencies involved, the media manipulation for the politicians involved, and was the beneficiary for some of the funds in a 4 way conflict of interest.

- Steven Chu handed massive amounts of DOE cash to Russian billionaires from Ener1, Severstal and other Russian connections even though they were foreign billionaires who had no need of U.S. taxpayer subsidies.

- DOE abuses of process defrauded non-insider Applicants out of billions of dollars of their savings and investor monies yet DOE never offered those that it harmed and recompense.

- DOE officials owned stock market stock and revolving door job promises in the very companies that they were supposed to be conducting "due diligence" on.

- Steven Chu, after getting thrown out of office, when to work for the very people he was supposed to have been conducting due diligence on.

- The DOE ATVM and LGP programs resulted in: ***THE LARGEST DISTRIBUTION OF TAXPAYER CASH TO THE MOST COMPANIES***

THAT THEN WENT IMMEDIATELY WENT BANKRUPT IN THE HISTORY OF AMERICA! Not only has the DOE ATVM and LG program been NOT A SUCCESS, they have been a disaster!

- Goldman Sachs and Deloitte engineered INTENTIONAL bankruptcies so that their Silicon Valley oligarch clients could claim windfall tax write-offs which the U.S. Treasury said resulted in "unjust gains" for those oligarchs. In other words, the tech oligarch billionaires took U.S. taxpayer subsidies, which they did not need, and then bankrupted their own companies so that they could reap profits in tax write-offs. On top of this Goldman Sachs skimmed "fees" off-the-top for arranging these deals, at taxpayer expense, and then ALSO profited from the "bumps" to the stock market valuations in pump-and-dump crimes.

- Lachlan Seward, one of the DOE money laundering insiders, threatened Applicant's that if they "made trouble" they "would never be funded by DOE as long as they lived".

- A Congressional report on the ATVM and LG programs exposed layers and layers of crony payola.

- The only Judges who got to rule on the cases were "Obama Judges" appointed by or beholden to the Obama Administration.

- A CBS News 60 Minutes segment called: "The Cleantech Crash" revealed that many of the assets of the ATVM and LGP disasters had been funded by the taxpayers and then sold to China in deals that benefited Diane Feinstein's family and financiers. Later Dianne Feinstein was found to have Chinese spies and insiders on her staff. The Feinstein family owned the stock, staffing services, construction company and services companies at Tesla

and Solyndra, which Feinstein got the federal cash for. Her staff then went to work at Tesla and Solyndra.

- Although felony-class crimes occurred, no DOE officials have ever been charged with crimes..although multiple FBI officials have been charged with covering up those crimes.

- Vice President Al Gore, John Doerr and Vinod Khosla have had all of their finances tracked and connected together through covert routes that reveal insider stock trading and government policy manipulation, in this case, for their own personal profiteering.

- Attorney General William Barr has been formally asked, by Applicants, to appoint a federal Special Counsel to investigate this matter.

- U.S. Department of Energy and White House officials hired Nick Denton's sleaze-ball tabloid empire comprised of Jalopnik, Gawker Media and Gizmodo Media to run character assassination and defamation campaigns, in partnership with the DNC's Google, to attack any person who exposed the corruption scam at DOE.

- DOE staff never even communicated with Applicant's, who were not Obama insiders; yet Tesla, Fisker and other Obama insiders got hundreds of phone calls, meetings and careful help to hand-hold them through the process to make certain that they got their payola while the outsiders only got blockades, Lois Lerner "missing hard drives" and stone-walls.

- The DEFRAUDED staff and employees of Bright, XP, Limnia, ZAP, Brammo, and the other Applicant's, have **NEVER** gotten a fair

court hearing, Congressional or IG hearing that was not compromised by an Obama Judge or stock-owning insider. They are owed money for their damages from the deeply corrupt DOE programs!

- Over a thousand other criminal and ethics violation charges are charged against DOE and its associates yet no actual interdictions have taken place in California or federal government actions because the "Deep State" cover-ups are so extensive...

 OBAMA LIED

 corrupt tesla motors

**HOW THE DEPARTMENT OF ENERGY AND THE OBAMA WHITE
HOUSE ATTACKS ANYBODY WHO EXPOSES THE SCHEME:**

How and why did a Donald Trump stripper-date named "Stormy" or an Elon Musk sex party or a Kavanaugh drinking incident or the Moonves and Weinstein indiscretions suddenly hit the news at about the same time in news history?

In addition to actual murder, Politicians and Silicon Valley Oligarchs hire operatives to end people's lives in other creative ways.

It is all part of the modern trend in vendetta, revenge and political payback when a Senator or a tech oligarch issues a "kill order" on an opponent.

The client does not like to get their hands dirty so the actual

social hit job is performed by companies such as:

IN-Q-Tel - (DNC); Gawker Media - (DNC); Jalopnik - (DNC); Gizmodo Media - (DNC); K2 Intelligence - (DNC); WikiStrat - (DNC); Podesta Group - (DNC); Fusion GPS - (DNC/GOP); Google - (DNC); YouTube - (DNC); Alphabet - (DNC); Facebook - (DNC); Twitter - (DNC); Think Progress - (DNC); Media Matters - (DNC); Black Cube - (DNC); Mossad - (DNC); Correct The Record - (DNC); Sand Line - (DNC/GOP); Blackwater - (DNC/GOP); Stratfor - (DNC/GOP); ShareBlue - (DNC); Wikileaks (DNC/GOP); Cambridge Analytica - (DNC/GOP); Sid Blumenthal- (DNC); David Brock - (DNC); PR Firm Sunshine Sachs (DNC); Covington and Burling - (DNC), BuzzFeed - (DNC) Perkins Coie - (DNC); Wilson Sonsini - (DNC) and hundreds of others...These are the people and companies that except cash, revolving door jobs, political appointments, insider trading stock in Silicon Valley tech companies, prostitutes and real estate in exchange for destroying the lives of others.

These attackers deserve to be punished for the rest of their lives for taking away the lives of others in exchange for cash. Any company who is corrupt enough to hire any of these assassins should be forced out of business. These attack services are responsible for 90% of the "Fake News" problem in the world because they are the authors of most fake news. Congress must act to make these kinds of companies illegal!

These digital assassination services offer hit-jobs, character assassinations and economic reprisal programs to famous billionaires and corrupt politicians who are seeking revenge, retribution and vendetta executions.

In the case of reporters getting targeted for attacks, President Donald Trump has been accused by the liberal corporate media of whipping up a hateful frenzy against the press. But while CNN's Jim Acosta grandstands against Trump, real journalists are still reeling from the draconian extrajudicial measures that Barack Obama and his administration used to target them for exposing truth.

This secretive targeting occurred while Obama speechwriter and hate-filled ANTIFA supporter Ben Rhodes was running "Operation Echo Chamber," which reportedly continues, in which he fed information to willing corporate media scribes. "They literally know nothing," Rhodes said of the twentysomething journalists he easily manipulated.

The Freedom of the Press Foundation's Trevor Timm published documents showing how former attorney general Eric Holder changed the rules to more effectively intimidate and surveil members of the press.

Timm writes: "Today, we are revealing—for the first time—the Justice Department's rules for targeting journalists with secret FISA court orders. The documents were obtained as part of a Freedom of Information Act lawsuit brought by Freedom of the Press Foundation and Knight First Amendment Institute at Columbia University."

Trending: Brennan and Clapper Accused of Hacking John Roberts To Blackmail Him

Here is the memo published by the Foundation, which dropped the documents in their entirety:

Obama is also clearly linked to the plot to obtain fraudulent FISA warrants on President Trump's team, as evidenced by Peter Strzok and Lisa Page's texts confirming that Obama was overseeing their fly-by-night operation.

Larry Schweikart reported for Big League Politics:

For months pundits and researchers have been pondering the mystery of the FISA approval that led to the illegal and historically titanic scandals to ever hit the U.S. government. Some have argued that Assistant Attorney General Rod Rosenstein knew the FISA was bogus when he extended it. Others have wondered if Special Counsel Robert Mueller knew about the fraudulent basis of the FISA when he used it, in part, to indict Michael Flynn. Other still, that Mueller was fooled by the FBI.

This is what President Trump calls "SPYGATE".

It may well be that the surveillance that was conducted began with UK intelligence services and then was fed back to the White House of Barack Obama. Here's the kicker:

President Barack Obama did not need a FISA warrant to authorize spying/electronic surveillance on Trump because Obama all along had legal authorization to by-pass the normal court vetting process. According to 50 U.S. Code 1802, the "Electronic Surveillance Authorization" () "Foreign intelligence in relation to a US person (Trump or his associates) is information that's necessary for the US to protect against attack, hostile acts, sabotage, . . . as well as other clandestine activities by a foreign

power . . . OR . . . information relevant to national defense/security of the US, or the conduct of foreign affairs of the U.S.” Such an authorization by Obama required certification by Attorney General Loretta Lynch that must be logged with the FISC court. (“The [AG]+ shall immediately transmit under seal to the court [FISC] a copy of his certification.”)

In short, the DOJ has this. If we are correct, a copy of that certification is currently under seal at least with the DOJ and the FISC.

This is what they are hiding.

However, the Act requires the AG to keep the Select Committee on Intelligence and the Senate Committee on Intelligence informed of these authorizations and unmaskings therein. See 1803 (a) (1) (C) If indeed this is what happened, did Lynch report—or only selectively report—to the committees in a way that excluded non-friendlies? Can you see why Adam Schiff, Mark Warner, and their ilk are terrified?

- 1) Obama authorized spying/electronic surveillance on Team Trump, by-passing normal judicial oversight.
- 2) To create “foreign intelligence,” John Brennan and others organized for UK intelligence to conduct surveillance on Trump and his associates, either from the UK or from UK assets within the U.S. This is another reason revealing this will unleash an excrement storm: the UK is about to be caught meddling bigly in an American election.
- 3) Lynch certified Obama’s authorization which is now held

under seal by DOJ (and FISC).

From this authorization, all unmaking followed, as well as the FBI fraudulent counter intel investigation and perhaps the FISA warrant too. Obama knew this was all fake when he made the authorization; Lynch knew it was fake when she certified it; the entire inner circle, including the FBI, all knew. This takes the U.S. into uncharted territory, and could imperil any politician in the British government who supported this or had knowledge of it. Proving any of this would be difficult, as if confronted Lynch would almost certainly cover up and Obama would simply deny knowledge. Without a paper trail, a conviction might be a bridge too far. This is only one of thousands of "kill order" tactics introduced by the Obama Administration.

These are the playbook tactics that Senators and tech oligarchs most often use to destroy the lives of their political and business enemies:

- Government agency bosses sometimes solicit the target victims with false promises of future loans, contracts or grants from their agency and cause the target victims to expend millions of dollars and years of their time for projects which those government bosses had covertly promised to their friends. They use the target victims as a "smokescreen" to cover their illegal government slush-funds for the victims competitors and personal enemies. By using this tactic, the attackers can drain the target victims funds and force them into an economic disaster in plain view of everyone without the government bosses fearing any reprisal for their scam.

- Every match.com, okcupid.com, Plenty Of Fish, Seeking

Arrangements and all other IAC-owned, or similar, dating sites (IAC is managed by Hillary Clinton's daughter) have had their profiles, texts, and inter-member communications, since those companies were started, hacked or purchased. The attack service providers use Palantir and In-Q-Tel financed data analysis software to analyze every activity in those dating services in order to find honey-trap, blackmail, sextortion and social conflict exploitation opportunities. If you had a bad date with someone, that someone will be hunted down and convinced to help harm, #metoo or "rape charge" the intended target. All dates involve a search for sex, so the likelihood that a sexual disappointment experience will exist in each persons dating history is high. Searching every past dating email and text of a subject is quite easy with modern software and hacking techniques. A synthetically amplified, PR-agency optimized sex scandal can destroy any target. Your dating experiences from the 70's or 80's will come back to haunt you decades later. Most dates involve drinking alcohol and taking drugs. If you were unattractive or had bad sexual skills your bad date will be called "date rape", "drugging your date for sex" and related twisted narratives that are designed to shame you, the target. If you try to get a date in the future, your potential date will be contacted by a third party who will slander and libel you to make sure your potential first date gets cancelled. Your social life will, essentially, end. Every photo on every dating site is cross checked with every other photo on the internet in order to cull your Facebook, LinkedIn, Snapchat and other social media together to create a total psychological manipulation profile data file on you. A single photo on a dating site can be cross searched on every mugshot archive, photo album and corporate database in the worth within minutes using modern super-computers. Your sex life will be on public record in a flash.

- Social Security, SSI, SDI, Disability and other earned benefits are stone-walled. Applications of targets are "lost". Files in the application process "disappeared". Lois Lerner hard drive "incidents" are operated in order to seek to hide information and run cover-ups.

- Government officials and tech oligarchs contact members of the National Venture Capital association (NVCA) and created national "black-lists" to blockade target victims from ever receiving investor funding. This was also confirmed in a widely published disclosure by Tesla Motors Daryl Strydom and in published testimony. If Silicon Valley political campaign finance oligarchs black-list you (see the "AngelGate" Scandal and the "High Tech No Poaching Class Action Lawsuit" cases) you will never get investor funding again.

- FOIA requests are hidden, frozen, stone-walled, delayed, lied about and only partially responded to in order to seek to hide information and run cover-ups.

- State and federal employees will play an endless game of Catch-22 by arbitrarily determining that deadlines had passed that they, the government officials, had stonewalled and obfuscated applications for, in order to force these deadlines that they set, to appear to be missed. This can bankrupt a target victim.

- Some Victims found themselves strangely poisoned, not unlike the Alexander Litvenko case. Heavy metals and toxic materials were found right after their work with the Department of Energy weapons and energy facilities. Many wonder if these

“targets” were intentionally exposed to toxins in retribution for their testimony. The federal MSDS documents clearly show that a number of these people were exposed to deadly compounds and radiations, via DOE, without being provided with proper HazMat suits which DOE officials knew were required.

- Victims employers are called, and faxed, and ordered to fire target victims from their places of employment, in the middle of the day, with no notice, as a retribution tactic.

- On orders from Obama White House officials, DNC-financed Google, YouTube, Gawker Media and Gizmodo Media produce attack articles and defamation videos. Google locks this attack media on the internet on the top line, of the front page of all Google searches for a decade in front of 7.5 billion people, around the world. This attack-type uses over \$40 million dollars in server farms, production costs and internet rigging. The forensic data acquired from tracking some of these attacks proves that Google rigs attacks against individuals on the internet and that all of Google’s “impressions” are manually controlled by Google’s executives who are also the main financiers and policy directors of the Obama Administration. This data was provided to the European Union for it’s ongoing prosecution of Google’s political manipulation of public perceptions.

- Victims HR and employment records, on recruiting and hiring databases, are embedded with negative keywords in order to prevent the victim targets from ever gaining future employment.

- Gary D. Conley, Seth Rich, Rajeev Motwani and many other whistle-blowers in these matters, turned up dead under strange

circumstances. It is very possible that some of these attack services, operated by former CIA operatives, even offer discrete murder-for-sale services using high-tech assassination tools that make murders look like heart attacks and brain failures.

- Disability and VA complaint hearings and benefits are frozen, delayed, denied or subjected to lost records and "missing hard drives" as in the Lois Lerner case.

- Paypal (A DNC-biased operation) and other on-line payments for on-line sales are de-platformed, delayed, hidden, or re-directed in order to terminate income potential for target victims who competed with the attackers interests and holdings.

- DNS redirection, "website spoofing" sends target victims websites to dead ends where no sales orders or customer inquiries actually get back to the target. These internet revenue activity manipulations are conducted using Google and Amazon servers. All commercial storefronts and on-line sales attempts by target victims, will have had their sites hidden, or search engine de-linked by a massively resourced facility located in Virginia, Texas or Palo Alto, California in order to terminate revenue potentials for the target victims.

- Over 50,000 trolls, shills, botnets and synth-blog deployments are deployed to place defamatory statements and disinformation about victims in front of 7.5 billion people around the world on the internet in order to seek to damage their federal testimony credibility by a massively resourced facility.

- Campaign finance dirty tricks contractors are hired by campaign financiers to attack the friends and family members of

the target victim in order to create low morale for the target victims psyche and motivation.

- Are you getting weird headaches and hearing a "buzzing sound" in your head? The U.S. Government has now acknowledged that the Cuban, Chinese and other embassy "sonic attacks" are from a known microwave beam weapon. Any one of the technical departments of the attack services listed at the top of this article can build such a biological harassment weapon. It can be aimed at the target victims office, bedroom or vehicle and, within a week, have caused biological and emotional damage using a weapon that has no visible track of trajectory. It is designed to make the target victim think they are "going crazy" or "hearing sounds in their head". While this may sound pretty out there, web search "Embassy sonic attacks" on the top 5 non-Google search engines and read the very credible reports of these attacks.

- In one case covert political partner: Google, transferred large sums of cash to dirty tricks contractors and then manually locked the media portion of the attacks into the top lines of the top pages of all Google searches globally, for years, with hidden embedded codes in the links and web-pages which multiplied the attacks on Victims by many magnitudes.

- Covert Cartel financier: Google, placed Google's lawyer: Michelle Lee, in charge of the U.S. Patent Office and she, in turn, stacked all of the U.S. Patent Office IPR and ALICE review boards and offices with Google-supporting employees in order to rig the U.S. Patent Office to protect Google from being prosecuted for the vast patent thefts that Google engages in. Google has hundreds of patent lawsuits for technology theft and a number

of those lawsuits refer to Google's operations as "Racketeering", "Monopolistic Cartel" and "Government Coup-like" behaviors. Thousands of articles and investigations detail the fact that Google, "essentially" ran the Obama White House and provided over 80% of the key White House staff. A conflict-of-interest unlike any in American history. Google's investors personally told Applicant they would "kill him". Google and the Obama Administration were "the same entity". Applicant testified in the review that got Michelle Lee terminated and uncovered a tactical political and social warfare group inside Google who were financed by Federal and State funds.

- Honeytraps and moles were employed by the attackers. In this tactic, people who covertly worked for the attackers were employed to approach the "target" in order to spy on and misdirect the subject.

- Gawker Media, Gizmodo Media, Snopes, SPLC and other hired media assassins will be retained to produce "hatchet job" character assassination articles about you. Then those articles will be faxed, mailed and emailed to your employer and investors with a note saying: "You don't want to have anything to do with this person, do you..?" in order to get you fired from your job and get your loans or financing pulled. The attackers will use their round one attack media, that they authored, to create a round two second wave attack designed to end your life via economic warfare.

- Mortgage and rental applications will have had red flags added to them in databases to prevent the targets from getting homes or apartments.

- Krebs On Security, Wired, Ars Technica, The Wall Street Journal and most major IT publications have reported that hundreds of spy "back-doors" have been found on every Intel, AMD, Apple, Xfinity, Cisco, Microsoft, Juniper Networks motherboard, chip-set and hardware component set. This means that any kid with the "key" code can open any computer, server, router, cloud-network or other network connected device and read every file, photo, video, your calendar and email on your devices at any time from any location on Earth. The key codes have been released to every hacker community in the world for over ten years. There is now no government, corporate or personal data that can't be hacked, even data from decades ago. Every single one of your darkest secrets can be in the hands of your enemy within 60 minutes, or less. Important meetings you had planned with potential investors, employers, clients, dates, suppliers and others will suddenly get cancelled at the last minute. They will get cancelled because your enemies are reading your calendar remotely and covertly sending slander information to those you had hoped to engage with in order to sabotage your life. Nothing you have ever typed on a computer or Smartphone is safe. it WILL be acquired and it WILL be used against you.

- McCarthy-Era "Black-lists" are created and employed against target victims who competed with Obama Administration executives and their campaign financiers to prevent them from getting funding and future employment.

- Obama Administration targets were very carefully placed in a position of not being able to get jobs, unemployment benefits, disability benefits or acquire any possible sources of income. The retribution tactics were audacious, overt..and quite illegal.

- There are thousands of additional Dirty Tricks tactics being used by these Attack Services yet Congress refuses to pass laws out-lawing such attack services. The cost of an attack on a person ranges from \$150,000.00 to over \$50,000,000.00. While a Silicon Valley billionaire can afford to launch counter-measures to these attacks, any regular taxpayer will be utterly destroyed, and incapable of fighting back, against even the smallest version of one of these "kill orders". A number of modern office shootings are the results of these attacks against an individual who has lost everything because of the attack and has no options left.

Federal law enforcement, the United States Congress and the highest level investigators in the U.S., and abroad, have documented (per the "FISA Memo", Congressional Reports and federal employee testimony) and proven the fact that the Obama Administration regularly engaged in the operation of retribution, vendetta and reprisal campaigns known as "hit-jobs" against domestic natural born U.S. citizen domestic taxpayers. The Federal Court, in at least one previous court case, has ruled that Applicants, in this particular matter, were the victims and target of a number of these attacks designed to inflict permanent medical, emotional, character assassination, brand negation, economic and career damage.

!!!!!! Mueller Hears That Silicon Valley Has Been Manipulating The Entire BREXIT Campaign !!!!!!!

- Second former employee of controversial data firm to be questioned by special counsel's inquiry into Russia collusion

By Carole Cadwalladr

Brittany Kaiser is said to be cooperating fully with the Mueller inquiry.

A director of the controversial data company Cambridge Analytica, who appeared with Arron Banks at the launch of the Leave.EU campaign, has been subpoenaed by the US investigation into possible collusion between the Trump

campaign and the Russian government.

A spokesman for Brittany Kaiser, former business development director for Cambridge Analytica – which collapsed after the Observer revealed details of its misuse of Facebook data – confirmed that she had been subpoenaed by special counsel Robert Mueller, and was cooperating fully with his investigation.

He added that she was assisting other US congressional and legal investigations into the company's activities and had voluntarily turned over documents and data.

Kaiser, who gave evidence to the UK parliament last April in which she claimed Cambridge Analytica had carried out in-depth work for Leave.EU, is the second individual connected to the firm subpoenaed by the special counsel. The Electoral Commission has said its investigation into Leave.EU found no evidence that the campaign "received donations or paid for services from Cambridge Analytica ...beyond initial scoping work".

Damian Collins, chairman of parliament's inquiry into fake news, said it was "no surprise" that Kaiser was under scrutiny by Mueller because "her work connected her to WikiLeaks, Cambridge Analytica and [its parent company] SCL, the Trump campaign, Leave.EU and Arron Banks".

He said it was now vital Britain had its own inquiry into foreign interference: "We should not be leaving this to the Americans."

Tom Watson, the deputy leader of the Labour party, echoed Collins's statement, saying: "This is the first evidence that a significant player in the Leave.EU campaign is of interested to

the global Mueller inquiry. People will be bewildered that the British government has no interest in establishing the facts of what happened.”

In August, Sam Patten, a US political consultant who had worked for Cambridge Analytica on campaigns in the US and abroad, struck a plea deal with Mueller after admitting he had failed to register as a foreign agent for a Ukrainian oligarch.

He became a subject of the special counsel’s inquiry because of work done with Paul Manafort, Trump’s campaign manager, in Ukraine. He had also set up a business with Konstantin Kilimnik, a key figure who Mueller has alleged has ties to Russian intelligence and who is facing charges of obstruction of justice. In a 2017 statement to the Washington Post, Kilimnik denied any connection to intelligence services. Kaiser, however, is the first person connected directly to both the Brexit and Trump campaigns known to have been questioned by Mueller.

The news came to light in a new Netflix documentary, *The Great Hack*, which premiered at the Sundance film festival last month and is expected to be released later this spring. Film-makers followed Kaiser for months after she approached the Guardian, including moments after she received the subpoena. She claims the summons came after the Guardian revealed she had visited WikiLeaks founder Julian Assange while still a Cambridge Analytica employee in February 2017, three months after the US election.

One part of Mueller’s investigation focuses on whether the Trump campaign sought to influence the timing of the release of emails by WikiLeaks before the election. Investigators are

looking at communications between them. In the film, Kaiser says that she has gone from being a cooperating witness to a subject of investigation because of her contact with Assange.

In October 2017, it was revealed that Alexander Nix, the chief executive of Cambridge Analytica, had contacted Assange in August 2016 to try to obtain emails from Hillary Clinton's presidential campaign – which indictments from Mueller's team say were obtained by Russian military intelligence – to use in Donald Trump's campaign. When Kaiser gave evidence to parliament last year, she was asked about her relationship with Assange and WikiLeaks but failed to reveal that she had met Assange.

In the documentary, Kaiser is shown after receiving an email from the Guardian last June asking about meeting Assange and alleged donations of cryptocurrency to WikiLeaks. Kaiser did not respond to the email at the time, but on camera says: "She knows I met Assange. And she knows I donated money to WikiLeaks in bitcoin."

Her legal representatives later wrote to the paper to say that the allegations, including that she had "channelled" donations to WikiLeaks, were false. Kaiser said she had received a small gift of bitcoin in 2011 – long before she worked at Cambridge Analytica – and, not knowing what else to do with it, gave it to WikiLeaks, because she had benefited from material it had released over the years.

Her lawyer told the Observer that the meeting with Assange came about after a chance encounter in London with an acquaintance who knew him. It lasted 20 minutes and consisted

mainly of Assange telling her “about how he saw the world”. He said they did not discuss the US election.

Patten and Kaiser were involved in a controversial election campaign in Nigeria in January 2015, which former Cambridge Analytica employees say had “unsettling” parallels to the US presidential election.

The Guardian revealed that the data firm had worked alongside a team of unidentified Israeli intelligence operatives on the campaign. Ex-Cambridge Analytica employees described how the Israelis hacked the now-president of Nigeria’s emails and released damaging information about him to the press weeks before the election.

CBS NEWS 60 MINUTES Lara Logan "I'm Being 'Targeted' For Saying the Media is 'Mostly Liberal'"
by Tamar Auber

On Wednesday, former CBS News foreign correspondent Lara Logan spoke with Fox News Sean Hannity about her recent comments slamming the media as “mostly liberal.”

Logan told Breitbart podcaster Mike Ritland the remarks made on his show — which drew widespread attention online — amounted to “professional suicide.”

Defending her remarks on Hannity’s show, Logan said that as the result of her speaking out about how the media is “mostly liberal” she has been targeted because she is an independent voice.

"Any journalists who are not beating the same drum and giving the same talking points," she insisted "pay the price" for not going along with the liberal crowd.

She also called out her targeters by name.

"I know they're going to come after me," she told Hannity. "Michael Calderone who is at the Huffington Post. I can give you the script now. I can tell you who the players are. Joe Hagan. Brian Stelter."

She added: "They smear you personally. They go after your integrity. They go after your reputation as a person and a professional. They will stop at nothing. I am not the only one. And I am just, I am done, right, I am tired of it. And they do not get to write my story anymore. They don't get to speak for me, I want to say loudly and clearly to anybody who is listening, I am not owned. Nobody owns me, right? I'm not owned by the left or the right."

Logan made headlines recently when, during a scorched earth podcast interview with Ritland, she said that there was a lot of "weight" in most news organizations on "one side of the political spectrum."

"The media everywhere is mostly liberal. But in this country, 85 percent of journalists are registered Democrats. So that's just a fact, right?" she told Ritland.

She also trashed reporting based on single, anonymous government sources.

“That’s not journalism, that’s horseshit,” Logan stressed.
“Responsibility for fake news begins with us. We bear some responsibility for that, and we’re not taking ownership of that and addressing it. We just want to blame it all on somebody else.”

=====

Internal documents from a private Israeli intelligence firm called Psy-Group show that, at the time of many incidents, the company, and possibly other private investigators, were targeting U.S. citizens because they spoke up about crimes.

Psy-Group’s intelligence and influence operations, which included a failed attempt in the summer of 2017 to sway a local election in central California, were detailed in a New Yorker investigation that I co-wrote earlier this month. Before it went out of business (ie: changed it's name) , last year, Psy-Group was part of a new wave of private-intelligence firms that recruited from the ranks of Israel’s secret services and described themselves as “private Mossads.” Psy-Group initially stood out among its rivals because it didn’t just gather intelligence; its operatives used false identities, or avatars, to covertly spread messages in an attempt to influence what people believed and how they behaved. In 2016, Psy-Group held discussions with the Trump campaign and others about conducting covert “influence” operations to benefit the candidate. Psy-Group’s founder and C.E.O., Royi Burstien, a veteran Israeli intelligence officer who established the firm in 2014, told me that his talks with the Trump campaign went nowhere. The company’s posturing, however, attracted the attention of Robert Mueller, the special

counsel, who has been investigating interference in the 2016 Presidential race.'

FED BOMBHELL: Fusion GPS Bribed Dozens of MSM Journalists With Cash To Run Character Assassinations, While News Companies Paid Firm to Dig Dirt on Trump

High-ranking FBI insiders are pulling back the curtain on Fusion GPS, the firm that commissioned and spread the bogus Trump dossier.

It appears the embattled intelligence firm was quite busy paying off Big Media reporters, according to federal sources who have traced dozens of transactions between TD Bank and media members as well as media organizations, sources confirm.

But stunningly, Big Media organizations have employed Fusion GPS to dig dirt on politicians and D.C.'s elite — namely Donald Trump.

“Fusion GPS was on the payroll of the media and in turn had members of the media on its payroll,” one FBI insider said.

Bombshell revelations.

FBI insiders confirm Fusion GPS employed law firms as well as shell companies to send and receive funds to and from media and reporters. But the embattled firm also used its accounts at TD Bank to directly commission reporters. Likewise, Fusion GPS received funds from media companies into its own accounts at

TD Bank, FBI insiders said,

“There are dozens of payments from the media flowing into their (Fusion GPS’) account,” one federal law enforcement official said. “One company wired funds to Fusion (GPS) more than a dozen times.”

Why would media companies commission Fusion GPS? Likely to dig dirt on enemies or secure records that reporters could not legally obtain, one federal law enforcement insider said. One FBI insider said the payments to Fusion GPS coincide with Donald Trump’s run for the White House.

The payments were made between Sept. 2015 and Sept. 2017, records show.

The unthinkable: The mainstream media paying Fusion GPS for dirt on Trump to the same firm the Democratic National Committee paid to fund the bogus Trump dossier. And at the same time Fusion GPS bribing journalists to place stories — likely negative about Trump, as well as spread the bogus Trump dossier around.

Stunning.

Was BuzzFeed — the only company to publish the full bogus dossier — on that list?

And who is on the payroll? We are trying to run that information down.

And why aren’t these people behind bars?
