[National Security Advantages](#)

Application issues:

- Received Notification from DOE about 5 possible funding programs
- Wrote DOE at 15 DOE contact emails as supplied by DOE in application announcement
- In those emails FC POWER asked DOE which of the 5 funding offers would be the best fit for FC POWER
- FC POWER received no response
- FC POWER again sent time-stamped inquiry emails
- FC POWER again received no response
- On the day of the deadline for those funding applications FC POWER was then told that it was now too late to apply for those funds
- FC POWER was informed by associates that this was same exact **delay/too-late** tactic, previously engaged in by DOE staff, that is disclosed in the Limna (A supplier) lawsuit filed in Federal Court
- FC POWER wrote DOE an ETHICS complaint and finally received an email and phone call from Sydney with DOE
- Sydney provided a new official funding submission URL and encouraged FC POWER to try again
