

THE REVENGE OF THE NERDS: CLEANTECH VERSION

"...Every single Obama Administration and Department of Energy Official that lied to us, defrauded us and fucked us has been identified, hunted down with FBI-Class forensics and fired, doxed, removed from office and had their stocks and revolving door payola job companies crashed or devalued. This is being done in a 100% legal manner even though those officials did those things to us in a criminal manner. This is being done on a crowd-sourced basis by the voting public, journalists and federal law enforcement experts.

They will never escape.

The only way to end this is to deliver our Constitutional rights and damages compensation.

Department of Energy officials can sit there in their little bubble on Independence Avenue and echo-chamber their fantasy world concept that nobody knows what they did but they should step out onto the street. The whole world knows and should be ashamed.

We have made certain that the news will follow them, everywhere, for life until we get justice and until they end the attacks that they started!..."

THE STANFORD CYCLE OF CORRUPTION

"Elite arrogant asshole dynasties send their kids to Stanford University.

Stanford puts the kids in asshole frat houses to train them to get away with rape and run monopolies.

When they graduate they either go up the hill to Sandhill Road and start a venture capital clone operation or they get their frat friends on Sandhill Road to racketeer-fund their start-up or political campaign using money scammed from your parents pension funds.

They only work with their frat buddies and insiders in a tribal old boys club manner.

They steal all the technology and markets they want because they control all of the tech lawyers and politicians via bribes and revolving doors.

Stanford bosses keep all of this covered-up and covertly fund political camapigns to grease the wheels of political corruption.

They then sexually extort some Standford interns in Rosewood Hotel rooms, get the most 'trophy wife' ones pregnant, and start the cycle all over again...."

HOW TO WIPE OUT THE CORRUPT

You, 100% legally, will use CIA-class databases, social media, public watch-dog technologies, FBI-quality monitoring systems and open-source collaborative forensics comparison data to hunt down every: hooker, real estate asset, male prostitute, mistress, secret email account, social media posting, family trust fund, shell corporation, family stock market transaction, off-shore account, covert investment brokerage, email, Uber and Lyft ride, hotel entry and exit, credit card transaction, Paypal account, search engine manipulation, venture capital connection, Stanford University admissions bribe, expense account abuse, taxpayer funds abuse, rape, sextortion, covert tech company stock they own under another name, every party they attended, every tag they appear in on social media, every Cayman Island account, every crooked CPA or law firm they have used, every lobbyist they ever paid....EVERYTHING.. and you will drop the data into a simple database and cross matrix everything even better than the spy agencies can do it..

...AND EXPOSE IT ALL. YOU WILL SUE THEM IN SMALL CLAIMS COURT. YOU WILL LAUNCH CLASS ACTION LAWSUITS. YOU WILL HOLD PRESS CONFERENCES IN FRONT OF THEIR HOMES. YOU WILL CONFRONT THEM WITH FACTS AT EVERY SINGLE TOWN HALL AND PUBLIC APPEARANCE. YOU WILL PUT UP A BOOTH AT EVERY STREET FAIR AND PUBLIC ASSEMBLY AREA AND HAND OUT LITERATURE. YOU WILL CREATE A MASSIVE PUBLIC MEDIA CIRCUS. YOU WILL MAKE DISCLOSURE WEBSITES. YOU WILL NOT LET THEM ESCAPE!

These are the **100%** legal steps, tactics, methodologies and procedures being used to end political corruption in America. Every citizen, in every nation, is encouraged to engage in these efforts:

- Draft versions of FBI "302 Reports", on each and every suspect in the associated list of targets, (in these related documents) are being authored and submitted to the FBI. We will teach you how to write and submit them too!
- These sites, and the associated evidence repositories, have been electronically made available to every FBI agent, Interpol Agent and law enforcement agency in the world.
- Criminal complaints and investigation demands are being authored and submitted to the DOJ, FTC, FEC, SEC, SSA, OSC, CIA, GAO, Congress and each Inspector General.
- We have forced over 100 agency heads to resign simply by providing them with copies of the Draft versions of FBI "302 Reports" on them that we intend to submit.
- We have produced an analysis chart template, with the help of Wikileaks, ICIJ, Sunshine Groups, Follow-the-Money and other database efforts. This chart depicts a graphic analysis of each suspects collusion's, bribes and compromised assets.
- We are teaching and providing forensics and criminal investigation training to the public so that the public is as resourced as any special agent. A vast number of "how to be a private investigator" books have been published on Amazon, E-Book sites and shared online.

- Confirming copies of all submitted reports are digitally carbon-copied to the press, the public and global "dead-man switch" torrent archives.

- We created a new series of public lawsuits, anti-trust lawsuits, RICO lawsuits and class-action lawsuits by the public and against the targets. These lawsuits have now placed permanent public transparency on record and changed the law to help the public and stop the crooks.

- We have exposed their Silicon Valley Bay Area, New York And Florida executive sex trafficking rings.

- Billions of members of the public are monitoring the suspects via public database information and public shared observation of their activities, locations, owner-ships and transactions via each member of the public's personal computers.

- We identified and listed every person, organization and company involved in the attacks and RICO law violations and provided that list to The U.S. Congress and every agency.

- We opened our own private investigator and crowd-sourced investigations into the following:
 - - Every stock market account they or their family owns
 - - Every judge that has taken campaign finance and stock market bribes from the crooks
 - - Every Uber or Lyft ride they ever took for any meeting or transport of sex workers
 - - Every flight manifest they appeared on
 - - Every bank account they have ever held

- - Every lawsuit, divorce record and police record they have ever appeared in
- - Every trust fund they or their family holds
- - Every shell corporation they, or their family holds
- - Every person named in the Epstein Pedo book: <https://www.scribd.com/document/416207833/Jeffrey-Epsteins-Little-Black-Book-Redacted> cross referenced across all of the other databases and then supplied to the FBI and Child Protection Agencies
- - Every item in the Swiss Leaks that cross connects to their holdings
- - Every item in the Panama Papers Leaks that cross connects to their holdings
- - Every item in the WikiLeaks that cross connects to their holdings
- - Every item in the Snowden Leaks that cross connects to their holdings
- - Every sex trafficking incident that connects to each of them alone, and in groups
- - Every financial transaction between any of the parties on the master list and the character assassination and hit job firms of: Google, Univision, Gawker Media, Unimoda, Jalopnik, Gizmodo, Black Cube, Fusion GPS, Media Matters, Think Progress, IN-Q-Tel, K2 Intelligence, WikiStrat, Podesta Group, YouTube, Alphabet, David Drummond, Larry Page, Facebook, Correct The Record, Stratfor, ShareBlue, Sid Blumenthal, David Brock, Eric Schmidt, Sunshine Sachs, Covington and Burling, BuzzFeed, Perkins Coie and Wilson Sonsini or their derivatives with common owners.
- - Every use of Mossack Fonseca and related crooked CPA's, Banks and Tech Law Firms they engaged in

- - Every item in the Quest Leaks that cross connects to their holdings
- - Every tactical deployment, by a campaign financier, of the tactics listed in this manual:
<https://www.cia.gov/library/readingroom/docs/CIA-RDP89-01258R000100010002-4.pdf>
- - Every sex service that their credit card payments every connect too
- - Every person leaving or entering locations where they sleep
- - Every real estate transaction that any name or company they, or their family, were involved in, tracks to

..... and hundreds of thousands of other information points about them that prove that they benefit from crimes that they engage in for others who engage in crimes using the America public policy system.

It all goes into shared 100% legal public collaborative databases that work like XKEYSCORE, or MS Access, or Oracle Databases.

The proof of collusion, organized criminal actions and raw covert corruption is indisputable. The actors are all the same people. The beneficiaries are all the same people. Study the writings and teachings of Luke Bencie and you will be at the top of the game.
