Nancy Pelosi Has Amassed ~\$200 Million Since First Becoming SOTH in 2007. Liberals, Do You Think This Is Ethical?

Answers From the Left

As the title says, how do folks who see their party as not nearly as corrupt as Republicans deal with this? Is it okay for a politician to enrich themselves so much while in office?

Nancy Pelosi's net worth was recently estimated at an all time high of \$271,000,000. Here's Pelosi in 1993 advocating for a single-payer system. They never let acts of class solidarity slide. We were already in for a ride after this election, the justice in NYC terrified them all.
