Look at her. How far have we fallen as a society where some withered old woman with face paint is a SENATOR.

Look at her. She's just some old lady. How can anyone take her seriously?

If only she was just a withered old woman.

Instead we have this literal kike scarecrow and a jew goblin on the SC. Hopefully they both choke to death on foreskins the next time a sacrifice is made to the volcano demon.

WOW! Suddenly, the overwhelming feeling of suicidal thoughts rushing through every vein like a locomotive... knowing who Now Controls the NSA and everything IN IT!

There is an inner dialogue going on there which looks very uncomfortable.

That is the look of someone who knows they're drawing dead, and there's nothing they can do about it. She's having trouble holding her head up because she's knows their odds of winning are hitting the floor, and the odds of blowback are rising fast.

What could be in the report to bring her to tears? They look like genuine tears.

Probably just realising she's been defeated. Kavanaugh will be confirmed and she can't stop it.

I don't even care, because every single possibility I can imagine is a good one for the US citizens purely by way of

being something to upset a Globalist/NWO puppet this badly.

Whatever she's thinking actually, she's not happy. She was wrong or betrayed or upset the report doesn't cover what she wanted.

The ultimate consequence of acting like a raging bitch is this ending, if fury is all you have. You end up in a heap because you are acting on desperation with nothing functional behind it.

In the real world you need your shit together if you want to move something, no matter how emotional you are.

I would add this addendum to my prior post: IF SHE WAS SHEDDING SOME TEARS, in light of what I said about many of these people being KEY PLAYERS in 'EPSTEIN ISLAND' participants, adrenochrome drinkers, etc. - is it not amazing that LOSS OF POWER IS THE ONLY THING THEY CRY

ABOUT? They NEVER CARE when their child victims are screaming quite literally to death. But for THIS they will 'cry'. Sick.

I wonder if she will choose the doorknob option or the one way trip to Gitmo option. Welcome to the Price is Right!

It is curious studying her face. The INITIAL 'reactive' tendency is to 'feel sorry' for her. However, we MUST NEVER FORGET that these very people have engaged in every atrocity against children, for sexual gratification, for SICK 'pleasure', and for unjust enrichment. While we can presently only speculate WHICH OF THEM shall be SPECIFICALLY NAMED among such devils, I think I'll hold any sympathy pending such pronouncement!

They lost the battle. Time will tell on the war. They've now invigorated the least intelligent rabble to take to the streets if Kavanaugh is confirmed.

Works for me, the sooner the seditious motherfuckers declare actual war, the faster the rest of us who are armed and ready to deliver swift summary judgement to traitors will be allowed to defend ourselves in earnest.

I want another but with "Another one bites the dust" filming her watching 10,000 kikes in a stadium setting a world record for largest number at one time and place getting gassed.

I can't wait for this TREASONOUS, Kuntty-Kike to reap what she has intentionally sown politically, and personally.
