**President Trump has unleashed fire and fury on his Twitter account since Mueller indicted 13 Russians for using a troll farm to meddle in the 2016 election.**

According to Mueller's indictment, the Russians began their operation in 2014, well before Donald Trump became president.

This is another failure by the Obama administration, yet Trump is taking all the arrows.

President Trump has been the victim of a Russian collusion witch hunt hatched by Hillary Clinton with her phony dossier and propped up by the fake news media sycophants.

Earlier this week Trump slammed Obama in a **ferocious tweetstorm** for allowing the Russians to set up shop and interfere in the election on his watch.

POTUS Trump showed no signs of lifting his foot off the peddle because he went scorched earth on Obama and the Russian hysteria again Wednesday. This time he blasted AG Jeff Sessions for doing NOTHING about the Dems crimes!

Donald Trump tweeted, "Question: If all of the Russian meddling took place during the Obama Administration, right up to January 20th, why aren't they the subject of the investigation? Why didn't

Obama do something about the meddling? Why aren't Dem crimes under investigation? Ask Jeff Sessions!"

Where the hell is Jeff Sessions? He recused himself like a coward after he caved to fake news pressure which is why Rod Rosenstein was able to appoint Mueller as Special Counsel.

There is ample evidence that the FBI, DOJ and other intelligence officials were working with Crooked Hillary and her phony dossier to obtain a FISA warrant to spy on Trump's camp.

These are real crimes. How much more can the American people take? Rod Rosenstein misled the FISA court then reportedly threatened members of the House Intel Committee if they didn't stop the investigation into the dossier and FISA abuse and he's the one in charge of Mueller's witch hunt.

FISAGate is much worse than Watergate yet Sessions sits back while Trump's people are skewered by a team of liberal lawyers who coincidentally donated to Hillary and Obama.

The Uranium One scandal also needs to be thoroughly investigated. This is why Mueller and Rosenstein are on the

attack. They are implicated in these scandals; they are delaying  
and
