Read this Article from Charlie Spiering about a massive number of the lies Fisker told:

<http://m.washingtonexaminer.com/47-depressing-facts-about-fiskers-epic-electric-car-failure/article/2528044>

Then look at all of Fisker's recent PR, that they spent millions of dollars dishing out, saying that they had no customer problems, no technical problems, no money problems, etc... It turns out many of their customers, suppliers, staff, etc. are suing them for lies.

Same deal with Tesla: Staff suing them, lying about financial status, missed DOE milestones from their proposals yet still got cash, big backers had DOE staff working for them, only sold a few thousand cars, technical problems on each car, spending millions of dollars on fake PR and shill writers to fake up the status... looks like judgment time is coming...
