

SILICON VALLEY'S ENDLESS RAPES, ABUSES AND PERVERSIONS - PART NINE

By The Stanford Research Interpretive Center

A series exploring the social and cultural echo-chamber of entitlement and take-what-you-want frat-house extremism that typifies Silicon Valley venture capitalists and their tech CEO's.

Every few years a burst of revelation articles appear and reveal the latest batch of sexual abuses and misogyny horrors levied upon Stanford interns and Palo Alto young ladies by Silicon Valley "Elites". After a week of discussion, those very same venture capitalists grind out orders to Facebook, Google and their main stream media to shut all of the media coverage down. The news stories disappear and the tech oligarchs can get back to raping and pillaging.

The VC's go into recovery mode. They put pictures of their female interns and secretaries on their "Team" page on their websites in a grid of photos to make it look like "we hire girls too" and they make the pictures the same size as the old Jewish bosses who run each VC firm. They pay off the pregnant ones and send the shell-shocked ones to another city. They issue the boiler-plate "we will try harder" BS media statement (which actually means "we will try harder not to get caught"). They pull a few Twitter accounts and they continue to rape, abuse and pervert.

They can afford nearly undetectable date rape drugs, skin applied topical narcotic night club stimulants, 60 proof alcohol, pheromone and oxytocin mood manipulation vapor sprays and "I AM RICH AND I CAN TAKE CARE OF YOU" Aston Martins and

Ferrari's. For \$800.00 they can get any girl or guy in a sexual position that they never would have gotten into if they were in a non- compromised mental state.

They could hire a hooker but the ultimate goal of Silicon Valley Oligarchs is to control and manipulate vulnerable people. They are not into it for sexual pleasure. They do these twisted things in order to raise themselves up in their own eyes. The hookers that Google executives hire say that the executives hire them so that they can be "dismissed" after they are used for sex. Every intern says that they felt "used". The vulnerable female entrepreneurs that they extort sex from (with promises of funding) say that they feel "raped". Nobody feels good after an encounter with these men.

The men's names are famous and notorious. Their firms are Greylock, Accel, Kleiner Perkins, Intel Ventures, Google Ventures, Firelake, Khosla, Westley and other names that you see in the news every day. Here are some of these stories:

It's a story that is almost impossible to believe, but prosecutors say the founder of a Northern California startup tech company was arrested and charged with assaulting and sexually abusing a toddler.

Zain Jaffer, 29, was the CEO of Vungle, a mobile video ad company he founded in 2011. But Jaffer was removed of his CEO duties after his arrest earlier this week.

The 29-year-old was initially booked with felony charges for attempted murder, a lewd act on a child, oral copulation of a person under 14, child abuse, assault with a deadly weapon and a misdemeanor charge for battery upon an officer and emergency personnel. The attempted murder charge has since been dropped due to a lack of evidence.

Vungle, which has big-name investors including Google, issued the following statement about Jaffer:

"While we do not have any information that is not in the public record at this point, these are extremely serious allegations, and we are shocked beyond words. While these are only preliminary charges, they are obviously so serious that it led to the immediate removal of Mr. Jaffer from any operational responsibility at the company. The company stressed that this matter has nothing to do with Mr. Jaffer's former role at the company."

According to reports, police were called to Jaffer's home early Sunday morning. When they arrived, they were greeted by Jaffer's father who told them to go to the backyard. That's where police allegedly found Jaffer naked attempting to commit the sexual assault of a 3-year-old child.

When police approached Jaffer, it's reported that he wrapped the toddler in his legs and began choking the child. It took multiple officers to pull the victim away from Jaffer.

A 1-year-old was also found at the location. The child had bruises throughout its body.

Jaffer was arrested on Sunday and arraigned on Tuesday, and his next court date is November 1. He is currently being held on bail at the Maple

Street Correctional Center in Redwood City, California. Jaffer's attorney told NBC News that his client is not guilty.

It is believed that Jaffer may have been using drugs at the time of the assault, according to NBC News.
