

THE SILICON VALLEY COLLUSION CARTEL

Corrupt political families conspire to give government funds, contracts, tax waivers, buildings, stock market profits and other insider perks to themselves and their friends. They also conspire to blockade, harm, sabotage and black-list those who compete with them and their friends. These corrupt politicians are never prosecuted for their crimes, and can laugh in the face of those who point out their crimes, because they control the prosecution system. Their Quid Pro Quo criminal corruption is the single largest cause of the taxpayer hatred of Congress.

Trillions of dollars of stock trades and direct payola bribes were exchanged using the White House as a broker and agencies like the United States Department of Energy and the U.S. Patent Office, as a stock market manipulation platform. Politicians turned the government into a cheap garage sale of cronyism! -

--- This case affects who runs the United States Government and who profits from government decisions, a matter of many trillions of dollars.

---- THE EVIDENCE ITEMS ARE AT THE BOTTOM OF THIS PAGE.

---- The following folders provide evidence of the corruption in categories. The illicit acts described therein all involve the same perpetrators. The evidence items specific to this folder category are at the bottom of this page: A.) AFGHANISTAN RARE EARTH CORRUPTION; B.) CASE DIAGRAMS; C.) DEPT OF ENERGY CRONY SLUSH FUNDS; D.) FACEBOOK META CORRUPTION; E.) GOOGLE ALPHABET CORRUPTION; F.) MASS MEDIA MANIPULATION; G.) NETFLIX NEGLIGENCE; H.) PATENT THEFT; I.) REPAIRING SILICON VALLEY; J.) SICKO TECH FRATBOYS; K.) SONY PICTURES CORRUPTION; L.) STANFORD UNIVERSITY INVESTIGATIONS; M.) THE CORRUPT SENATORS; N.) THE ELON MUSK REPORTS; O.) THE HOUSING CRISIS; P.) THE LITHIUM BATTERY LIE; Q.) THE MEDIA ASSASSINS; R.) THE POLITICAL BRIBES; S.) THE SAN FRANCISCO CORRUPTION; T.) USING SOCIAL MEDIA SITES TO SPY ON CITIZENS; V.) THE SILICON VALLEY DEATHWATCH

--- The United States Department Of Energy, Since November 2008, has been almost entirely used as a scam crony payola slush-fund to pay off political campaign financiers of White House insiders. In addition, the Dept of Energy is used as a gate-keeper to sabotage and stall the competitors to those political campaign financiers of White House insiders. It is political racketeering operating in plain sight! The cover-ups by the IG, AJ and DOJ are ENDLESS!

---- At a high level: Trillions of dollars of stock trades and direct payola bribes were exchanged using the White House as a broker and government agencies as a stock market manipulation platform. Politicians turned the government into a cheap garage sale of cronyism! This kind of crime illicitly and illegally manipulates the power over who runs the United States Government and who profits from government decisions which are a matter of many trillions of dollars. The act and veracity of this crime enterprise will be proven to the Jury. ---- Based on that assertion it will then be proven that:

----- 1.) Plaintiff exposed and reported the crime to proper authorities through proper channels.

---- 2.) Some of those authorities used government resources to operate reprisal attacks against Plaintiff, using government resources to operate the attacks, as revenge for reporting the crimes.

---- 3.) The state-sponsored attacks were supported by the political campaign financiers of the government authorities in order to protect their payola conduits and stock market manipulations.

---- 4.) Over 40 harms, each to be detailed and examined in Court, were documented against Plaintiff by the actions of corrupt government authorities.

---- 5.) In a vast number of previous lawsuits, including one won by Plaintiff and his peers, it was proven that government offices infected with corruption regularly attack and harm citizens in reprisal. -

--- 6.) The government, having been caught in these illicit actions, must now pay Plaintiff for his losses, damages, harms, back-pay fees and other compensation.

---- Plaintiff founded and owned a United States government-financed electric vehicle manufacturing company. His technology and metrics surpassed every: A.) price metric, B.) safety metric, C.) driving range metric, D.) national security metric, E.) debt Ratio metric, F.) non-bribery assertion metric, G.) 100% domestic worker hiring proof and EVERY other issue, which burdened Tesla and Fisker. Plaintiff worked as an employee and contractor for the USA. Tesla And Fisker were financed by the family and investors of Presidents Obama and Biden, as proven by Congressional investigators and email leaks. Government officials ordered attacks on Plaintiff, de-funding and reprisal because Plaintiff reported corruption at the White House, Department of Energy, and other government offices, and because Plaintiff's technology could obsolete the technologies that government officials were illicitly receiving bribes from via insider trading. The attacks and harms against Plaintiff used government resources paid for by taxpayers.

---- There are hundreds of millions of people in America. The same 120 of them are all involved in operating the same crimes and corruption including: the Sony Pictures corruption; the Afghanistan rare earth mine scandals operated through The Energy Department political slush fund that involves the lithium battery cover-ups (headed by Elon Musk); the Big Tech Brotopia rape, sex trafficking, bribery, exclusionism, racism and misogyny issues they were taught at Stanford University; The Facebook - Meta - Google - Alphabet - Netflix, et al, coordinated news manipulation and domestic spying that they engage in; the hiring of Fusion GPS - Black Cube - Gizmodo/Gawker assassins; the destruction of the housing market by their mass real estate manipulations; patent theft and industrial espionage; and the bribery of almost every politician all the way up to the Oval Office.

---- So, while the categories covered in this investigation may seem diverse. They are connected through an enterprise of criminality and illicit, coordinated operations. We list, by name, the 120 most complicit individuals organizing these crimes, in the evidence documents already submitted to the FBI, FINCEN, DOJ, FTC, SEC, FEC, Congress, InterPol and other authorities. Digital financial tracking of those persons and all of their family members should be assumed to have been under way for some time. Wire-taps and device taps of those persons and all of their family members should be assumed to have been under way for some time.

---- That's right! Your public officials use federal agencies as dark-money laundering operations for their friends.

---- If you are a taxpayer: You suffered damages! ---- If you are an American business: You suffered damages! -

--- If you are Democracy: You were broken! ---- If you were a tech mobster: You made out like a bandit!

---- This is how it worked. No public official wants these crimes to end because most of those officials profit from these crimes!

--- Forget about any allegiance you might have to one political party over another. This is not about parties, this is about racketeering crimes! The Solyndra taxpayer, technology, financial and political disasters that began during the corrupt reign of Steven Chu and Jennifer Granholm at the Department of Energy typified the overt, organized crime, corruption and crony malfeasance of the public funds.

---- This trend was created via the back-door deals between 1.) the U.S. Department of Energy and audacious kick-back schemes created by 2.) Silicon Valley campaign financiers and the 3.) White House. This is the story of the racketeering schemes and scams that set out to steal trillions of dollars of taxpayer cash, in plain sight, under the cover of a national "economic" or "health" emergency "stimulus" scam.

---- IF YOU SEE CORRUPTION, REPORT CORRUPTION: Post a public web page with all of the details and evidence of the political corruption. Then invite all of the press, public, Inspector General's, FBI, SEC, FTC and law enforcement to that web page. This will prevent cover-ups and stone-walling and protect you from getting ignored! Never assume that the agencies that are supposed to help you, will help you!

- The perpetrators operate a **massive and abusive sex cult**. The Sandhill Road Venture Capital offices, located between Highway 280 to Santa Cruz Avenue in Menlo Park, California, house the main perpetrators of this global cartel. Their executives at Google, Facebook, Netflix, LinkedIn, Twitter, and their related holdings, comprise the rest. Their sex cult actions have been widely covered in the news individually in the [Joe Lonsdale rape case](#), [The Kleiner Perkins Ellen Pao sex abuse lawsuit](#), [The Eric Schmidt sex penthouse stories](#), [The Jeffrey Epstein case](#), [The Google Forrest Hayes hooker murder case](#), [The Andy Rubin sex slave case](#), [The Sergy Brin 3-way sex romp scandal](#), [The British Hydrant investigation](#), [The Elon Musk Steve Jurvetson billionaire sex parties scandals](#), [The NXIVM sexual slave cases](#), [The Michael Goguen anal sex slave trial](#), **and thousands of other cases and federal divorce court filings**. This group of people have proven themselves, over and over, to be sociopath control freaks not fit for participation in public commerce, public policy or media control. The Four Seasons Hotel and Rosewood Hotels in Silicon Valley are estimated to engage in over \$30,000.00 of high-end escort sex trafficking per day, a portion of it managed by Eastern Bloc Mafia operators. At least 10 Ukrainian escorts fly in and out of SFO and SJO airports every week for these Cartel members.

- An inordinate number of the members are closeted homosexuals who seek to use their media monopolies and massive lobbyist ownership's to promote child sex and child sex change consideration. Hence the massive, sudden, promotion of those issues in all of their media since they took power in 2008. The press has widely reported on underage boy sex clubs and the payment to [parents for the blood of young boys by these oligarchs](#). A large number of tech VC's and senior executives are covert gay activists who hire women to act as their "beards". Their elitist Yale and Stanford fraternity house upbringings promoted "bromances", "rape culture" and a *don't-worry-daddy-will-fix-it* mentality.

- The AngelGate Conspiracy (<https://venturecapitalcorruption.weebly.com/the-angelgate-conspiracy.html>); The Job Collusion Case (https://en.wikipedia.org/wiki/High-Tech_Employee_Antitrust_Litigation) and hundreds of other cases, prove that the perpetrators regularly meet, conspire, collude and racketeer, in full view of law enforcement, without ever getting arrested by the FBI because they bribe public officials in order to avoid prosecution. The perpetrators operate in extreme violation of federal RICO laws yet no DOJ or SEC RICO case has been filed against them by federal officials.

- The perpetrators have used their exclusive monopolized cash flow of taxpayer financed grants, contracts and internet infrastructure to purchase the majority of the political lobby firms and technology law firms in

America. This gives them an illegal, illicit and unfair ability to control: 1.) which laws are made or stalled, 2.) who gets government funded or blocked, 3.) Who gets tax breaks, tax credits and tax waivers and who does not, 4.) Who gets state-sponsored reprisal targeting or benefits blockades, 5.) Who gets revolving door payola jobs at their companies, 6.) Who gets PAC money bribes, 7.) and many other effects that are legally defined as "racketeering".

- The perpetrators conspire, coordinate and manually manipulate their digital media mass broadcasts in order to collude in a manner that injects coordinated subliminal messages, that no regular voting citizen can detect, into their media in order to manipulate co-aligned political and ideological messages that will promote their ideological beliefs and promote public and policy actions which will provide profits to their stock market holdings which they co-own. Many of those stock market holders, (ie: in Tesla, Google, Abound, Solyndra, rare earth metals, Disney, etc) were coordinated between all of the perpetrators by their partners at JP Morgan, Bear Stearns, Goldman Sachs in such a manner as to collude to rig markets via insider trading ownership's that U.S. Senators, and their families, shared.

- The perpetrators have used their subliminal media control technologies to manipulate every national election since 2008.

- The perpetrators use a contrived Scientology-like hiring and HR management system which seeks out the most vulnerable, naive, easily influenced, and damaged people to fill their employee coffers with, in order to do their bidding. Their employees are nothing less than tools, sheep and fodder for their media manipulations, sexual abuses and ego-mania.

- These people are absolutely evil, sick and sociopath-like individuals who operate with impunity because they are never arrested. They thumb their noses at the law and anyone who does not agree with them. They create fake political issues to milk the emotions of the public in order to gain power.

The documents in these files were provided by the witnesses, investigators and crowd-sourced peer-to-peer public law enforcement investigators who uncovered materials that were relevant.

This case documents and reveals the evidence that a Cartel comprised of public officials, many of them elected and located at the highest levels of government, and their Silicon Valley financiers, engaged in crimes against the public (essentially creating a coup against the U.S. Government) in order to steal taxpayer money and resources.

In a key part of the crime, the Obama Administration used the U.S. Department of Energy, under Secretary of Energy Steven Chu, who was protected by USAG Eric Holder, to payoff campaign financiers via crony kickbacks and stock market "pumps". The same agency staff sabotaged those campaign financier's competitors by defrauding them of tens of millions of dollars by telling them to invest their funds in order to get loans and grants that DOE executives never intended to issue. Government staff also engaged in stonewalling, character assassination and other "dirty tricks" schemes against applicants and competitors. This portion of the corruption crime was implemented and planned from 2007 through 2016. This was a felony abuse of taxpayer monies. Russian billionaires, Goldman Sachs, and other investment banks, and U.S. Senators illicitly profited off of this scheme.

Law enforcement and Congressional evidence now prove the fact that only those who payed campaign finance bribes received the funding from State and Federal agencies and they received it in amounts equal to the size of the bribes they paid. Every single other applicant (hundreds of them) who did not pay campaign

bribes, and who did not give stock market warrants to Senators, was stone-walled, de-funded, sabotaged and lost tens of millions of dollars by being defrauded by Energy Department officials who covertly knew that the funding had been hard-wired for their friends, in advance.

The criminal participants sought to manipulate elections and public opinion in order to place their insiders in government offices. They did this in order to steer government treasury cash, contracts, intelligence resources, government benefits and stock market advantages to their private profiteering accounts, at the expense of the public. Historical records and evidence has proven that they, indeed, did engage in these criminal activities.

They abused the operation of the DOJ, FBI, DOE, CIA, SEC, FCC, FTC, DOT and other agencies, in order to operate their scheme.

Via their leaked communications, non-compromised officials, news coverage and public testimony, their crimes and illicit actions are hereby exposed in order to curtail their corruptions.

These Senators, lobbyists, Silicon Valley billionaire oligarchs and investment-bankers used “party ideology” to seek to whip up a zealot-like frenzy to try to get voters to overlook their sins. In the end, the public has finally begun to realize that the issue is not about party politics. It is simply about organized crime and the abuse of public office for out-right theft and stock market fraud by these politicians.

150 criminally corrupt politicians and their Silicon Valley financiers abused hundreds of millions of American voters and the public policy system in order to line their private bank accounts and fulfill their personal needs for power. They operated Congress like an organized crime syndicate. They did this in violation of the law and in violation of public ethics.

These assertions are proven, via hard facts and evidence, in the files contained in this repository. Additional confirming evidence from law enforcement, Congressional and insider sources is also available upon request. Why does any of this matter?

Because many of us were lied to by our elected officials who then took our life savings and decades of work and put our money in their own pockets. Because many of us were in the offices of Nancy Pelosi, Debbie Wasserman and Dianne Feinstein and personally saw them engage in crimes to pad their own bank accounts at the expense of their co-workers and the public. Because many of us knew Seth Rich, Gary D. Conley, Rajeev Motwani and the 45+ other people who had intimate knowledge of these crimes and then suddenly and mysteriously turned up dead. Because many of us saw these crimes committed, first-hand, and know these assertions to be fact. Because the rest of us are American voters and citizens who will never tolerate this kind of corruption and will never allow it to disappear from public memory or the history books! Because the arms of the law and public justice are ever lengthening and will eventually bring every criminal involved to justice!

FOLDER - THE SILICON SEX CULT = Silicon Valley oligarchs and certain major politicians have a “*Harvey Weinstein/Anthony Weiner*”-like affliction that causes them to have an uncontrollable devotion to deviant sex and the use of sex as a self-affirming abuse tool. They have been caught up in under-age sex scandals and clubs, or networks, devoted to sexual conquest, in a massively escalating series of horrific sex abuses. What is it about their social group that causes the interaction of Hollywood and Silicon Valley “elites” to adopt moral degradations and support politicians who are also drawn to such deviancies?

How Elon Musk, Larry Page and Mark Zuckerberg Use Scam Nonprofits to Hide Dark Money

ALL OF THESE CORRUPTION CRIMES ARE ABOUT CRONY KICK-BACK PROFIT PAYOLA

It is of the utmost importance that researchers, investigators and observers understand that these matters have nothing to do with issues of politics or ideologies.

Politics or ideologies were used, by the criminals involved, as mass marketing manipulation tools in a secondary manner in order to manipulate voter trending pressures and increase the crooks government cash windfalls.

The core goal of these corruption crimes was to conduit trillions of government treasury dollars and stock market valuation manipulation profits into the pockets of certain politicians and their crony financiers. In the ensuing exposure and cover-up, now underway, the criminal elements constantly seek to steer circumspection away from themselves by drawing on emotional political ideology triggers, ie: “..don’t believe that we politicians did any crimes, we are part of your political party. It must be the bad OTHER political party making up stories because they are jealous..”

In fact, for a free scoop into the pig trough full of trillions of taxpayer dollars these criminals have proven that they will lie, murder, extort and operate more like a crime syndicate than a pool of elected representatives. This is not about politics, this is about crime.

Politicians are increasingly using nonprofits capable of accepting unlimited dark money funds to advance their agendas and oligarchs use those non-profits to bribe those politicians.

- [Chisun Lee reports:](#)

Since Watergate, it’s been illegal for anyone to secretly donate millions to a federal candidate’s election campaign. Congress decided at the time that capping contributions was a price worth paying to deter corruption. For the same reason, campaign finance law requires candidates to publicly disclose donations above a certain amount. Sunlight, as the Supreme Court likes to say, is the best disinfectant.

But such rules — designed to prevent would-be officeholders from being “bought” by wealthy donors — don’t apply to a burgeoning new mode of self-promotion that politicians are embracing once they actually take office.

Like so-called “buddy PACs” – unlimited spending groups that support a single candidate *during* campaign season – the new must-have accessory for successful politicians is the officeholder-controlled nonprofit. These entities, launched *after* the campaigning is over, can raise unlimited amounts in secret donations to spend on promoting officeholders and their agendas. And they are gaining popularity among elected officials at every level of government.

The time has come to enact common-sense regulations to stop these nonprofits from corrupting our politics.

Among the most prominent examples: America First Policies, a 501(c)(4) social welfare nonprofit that President Trump’s top advisors founded a week after his inauguration. Earlier this year, CNBC reported the group has [conducted polling](#) worth as much as seven figures — work that typically fuels political ad campaigns. Among other promotions of Trump administration positions, the nonprofit produced a [TV ad](#) last fall that featured flattering footage of the president and called on viewers to “stand with President Trump to cut taxes, now.” The donors to America First Policies remain secret.

In a recent [report](#), we at the Brennan Center for Justice found that at least two presidents, seven governors, and several prominent mayors – from both major parties – have established nonprofits that allow them to raise unlimited, anonymous funds for political spending after election day.

Since 2010, these elected officials — including Republicans like embattled Missouri [Governor Eric Greitens](#) and progressives like campaign finance warrior [Bernie Sanders](#) — have altogether raised as much as \$150 million for nonprofits that they are able to control and use to promote their respective agendas.

Allowing elected officials to take unlimited cash from usually secret donors through these nonprofits opens the door to conflicted loyalties and corruption. Occasional [exposés](#) reveal some of these donors have specific

business interests before the elected officials whose nonprofits they support – and likely see their donation as a means to win government decisions that will benefit them.

In New York State, for example, gambling companies donated \$2 million to a nonprofit affiliated with Governor Andrew Cuomo just before he [declared his support](#) for increasing gambling in his 2012 State of the State address. And in Los Angeles, a pipe manufacturing executive made it clear that his million-dollar pledge to the mayor's nonprofit was meant to gain influence in a city that forbids campaign contributions by companies seeking government business. He [told the Los Angeles Times](#), “We want to influence the government leaders to make the right decisions so that we can be more competitive.”

Some of these nonprofits have taken steps at self-regulation. President Obama's Organizing for Action wrote the playbook on turning these types of nonprofits into publicity juggernauts. In the spirit of being “open and transparent,” OFA decided early on to [voluntarily disclose](#) its donors. But hoping that officeholder-controlled nonprofits will voluntarily disclose funders is hardly a plan to ensure ethical governance.

Americans deserve to have confidence that decisions about who builds bridges or treats drinking water are based on the most qualified, competitive bid – not who gives the most to an elected official's nonprofit. For this reason, we recommend a straightforward set of laws to bring transparency to these nonprofits and limit the influence of those with specific business interests before government, and we're urging legislators across the country to adopt it.

First, we should identify those nonprofits that pose a major risk of corruption – determining whether an elected official or close associates control the group and, if so, whether the group spends substantial amounts on promoting the official. Then, for the small set of entities this test would identify, we propose two key safeguards that are well-established components of anti-corruption law. One is public disclosure of who is giving money, and how much, to an officeholder-controlled nonprofit. The second is contribution limits for donors who have concrete business interests that the politician has the power to affect.

Some jurisdictions have already started following this model. In New York City, similar legislation kicked in this year following a federal investigation into Mayor Bill de Blasio's [nonprofit](#) and allegations of ethical transgressions. And in early 2017, the Missouri legislature considered a [measure](#) to require certain nonprofit groups to report donations, though the effort fell short.

To be sure, nonprofits associated with elected officials may do work that serves the public. They may use the officeholder's high profile to attract private funding for education, economic development, antipoverty work, and more. The beauty of a legal solution that focuses on control by the elected official and spending to promote that official is that these public benefits can go on, uninterrupted.

But with officeholders' increasing reliance on private donors even outside of campaign season, requiring transparency and limiting donations by those seeking government business are crucial starting points for protecting government integrity. To ignore this growing problem of money in our politics, where a [handful of ultrarich donors](#) already wield grossly outsized influence, would ignore an unacceptable threat to representative democracy.

A few politicians go after political ‘dark money’ with anti-corruption measure but it is just an act to protect Big Tech!

HR1 is designed to combat the secret political funding illustrated in the John Doe Files, leaked to the Guardian in 2016

[Ed Pilkington](#) in New York and [Sabrina Siddiqui](#) in Washington

The influence of “dark money” in American politics that allows billionaires to fund political campaigns through third-party groups without disclosing their involvement was put under the spotlight at a congressional hearing on Thursday, as [Democrats](#) use their newfound majority to crank up a sweeping new anti-corruption measure.

In the first hearing on the bill, known as HR1, the House administration committee examined how undisclosed donations from some of the country’s richest individuals is distorting they way politicians are elected.

“The mechanics of our democracy - access to voting, running for office, holding government accountable - have undergone radical changes in recent years,” Congresswoman Zoe Lofgren, the committee’s chairwoman, said while commencing the hearing.

She added: “These changes have tended to restrict the rights of eligible voters. It has made the voices of the wealthy and powerful so loud that they can drown out the voices of ordinary people.”

The committee heard from a range of election experts, as well as from civil rights activists, who illuminated the impact of such “dark money” on the lives of ordinary people.

A key example of the corrosive influence of secret political funding presented before the committee was the John Doe Files, the vast tranche of documents leaked to the Guardian in 2016 and posted in their entirety on the Guardian website. [The 1,500 pages of material](#) exposed how big corporations and some of the wealthiest rightwing donors in the US used their fortunes to prop up prominent politicians, in some cases going on to extract political favors in return.

Peter Earle, one of the panelists, was poised to appear before the committee later in the hearing to detail the revelations of [the John Doe Files](#). A civil rights trial lawyer in Milwaukee, Earle has been suing the historic manufacturers of lead paint in a long-standing case designed to secure compensation for poisoned children as well as to generate funds needed to remove still existing toxic paint from hundreds of thousands of homes across the US.

“It is indeed a sad day for our democracy when a rich and powerful corporate CEO can deprive innocent victims of lead poisoning their day in court just because he could afford to secretly donate huge amounts of money to greedy and ruthless politicians,” Earle will say, according to a copy of his written testimony.

“The only reason that this story is publicly known is because years after the secret six- figure donation and subsequent sweetheart legislation, a trove of previously secret documents was leaked to the Guardian newspaper by a valiant whistleblower.”

The Guardian’s documents revealed that the late owner of one of the largest historic makers of lead paint, NL Industries, had donated \$750,000 to a third-party group in Wisconsin that was heavily involved in helping the state’s then governor Scott Walker fight a recall election. As the money was passed through a group, the

identity of the donor, NL Industries' owner Harold Simmons, remained secret until the Guardian exposed it. That meant that nobody was able to join the dots when, soon after Walker won the election, the Republican-controlled legislature in Wisconsin changed state law. Under the rule change, it became much more difficult for victims of lead paint poisoning, most of them children, to sue NL Industries and other former lead paint manufacturers for the damage inflicted on them.

Concern about the pervasive influence of undisclosed political donations by corporations and the super-rich has become a red hot issue, particularly among the new intake of young Democratic Congress members swept in by November's mid-term elections. The "corruption game" played by Alexandria Ocasio-Cortez before the House Oversight committee in which she denounced campaign finance controls – or the lack of them – this week became the [most viewed video](#) of a politician's speech ever posted on Twitter.

In it she said: "We have a system that is fundamentally broken."

The Democratic party has chosen to mark its renewed dominance in the House of Representatives following the November elections by putting reform of America's stricken democracy at the top of its agenda. HR1, known as the [For The People Act](#), includes strong provisions designed to combat corruption by forcing all organizations involved in political activity, including so-called "social welfare" groups, to disclose large donors.

The bill is likely to be put to a House vote next month and is assured of passage through overwhelming Democratic support. It is almost certain to flounder, however, in the Republican-controlled Senate, given the [virulent opposition](#) from the party.

Mary Bottari, a researcher with the watchdog on money and politics, the Center for Media and Democracy, said Wisconsin should be seen as a cautionary tale for the nation. "Billionaires give huge amounts to aid politicians but because they gave it to a third-party group the public would never know."

Many senior figures in the current Republican party and Trump administration appear in the John Doe Files. Trump himself has a walk-on part: the leaked documents disclosed that he [made a donation of \\$15,000](#) following a personal visit from Scott Walker to Trump Tower in New York.

Another who [makes an appearance](#) in the documents is Nick Ayers, who has just stepped down as chief of staff to the vice president, Mike Pence. He has reportedly left the White House for a senior role in a super Pac that will be channeling money from big donors to Trump's 2020 re-election campaign.

Also prominent at Thursday's hearing was the issue of voting rights and efforts to restrict access to the polls that are predominantly aimed at people of color and students.

"The promise of this country is that every person has a voice and every person out to be counted," Chiraag Bains, the director of legal strategies at the public policy organization Demos, told the panel. "Our history has been one of struggle to make that promise a reality."

WHO IS THE PALO ALTO MAFIA? - #PaloAltoMafia

- A demand for FBI arrests of these parties

The *Palo Alto Mafia* is an ad hoc organized crime group that violates RICO racketeering laws by engaging in dark money political corruption.

These mobsters use covert dark money schemes to direct elected officials to take public tax money and put that money in their pockets and the pockets of their campaign financier associates while using government

resources to sabotage competitors. They pay the bribes to the political officials with stock market warrants, prostitutes, credit cards, real estate, mortgages, loans, revolving door jobs, contracts and other dark money.

Counter-measures against these criminals are aimed at making sure they are exposed, doxed, shamed and arrested! Private/public databases have been created to track and destroy all of their stock market holdings, Silicon Valley monopolies, off-shore spider holes, covert payola trusts, hidden shell corporations, sex trafficking clubs, emails, credit cards, stock accounts, covert real estate holdings, tax write-off profit fronts and other illicit assets.

They accrued money and power by creating mass hyper-scaled monopolies, mostly in new digital markets, by exploiting exclusive government financed exploitation provided by laws, grants and contracts that the politicians, that they owned, produced exclusively for them while locking out their competitors.

Although often exposed in such cases as the "*AngelGate Collusion Case*", "*The Silicon Valley No Poaching Class Action Lawsuit*" and hundreds of other cases, their ownership of the senior executives at FBI, SEC, FTC, FEC, OSC, DOJ and other enforcement agencies has, so far, prevented their formal interdiction.

While using billions of dollars of PR agencies to promote a "crunchy-granola", we-are-saving-the-world, "goodie-two-shoes" image for each of themselves, behind the scenes they conspire, collude, sex traffic, bribe, spy, black-list, payola, media bias control, censor, abuse and use Democracy as their play-thing for their sociopath addictions to power and money.

They bankrupted old-school print media and replaced it with digital media ***which they control*** to promote only their profiteering ideology. They control almost all search engines and media servers to rig them to censor public information and mass manipulate social perspectives using the automated tactics exposed in documentaries like: "*The Creepy Line*" and 60 Minutes segments about "*Information brokers*".

They pay their bribes to their politicians and operatives using dark money relayed by corrupt law firms, lobbyists, media services and character assassination services like IN-Q-Tel; Gawker Media; Jalopnik; Gizmodo Media; K2 Intelligence WikiStrat; Podesta Group; Fusion GPS; Google; YouTube; Alphabet; Facebook; Twitter; Think Progress; Media Matters; Definers; Black Cube; Roger Stone, Mossad; Correct The Record; Sand Line; Blackwater; Stratfor ; ShareBlue; Wikileaks; Cambridge Analytica; Sid Blumenthal; David Brock; Covington and Burling, Perkins Coie, Wilson Sonsini and hundreds of others...

There are over 150 sudden, unexpected, suspicious deaths associated with person's who were at odds with this organized crime group ranging from "suicides", strange accidents and clear murders.

The tremendous number of sex scandals this group has been involved in are related to their need to control others, a key character trait of the sociopath psychological profile demonstrated by the majority of them.

They instruct the HR staff of the companies they own to only hire naive young employees that will appear to follow their echo-chamber-optimized, highly controlled corporate ideology culture. Any who fall out of proper "group-think" are fired until they have culled a perfect clone army of indoctrinated followers to push their political and profiteering control goals.

A large number of them are homosexual, subscribe to the Jewish cultural social training and are deeply influenced by collegiate fraternity and sorority teachings about social roles and elitism.

They are known by a number of names including:

Emanuel Rouvelas, Darrell Conner, Bart Gordon and James Walsh, K&L Gates LLP (Taxes and appropriations are the bedrock of K&L's advocacy; think of these lobbyists as the money men.)

Rhod Shaw, Alpine Group (Shaw can handle any policy issue thrown at him — that's the versatility that comes after two decades in the lobbying game.)

Michaela Sims, Sims Strategies (Sims, a former aide to then-Sen. Ben Nelson (D-Neb.), went into business for herself this year; health-care clients like WellCare Health Plans and GlaxoSmithKline quickly followed.)

Mike Smith and Jim Richards, Cornerstone Government Affairs Inc. (Smith and Richards can turn a single line of the federal budget into a policy win — to clients, that speaks volumes.)

Charlie Spies and Kevin Kelly, Clark Hill PLC (Kelly, worked as an aide to former Sen. Barbara Mikulski (D-Md.), helps steer the firm's government and public affairs practice.)

Tracy Spicer, Avenue Solutions (Spicer, a former aide to the late Sen. Ted Kennedy (D-Mass.), has kept her all-Democratic firm humming along this year, with the debate over health care driving business.)

Russ Sullivan and Michael Drobac, McGuireWoods Consulting (As the longtime staff director for the Senate Finance Committee, Sullivan knows tax policy inside and out; Drobac is an expert on all things tech.)

Linda Tarplin, Tarplin, Downs & Young LLC (Tarplin, a longtime consultant and lobbyist, has an impressive roster of health-care clients to her name.)

Carl Thorsen and Alec French, Thorsen French Advocacy (This two-man bipartisan firm often works on issues that are off the beaten path for clients such as the American Association for Justice, the Directors Guild of America and Cultural Care Au Pair.)

Stu Van Scoyoc, Van Scoyoc Associates (Van Scoyoc has cultivated a partisan firm with roots in appropriations issues, helping out clients such as SeaWorld, Airports Council International, the city of San Diego and the Cleveland Clinic.)

Stewart Verdery, Monument Policy Group LLC (It's been nothing but growth since Verdery founded his shop more than 10 years ago; they've launched a public affairs arm and reopened a Seattle office this year.)

Jack Victory and Rick Shelby, Capitol Hill Consulting Group (Victory is a CEO with a knack for developing legislative strategy; Shelby wields power in the energy space and in state politics.)

Jonathan Yarowsky, WilmerHale (Yarowsky's client sheet spans multiple industry sectors, setting the tone as co-chairman of the firm's public policy and legislative affairs practice.)

Together they use the key political tactic of "heart-string" stock market pumping.

They deploy a coordinated PR program that hypes a certain fabricated "issue" which will end up increasing the valuation of stock market stocks they own.

"Immigration" creates more DNC voters which allow them to control more Senators who, in return, create more policies which increase the valuation of the Mafia's stock market holdings at JPMorgan and Goldman Sachs.

"Climate Change" causes more government cash for the solar panels, wind farms, lithium ion batteries and electric cars which the Palo Alto Mafia owns the exclusive rights to. The more they can push a "crisis" perception about climate change, the more cash they can put in their pockets. Goldman Sachs is the "advisor" for Tesla, Solyndra and most "green" Mafia companies.

The private profits of this scheme involve over SIX TRILLION DOLLARS of tax money. That is why they will lie, cheat, steal and even kill to keep their plot going.

The top ways to prevent these crimes are to 1.) outlaw lobbying and 2.) create a ten year moratorium of politicians working in politics. The Palo Alto Mafia spends over 16 BILLION DOLLARS per year in lobbying efforts to prevent this from happening.

The Palo Alto Mafia self-deludes and echo-chambers their peers into a frenzy of increasingly violent thought about all those who oppose their schemes and covertly supports ANTIFA as a surrogate entity so that they can sit in their Woodside mansions and "remote-control" disruptions and political resistance.

In fact, they are sociopath criminals deserving arrest by federal police and prosecution under RICO Racketeering laws.

AAA WHO OPERATED THESE CRIMES?

The following individuals did “*Abso-F*CKING-Lutely*” nothing to stop these crimes and, in fact, ran these crimes and their cover-ups.

We reported these crimes to most of these people in written police reports and these “public officials” then ran for cover and stone-walled all of those investigations in order to run insider trading scams to profiteer on the backs of the public using the stock market.

The voters, the media and the world will now work together to make certain that the legacy of these criminal abusers of the public trust places the in every history book as a “SCUMBAG AND CORRUPT MANIPULATOR OF THE PUBLIC INTEREST” next to their names, and their families names, for all of time.

HERE ARE THE SCUMBAGS that covered up, stalled investigations, profiteered and lied in these corruption schemes:

- Other Potential Defendants exist including State And Federal Agencies and their executives. The assets, bank accounts and high recovery values of the above targets are known and documented, though. The evidence and subpoena-capable reinforcement of that evidence is substantial in the above list.

These parties have been forensically tracked to illicit campaign financing, hacking, bribes, political payola, stock-market rigging, slush-funds, false-front shell corporations and family trusts, abuse of corporate funds, advertising metrics frauds, RICO statute violation organized crime, employee abuse, electronic communications intended to evade law enforcement and other charges. In Palantir, XKeyScore and law enforcement databases they are all cross-linked. Terminations and interdictions for each party and their illicit actions have been continuing successfully.

The termination of this network of parties will, effectively, terminate The Cartel in question. Each and every legal take-down has now passed the 50% vector and is proceeding to completion.

California and DC politicians are being paid bribes with Billions of dollars of Google, Twitter, Facebook, Tesla, Netflix and Sony Pictures stock and stock warrants which is never reported to the FEC; Billions of dollars of Google, Twitter, Facebook, Tesla, Netflix and Sony Pictures search engine rigging and shadow-banning which is never reported to the FEC; Free rent; Rare-Earth mining rights; Male and female prostitutes; Cars; Dinners; Party Financing; Sports Event Tickets; Political campaign printing and mailing services "Donations"; Secret PAC Financing; Jobs in Corporations in Silicon Valley For The Family Members of Those Who Take Bribes And Those Who Take Bribes; "Consulting" contracts from McKinsey as fronted pay-off gigs; Overpriced "Speaking Engagements" which are really just pay-offs conduited for donors; Gallery art; Private jet rides and the use of Government fuel depots (ie: Google handed out NASA jet fuel to staff); Recreational drugs; Real Estate; Fake mortgages; The use of Cayman, Boca Des Tores, Swiss and related money-laundering accounts; The use of HSBC, Wells Fargo, Goldman Sachs and Deutsche Bank money laundering accounts and covert stock accounts; Free spam and bulk mailing services owned by Silicon Valley corporations; Use of high tech law firms such as Perkins Coie, Wilson Sonsini, MoFo, Covington and Burling, etc. to conduit bribes to officials; and other means now documented by us, The FBI, the FTC, The SEC, The FEC and journalists. DEMAND COMPLETE LAWS TO MAKE ANY BENEFITS TO POLITICIANS TOTALLY ILLEGAL!-

The Khaki Pants Mobsters Of Palo Alto:

--- The "Silicon Valley Mafia" is comprised of The Sand Hill Road venture-capital frat boy company bosses in Palo Alto, their National Venture Capital Association (NVCA) facade (Greylock Capital; Kleiner Perkins Caufield and Byers, Draper, Khosla Ventures, etc.) and the tech companies (Google, Tesla, Facebook, Amazon, Twitter, Linkedin, etc.) that they control.

---- They are sometimes referred to as "The Deep State". They have purchased California, New York and Washington, DC politicians (mostly Senators) who they also control and who own stock in their operations. They hire dirty law firms like MoFo, Wilson Sonsini, Covington, Perkins, etc. and dirty lobbyists like McBee, Podesta, Blumenthal, etc. to do their dirty deeds. -

---They hire rogue ex-intelligence agents to operate Fusion GPS, Gawker/Gizmodo, Black Cube, ShareBlue, New America Foundation, In-Q-Tel, Podesta Group, Media Matters, etc. massive media attack programs against competitors, reporters and outsiders.

---- They collude with black-lists, valuation payola, election manipulation, search engine rigging, domestic spying for political manipulation, stock rigging, insider trading, Jeffrey Epstein-like executive prostitute sex-trafficking clubs, trophy wife trades, the bribery of politicians and worse. They are felons who bribe politicians to halt investigations and interdiction efforts.

---- They have quid-pro-quo stock market bribe deals with Senators Reid, Feinstein, Harris, Boxer, Spier, etc. In the CleanTech Crash: Every single Dept of Energy executive, and related Senator, owns stock market assets in Tesla, Fisker, Solyndra, Ener1, etc. so they blockaded and sabotaged every applicant who competed with their holdings in a RICO-violating, felony organized crime, using taxpayer funds, in order to profit at the expense of taxpayers.

---- They are widely covered in news media articles as: 'sex abusers, cult enthusiasts, elitists, rapists, woman beaters, probiosis practitioners, sexual work extortion operators, extremists, arrogant clones of each other, tone deaf, echo-chamber reinforcing, misogynist, racist, manipulative, insecure, covertly gay, corrupt, thieves' and other anti-social revelations. The divorce court and lawsuit federal court records on them prove that they are sex-abusing sociopaths.

---- They use their monopolistic control of the internet to massively and exclusively scale services that only they control and use to abuse the public's privacy, human rights, invention rights and information. They run their cartel like the old Italian Mafia once did.

---- Some of the top crooks and bribe-payers include: Google's Larry Page, his boyfriend Elon Musk; Google's Eric Schmidt, Andy Rubin, David Drummond, Kent Walker, Jared Cohen and Sergy Brin; Political manipulators David Plouffe, Steve Westly, Steve Spinner and Vinod Khosla; Sociopath billionaires Reid Hoffman, Richard Blum, Jeff Epstein, Tim Draper, Steve Jurvetson, etc.

---- They order their staff and associates to: bribe politicians; operate sex trafficking for them; manipulate stock market valuations; launder money; run off-shore tax evasion schemes; black-list employees and competitors; hide, down-rank, DNS dead-hole, shadow-ban, censor and server obfuscate enemies on the entire web; rig the U.S. Patent Office; help them cheat on their wives; and engage in massive volumes of insider, illicit, RICO and anti-trust violating crimes while bribing public officials to avoid prosecution. The companies and corrupt politicians of Silicon Valley must be erased in order to, first, repair Silicon Valley.

---- The Silicon Valley tech Cartel (AKA: "Paypal Mafia", "Deep State") is evil because these racist, ageist, sex-trafficking, money-laundering, elitist, politician bribing, tax evaders: steal any technology they desire; FACEBOOK AND GOOGLE MAKE \$100M IN PROFITS OFF OF EACH CLASSROOM SHOOTING!!!

---- They manufactured the CLEANTECH CRASH as shown in the 60 MINUTES episode of the

same name; they run a prostitution ring and sexually extort young women and interns in Silicon Valley; they are 'rape culture' take-what-they-want misogynists, ageists and racists as their history of abuses has proven; their Palo Alto Cartel operates AngelGate-type collusion and stock market insider trading schemes that harm independent business and the public; their Cartel ran the "no poaching" CEO ring which was class-action sued by DOJ and tech workers; 90% of their divorce court files reveal horrific abuses and sex trafficking; They have an army of lobbyists that pay cash, stock market and revolving door bribes to U.S. Senators; They can even evade FBI and SEC investigations; They hire women to act as 'trophy wives' and 'beards'; they have lobbyists rig the U.S. Patent Office in order to block inventor patent rights because they are using stolen technologies; they have been caught on video and recordings beating, kicking and harming women hundreds of times.

---- They have bought up all of the Tier-One tech law firms and order them to black-list, and never help, those who seek equal tech rights; they collude to abuse your privacy and make databases on the public for political control; they have to cheat to compete because they are only good with spread sheets instead of innovation; They run black-lists, character assassination attacks, collusion and other anti-trust violating acts in violation of RICO laws. Silicon Valley has become the largest assemblage of douche-bags and yuppie frat boy criminals in human history.

Theranos is not the exception, it is the standard. Tesla, Google, Theranos, Wework, Facebook are lies backed by famous political insiders to protect their insider trading and covered-up by fake news operators. They are also fronts to fund political campaigns via the ill-gotten profits from their endeavors. When the bad guys, and their lap-dog politicians, attack you because your products are better than theirs they are proving that they are frat boy scumbags, from Stanford and Yale, that operate in a little pack, like dogs! Their Sandhill Road operation should be raided by the FBI!

The best thing that could come from the COVID pandemic is that they all are forced into bankruptcy! When your Senator holds stock market shares in companies that exist to profit on the backs of consumers, via corruption, then it is impossible for that Senator to ever do anything but be corrupt! We have reported this in writing to winklerm@sec.gov, sanfrancisco@sec.gov and 30+ other federal officers but have yet to see our whistle-blower rewards...or any action! Do you wonder how big politician insider stock trading is?

---- Take a look at how many TRILLIONS of dollars pass through the stock markets annually and then look at the reported, AND UNREPORTED, securities holdings of famous U.S. Senators and government agency staff. That is what Seth Rich and the people in the "In Memory Of" section, below, were disclosing. These are massive crimes! The perpetrators operate a massive and abusive national sex cult.

---- The perverts in the SandHill Road Venture Capital offices, located between Highway 280 down to Santa Cruz Avenue on Sand Hill Road in Menlo Park, California, are the main perpetrators of this global cartel. Their executives at Google, Facebook, Netflix, LinkedIn, Twitter, and their related holdings, comprise the rest. The Harvey Weinstein and Ed Buck sex scandals are well known.

---- These men's sex cult actions have been widely covered in the news individually in the Joe Lonsdale rape case, The Kleiner Perkins Ellen Pao sex abuse lawsuit, The Eric Schmidt sex penthouse stories, The Jeffrey Epstein case, The Google Forrest Hayes hooker murder case, The

Andy Rubin sex slave case, The Sergy Brin 3-way sex romp scandal, The British Hydrant investigation, The Elon Musk Steve Jurvetson billionaire sex parties scandals, The NXIVM sexual slave cases, The Michael Goguen anal sex slave trial, The Tom Perkins Hooker Parties and thousands of other cases and federal divorce court filings.

---- This group of people have proven themselves, over and over, to be sociopath control freaks not fit for participation in public commerce, public policy or media control. The Four Seasons Hotel and Rosewood Hotels in Silicon Valley are estimated to engage in over \$30,000.00 of high-end escort sex trafficking per day, a portion of it managed by Eastern Bloc Mafia operators. The Elon Musk sex perversions are the tip of the iceberg. At least 10 Ukrainian escorts fly in and out of SFO and SJO airports every week for these Cartel members.

Google boss David Drummond engaged in horrible philandering sexual violations of his wife yet Google covers up every story about it on the web. Google's Eric Schmidt is under massive investigation. You hear about the female victims of this sex cult but you rarely hear about the young male victims. One of their vast numbers of prostitutes is quoted as saying that the girls and boys are paid "not just for sex but for the oligarch's endless need to feel that they can control anyone for any reason...". Multiple attorney general's controlled by their cartel, ie: Eric Schneiderman and Eliot Spitzer, are involved in these sex rings.

These are the main influencers of a national political party and they are all involved in horrific sex perversions and abuses!

---- All Silicon Valley tech cartel media companies work together to censor all news and information in order to hide coverage of their dirty deeds and to only put politicians in office that will give the Cartel political payola, kick-backs and insider stock pumps.

---- The Smedley Butler "Business Plot" from the past is not unlike the coup that Google and clan tried. See details in Emily Chang's book: BROTOPIA; Roan Farrow's book: CATCH and KILL; Edward Snowden's Book: PERMANENT RECORD; Peter Schwetzer's book: THROW THEM ALL OUT; Dave Eggers book: THE CIRCLE; Franklin Foer's book: WORLD WITHOUT MIND; Corey Pein's book: JOURNEY INTO THE SAVAGE HEART OF SILICON VALLEY; Dan Lyon's book: DISRUPTED; Antonio Martinez book: CHAOS MONKEYS. The Angelgate, Epstein, No-Poaching DOJ Class Action, and hundreds of other cases, prove that they meet, conspire, collude and blacklist in felony violation of anti-trust and RICO Racketeering laws.

– 90% of these guys came from the same date-rape fraternity houses involved in the recent college rape cases.

---- There are hundreds of millions of people in America. The same 120 of them are all involved in operating the same crimes and corruption including: the Sony Pictures corruption; the Afghanistan rare earth mine scandals operated through The Energy Department political slush fund that involves the lithium battery cover-ups (headed by Elon Musk); the Big Tech Brotopia rape, sex trafficking, bribery, exclusionism, racism and misogyny issues they were taught at Stanford University; The Facebook – Meta – Google – Alphabet – Netflix, et al, coordinated news manipulation and domestic spying that they engage in; the hiring of Fusion GPS – Black Cube – Gizmodo/Gawker assassins; the

destruction of the housing market by their mass real estate manipulations; patent theft and industrial espionage; and the bribery of almost every politician all the way up to the Oval Office.

---- So, while the categories covered in this investigation may seem diverse. They are connected through an enterprise of criminality and illicit, coordinated operations. We list, by name, the 120 most complicit individuals organizing these crimes, in the evidence documents already submitted to the FBI, FINCEN, DOJ, FTC, SEC, FEC, Congress, InterPol and other authorities. Digital financial tracking of those persons and all of their family members should be assumed to have been under way for some time. Wire-taps and device taps of those persons and all of their family members should be assumed to have been under way for some time.

---- Twitter, Splunk, Google, Facebook, Netflix, YouTube and the Silicon Valley internet Cartel serve you custom manipulated content by automatically creating a covert digital dossier on you reflecting the content consumption preferences they have spied on about you. They continually evolve their dossier on you in order to steer you towards their ideology and their Democrat political party. At these companies, “data mining”, “machine learning” and “AI” means computerized propaganda processing for certain political entities. They began hiring off-shore people (because they would work so cheap) but most of those people turned out to be Muslim. This created conflicts with the entire southern part of the United States (which is anti-Muslim) because those workers steered content to pro-Muslim positions.

---- Their spy dossier on you uses abstract content-specific features of the consumed content, such as categories, topic models, and entities, which they automatically extract using natural language processing by comparing every word you use to a giant computer library of what those words might mean about your psychology.

So it's like you are getting “mind-raped” without any penis use. Their assessment of what your words might mean is based on what rich, white male, \$200K/year, DNC-promoting programmers think they might mean. Their computers scale and expand their tools with algorithmic software created by those politically and socially biased frat white boys that wrote the code. It is all biased as hell. They never hire blacks or women in system creation roles so everything these companies do only supports rich white soyboy snowflake type gamer thinking.

---- Because their Silicon Valley VC's told them to spy on billions of people, even for these web giants, it is impractical to store the entire dynamic history of a user's interaction features. They, thus, out of greed, use algorithms that selectively decay information in order to generalize users and populations. To them, you are just a generalized data point, like cattle on a ranch, to be harvested and fed upon by Silicon Valley.

DIE SILICON VALLEY...DIE!!!!

After a decade of exuberance, Silicon Valley start-ups, venture capitalists and established tech companies alike are cutting investment and firing workers, prompting some in the tech world to openly predict a U.S. recession is on the way.

Facebook and Amazon have slowed their frantic hiring paces, while highflying newer companies including scooter company Bird and email client Superhuman have laid off workers. Tesla chief executive Elon Musk recently told employees he has a “super bad feeling” about the economy, and venture capital firm Lightspeed Venture Partners warned in a blog post that “the boom times of the last decade are unambiguously over.”

On Thursday, fashion tech company Stitch Fix said it was cutting about 15 percent of salaried positions, or a total of 330 roles, sending its stock price sinking. The people losing their jobs were told that morning, chief executive Elizabeth Spaulding wrote in a memo to employees.

“In light of our recent business momentum and an uncertain macroeconomic environment, we’ve taken a renewed look at our business and what is required to build our future,” Spaulding wrote.

The broader industry slump worsened on Friday, when the tech-heavy Nasdaq index fell 3.5 percent. It is now down 28 percent for the year.

The sudden shift is giving many in the sector whiplash. Uncertainty has settled over Silicon Valley as venture capitalists, tech founders and regular employees debate whether the pessimism is overblown or if tech really is the canary in the coal mine, already suggesting a broader downturn in the U.S. economy.

[Most Americans expect inflation to get worse, Post-Schar School poll finds](#)

Tech start-ups do serve as a “leading indicator” for the economy, said Till von Wachter, a professor of economics at UCLA. Higher interest rates can mean it’s more difficult to raise money to fund new ventures — which typically take a while to turn a profit.

“They are one of the sectors that are the most sensitive to interest rate changes,” von Wachter said. “They are very dependent on what we believe the future to be.”

Tech has benefited immensely from the roaring bull market of the past decade, with soaring valuations enriching not just owners and investors but hundreds of thousands of employees who were paid in stock on top of their regular salaries. The pension plans and 401(k)s of millions of Americans have benefited from companies like Apple, Amazon, Google and Microsoft breaking through the trillion-dollar mark and becoming as valuable as the annual output of entire economies such as Italy or Brazil.

Year after year of rising valuations has created a pervasive feeling that there is nowhere to go but up. An entire generation of tech workers and founders have never worked in an industry without long lists of open jobs, new projects getting approved easily and employers throwing a stream of perks such as free meals and unlimited vacation at them.

[Global leaders warn of economic dangers as crises multiply](#)

Money has poured into smaller tech companies, too, as investors, including traditional venture capitalists all the way up to government-run sovereign wealth funds, have looked for ways to get in on the tech boom that never seemed to end.

Tech has faced shaky moments in the recent past. At the beginning of the coronavirus pandemic, millions of Americans lost their jobs, and tech stocks, along with the rest of the market, fell quickly. But it bounced back almost immediately, and many grew even stronger during the pandemic as government spending boosted the economy and people spent more of their money on e-commerce and digital services.

To some prominent tech luminaries, this moment feels different.

“We do not believe that this is going to be another steep correction followed by an equally swift V-shaped recovery like we saw at the outset of the pandemic,” the leaders of blue-chip Silicon Valley venture capital firm Sequoia Capital wrote in a May presentation to its portfolio companies that was published by tech news organization the [Information](#). “We expect the market downturn to impact consumer behavior, labor markets, supply chains and more.”

That follows [early warning signs](#), including pandemic darlings feeling the squeeze: Exercise company Peloton’s shares slumped and celebrity video app Cameo laid off staff. Amazon also said it had overextended its warehouse space, and Uber CEO Dara Khosrowshahi warned of tougher times to come. Microsoft, Amazon, Apple, Tesla and Google have all lost at least 20 percent of their market value since the beginning of the year.

Even Twitter, which is in talks to be bought by Musk, has been pulled below the price he’s willing to pay by a market that’s pessimistic about whether the deal will go through, as well as the company’s business prospects.

A fresh wave of economic uncertainty has washed over the world as Russia’s war against Ukraine grinds on, China’s economy wobbles because of fresh pandemic restrictions and the U.S. Federal Reserve raises interest rates to try to tame inflation. That uncertainty hit Silicon Valley early, with share prices beginning a steep decline in January.

[Amid global chaos, the tech industry takes a rare tumble](#)

The lack of investor confidence has quickly moved down to start-ups, too.

For years, investors had been pouring money into start-ups in the hope they could go public and net a big return, but that path doesn’t seem as reliably profitable anymore. Venture capitalists whose money is tied up in not-yet-profitable tech companies are telling them to cut their spending and prepare to hold on longer without as much money.

Those companies, in turn, are starting to react to the market downturn with layoffs and hiring freezes.

And many companies are paying extra close attention to costs. Bird, the electric scooter and bike company, said this week it had to let go of about 23 percent of employees as it cut costs.

“While the need for and access to micro-electric vehicle transportation has never been greater, macro economic trends impacting everyone have resulted in an acceleration of our path to profitability,” Chief Communications Officer Rebecca Hahn said in a statement.

Global venture capital funding fell to \$39 billion in May, its lowest level since November 2020, according to Crunchbase, which noted that later-stage rounds were more heavily hit than early-stage start-up funding.

“We’re just seeing a lot more caution from investors because of what’s happened in the public markets,” said Gené Teare, senior data editor for Crunchbase News.

[Elon Musk threatens to back out of Twitter deal over withholding data](#)

Seattle-based investor Greg Gottesman said he and other investors are advising companies to be careful, but he noted that many tech start-ups still succeed during economic downturns.

“There is more of a focus on growing smartly,” said Gottesman, managing director of Pioneer Square

Labs. “Putting the right amount of people in the right spots and trying to grow smartly as opposed to just aggressively.”

The broader economic concerns are real, but cutting investment and spending across the board may create new issues, said Antoine Nivard, co-founder and general partner at Blank Ventures. Many start-ups sell software to other tech companies, making them especially vulnerable when the industry in general slows its pace of spending.

“There’s also a self-fulfilling prophecy there. The first demand that evaporates is start-ups selling to each other,” Nivard said. “I wish there was a bit less panic and bit more thinking about the nuance.”

Whether the slowdown means a broader recession is coming to other industries is still an open question. Not everyone sees tech as a bellwether for the whole economy. Instead, the tech industry may have further to fall than other sectors simply because it received more funding, pumping up valuations to levels that the companies didn’t deserve.

“People are going back and realizing, ‘Maybe we shouldn’t have been pricing at amounts we were doing,’” said Jake Hare, founder of start-up incubator Launchpeer.

Amid global chaos, the tech industry takes a rare tumble

A pullback in investment in start-ups is an example of the kind of thing the Federal Reserve is trying to trigger as it works to cool off the economy and lower inflation, said James Wilcox, an economics professor at the University of California at Berkeley. That doesn’t mean a recession.

“That party is over,” Wilcox said. “It’s not necessarily that there’s going to be a terrible hangover from it.”

The doom and gloom from senior venture capitalists may also be part of an effort to educate the younger generation and encourage them to curtail spending in case of a downturn.

“If you’re funding some 28-year-olds, they don’t know a roller coaster, all they know is a rocket ship,” Wilcox said. “They haven’t seen what a financial winter looks like. They haven’t even seen a cold spring.”

THE SILICON VALLEY CARTEL MEMBERS

The Worst Ones - Rev 2.2

You would be shocked to learn how many people are killed, every day, for less than \$50.00. ISIS and the Taliban will saw your head off for just an ideology. If people would commit murder over that small an amount of money, imagine what they would do to control the trillions of dollars of money that is always moving through the stock market. These are the people that will stop at nothing for power, mansions, hookers, private jets and greed!

Any issues re: culpability can be easily resolved in meetings with the FBI, FINCEN, The SEC, The IRS, The FTC, ICIJ.ORG and open Congressional hearings! Never was the term: "Follow The Money" more appropriate than for these people! Why are these people not yet arrested for election manipulation, RICO and Anti-trust violations, money laundering, bribery and other illicit deeds? Who is protecting them? Who is telling the police not to act? This list also serves as a demand for investigation and prosecution of these individuals who conspired to engage in these illicit acts. This is not the complete list.
