It seems that disgraced Guardians of the Galaxy writer and director James Gunn doesn't just like to "joke" about pedophilia — he also attends pedophilia themed parties.

Featured on his website were photos of himself attending a “To Catch a Predator” themed party — based on the show which busted pedophiles who targeted children online.

The images feature the former Disney director dressed up as a priest surrounded by women dressed like young children.

*Pedo themed costume party. Pedo jokes. Pedo themed humor. Maybe I'm just fucking paranoid but that looks like a pattern of behavior.*

Gunn was fired by Disney after many disturbing “jokes” about pedophilia were uncovered on his Twitter account. The company is now reportedly in negotiations with him, and may give him his job back, after actors from the GOTG franchise spoke out in his defense.

“The offensive attitudes and statements discovered on James’ Twitter feed are indefensible and inconsistent with our studio’s values, and we have severed our business relationship with him,” Alan Horn, chairman of Walt Disney Studios, said in a statement at the time the tweets were uncovered.

According to **reports** that came out hours before these new photos surfaced, Marvel is also lobbying Disney to take Gunn back.

Tweets included “jokes” such as “Eagle Snatches Kid’ is what I call it when I get lucky” and other obscene comments about children.
