In another postcard from one of America's most liberal cities, San Francisco, residents are now posting poop pics from the homeless in order to protest the crapfest that city has become.

This is really crazy:

Request for help [@sfgov](#) [@SFPD](#) [@LondonBreed](#). My coworker took this video this morning outside our 38 Mason St office. I'm a small business owner, and it's dangerous & unsafe for my employees to be walking in a war zone. Days with police presence are much better. We need more. pic.twitter.com/zwWdO2d4Ub

Just mind your business!!! Well this guy is fed up:

Please let's empower the police to enforce the law and have a more consistent presence [#SanFrancisco](#) [@LondonBreed](#) [@SFPD](#) [@sfgov](#) pic.twitter.com/sj9m7nkeis

I like how he admits that people just look the other way while whining about Trump – can you imagine paying the highest rent in the nation to live next to that? Unbelievable.

But it gets worse:

I just went to get coffee at [@Sightglass](#) On one city block and saw more human poo than I ever wanted to see. [@LondonBreed](#) [@MattHaneySF](#) [#FilthySF](#) [#SANFRANCISCO](#)

This one is really gross, so I won't subject you to it - [unless you click here!!!](#)
